MARCEL PROUST
OXFORD COLLEGE PROFILE

Oxford College Mission
Oxford College is dedicated to the goal of excellence in undergraduate liberal arts education. The college endorses the human and academic values inherent in the liberal arts tradition and, as an institution affiliated with the United Methodist Church, the moral and ethical values of the Judeo-Christian tradition. Oxford’s administrators, faculty, and staff—who are responsible for the character of campus life—are dedicated to maintaining Oxford’s longstanding status as a learning community characterized by intellectual vitality and freedom, individual responsibility, personal care, and mutual trust.

Oxford College concentrates its efforts on providing students with opportunities to acquire the skills and knowledge necessary for academic success in courses they may select as upper-division students, and to develop the values that characterize a well-educated person. To achieve these ends, both the curriculum and the cocurricular activities of Oxford College are designed to teach students to read perceptively, think independently, communicate clearly, and embrace responsible citizenship. Thus, Oxford College seeks to create an environment in which motivated students progress toward the kind of intellectual, social, and personal maturity that will help them lead full and useful lives.

Oxford College Profile
Emory is unique among major research universities in offering two academically equivalent options for entering students. Oxford College, enrolling approximately six hundred students, is located thirty-eight miles east of Atlanta at the site of Emory’s original campus, founded in 1836. Oxford College offers an opportunity for students to do their first years of study in a small liberal-arts environment and then complete the final two years of their bachelor’s degree at Emory College of Emory University in Atlanta. Oxford offers the advantage of a large modern university along with small classes averaging seventeen students, a strong academic advising program, a faculty dedicated to teaching students during the critical first two years of college, and an environment that provides extensive opportunities for student participation and leadership.

Oxford College is a community of learning characterized by intellectual vitality and freedom, individual responsibility, personal care, and mutual trust.

People who study, teach, and work at Oxford now—and those who have done so in the past—constitute a community of learning. At the heart of Oxford College is the relationship between student and teacher—that is, the enterprise of academic inquiry and caring pedagogy. Oxford is sustained by its ability to nurture lifelong relationships with friends, mentors, and colleagues.

Espousing teaching as a scholarly enterprise and encouraging students to participate actively in the learning process inculcate intellectual vitality and freedom. Committed to providing a strong foundation in the first two years of a student’s pursuit of an Emory undergraduate degree, Oxford mixes academic rigor with appropriate student support. Within the context of this teaching and learning environment, the free exchange of ideas and responsible academic pursuits will be encouraged and protected.

All members of the community are expected to exhibit and promote individual
responsibility. Students are held responsible for their own academic work and for their behavior inside and outside the classroom. Faculty, staff, and administrators assume responsibility for the quality of Oxford graduates. Alumni stay in touch with their alma mater, lend their time and expertise to advance Oxford’s educational program, help recruit students, and support the college financially.

Oxford affirms its commitment to personal care through dedication to the education and development of the whole student. Further, Oxford commits itself to communicate with former students, helping them maintain a vital connection as part of Oxford’s living community.

Finally, Oxford believes that each member of the Oxford community will take his or her responsibilities and relationships seriously and will treat them with care. Members of the community contribute ideas and time to the common good, collaborate in decision making, and advance the purposes of the college in a spirit of mutual trust.

Program of Study
Oxford students who complete the degree requirements (see p. 8), plus elective courses for a total of sixty-seven semester hours (sixty-four non-PE hours plus three PE hours), and do so with a C or better average, automatically are eligible to enter Emory College as juniors. They also receive the associate of arts degree and are eligible to participate in a special commencement ceremony before continuing on to the Atlanta campus.

Oxford College of Emory University is accredited by the commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097: Telephone number 404.670.4501) to award the associate of arts degree. In addition, Oxford College is accredited by the University Senate of the United Methodist Church.

Emory University
From its founding in 1836, Emory has grown into a national teaching, research, and service center with an enrollment of 11,433. A coeducational, private university affiliated with the United Methodist Church, Emory awards more than two thousand degrees annually. In addition to Oxford College, the University comprises Emory College; the Graduate School of Arts and Sciences; a broad program in the allied health professions; and the schools of Business, Law, Medicine, Theology, Nursing, and Public Health.

Among the centers for specialized research and study at Emory are the Graduate Institute of the Liberal Arts; the Division of Biological and Biomedical Sciences; the Carter Center; the Rollins Center for Church Ministries; the Emory Center for International Studies; the Center for Research in Faith and Moral Development; the Center for Ethics in Public Policy and the Professions; and the Michael C. Carlos Museum. Campus-based independent affiliates include the African Studies Association; Scholars Press; the National Faculty for the Humanities, Arts, and Sciences; and the Georgia Endowment for the Humanities.
Emory University maintains exchange agreements with the following universities abroad: Augsburg, Berlin, Göttingen, and Regensburg (Germany); Peking, Xiamen, and Xi’an Medical (People’s Republic of China); Institute of State and Law of the Academy of Sciences and the Pushkin Institute (Russia); Tbilisi State (Georgia); St. Andrews (Scotland); Johannes Kepler (Austria); Kobe (Japan); Leiden (Holland); Montpellier (France); and Trieste (Italy).

Emory’s Robert W. Woodruff Medical Center includes the schools of Medicine, Public Health, and Nursing; The Emory Clinic; Emory University Hospital; Crawford Long Hospital of Emory University; the Jesse Parker Williams Pavilion; and the Yerkes National Primate Research Center. Independent affiliates located in the vicinity of the medical center include the Georgia Mental Health Institute; the American Cancer Society; Wesley Homes; the U.S. Centers for Disease Control and Prevention; and the following hospitals: Grady Memorial, Egleston Hospital for Children, and the Atlanta Veterans Affairs Medical Center.
"What we do in college is to get over our little-mindedness. To get an education you have to hang around till you catch on."

ROBERT FROST
Accessibility
All programs shall be accessible to students with disabilities, as specified by the Americans with Disabilities Act.

Courses of Study
Oxford College students may earn up to seventy-eight of the 132 hours required for the baccalaureate degree. Oxford students who complete a minimum of sixty-seven hours (sixty-four non-physical education courses) and meet our distribution requirements (cited on p. 5), with a minimum grade-point average of 2.0, receive the associate of arts degree, and thereby qualify to continue as juniors in Emory College.

Summer School
The Oxford Summer School Program is conducted jointly with Emory College on the Atlanta campus. For further information about summer school, contact your academic adviser or the Records and Registration Office.

Academic Load and Credit
The standard unit of credit in the semester system is the semester hour. Most courses earn four semester hours credit meeting for 150 minutes a week. However physical education classes earn one semester hour of credit and also meet for 150 minutes per week. Laboratories for science courses meet an additional three hours per week, usually from 2:00 to 5:00 p.m.

Average Load
An average course load is seventeen hours per semester (four four-hour courses plus physical education).

Maximum Load
The maximum academic load is twenty-two hours plus physical education. (Special permission is required for more than nineteen hours. See Overload Procedures for details.)

Minimum Load
The minimum load for a full-time student is twelve hours per semester.

Overload Procedures
Students must receive special permission from the director of academic services to take more than nineteen semester hours. (See criteria on following page.)
Criteria for Overloading (enrolling in more than nineteen hours per semester):
Student has completed one semester or more at Oxford and has a 3.0 or higher cumulative grade point average; or is in the last term before graduating and has a minimum cumulative grade point average of 2.0.

Students not meeting the above criteria must receive special permission to overload from the director of academic services by completing the request for overload form with their academic adviser and submitting it to the director of academic services.

Final Exams
Students must have the permission of the dean of academic affairs to take an exam earlier or later than scheduled. Permission is normally granted for medical reasons or for participating in educational programs. Leaving early for rides or flights, vacations, relatives' or friends' weddings, graduation, jobs, or having more than one exam on one day, are not considered valid reasons to request an earlier or later exam without a documented family or medical emergency. Requests must be in writing and turned in to the Records and Registration Office at least fourteen days prior to the scheduled examination date.

Degree Requirements
To receive the AA degree (and thereby qualify to continue to Emory College), students must complete sixty-seven semester hours (sixty-four non-physical education hours and three physical education hours) with a minimum 2.0 GPA and subject to the requirements stated below.

Distribution Requirements
Students must distribute their work as follows:

A. at least three courses from a list of courses accepted by the Division of Humanities (courses must be from two different departments, and foreign language at the 101 level cannot be used to fulfill this requirement unless a 102 or higher level course in the same language is completed);

B. at least three courses from a list of courses accepted by the Division of Social Sciences and History (from two different departments);

C. at least three courses from a list of courses accepted by the Division of Natural Science and Mathematics distributed in accordance with area II (of the General Education Requirements on the following page).

D. at least three courses from the Division of Physical Education and Dance distributed in accordance with area VI (of the General Education Requirements on the following page).
Note: Certain four-hour courses may be specified by the faculty as credit courses that do not meet distribution requirements. These courses are designated as such in their catalog descriptions and currently include: Business 210 and 211; Computer Science 224; English 101 and 181; Mathematics 101 and 119 (summer school); variable credit courses; and interdisciplinary courses.

**General Education Requirements**

I. Writing

A. Freshman Writing Requirement: Students must satisfactorily complete either English 101 or English 181 during the first semester of their enrollment at Oxford College. Entering students may be placed into English 100C, in which case they must complete the Freshman Writing Requirement by taking English 101 or English 181 in the semester immediately following their successful completion of English 100C. Students may be eligible to exempt the Freshman Writing Requirement with Advanced Placement (AP) credit, International Baccalaureate (IB) credit, or transfer credit. Students exempted from the Freshman Writing Requirement are still required to take a writing intensive course as a sophomore.

B. Sophomore Writing Requirement: Students must satisfactorily complete a writing-intensive course each year in residence. For the purpose of fulfilling the Sophomore Writing Requirement to be considered sophomores, students must have completed (1a) thirty credit hours with credit from Oxford and approved transfer credit combined or (1b) two semesters of full-time residency (with credit for at least twelve hours per semester), and (2) have completed or exempted the Freshman Writing Requirement.

For the purpose of fulfilling the Sophomore Writing Requirement, English 101 and 181 are considered writing intensive courses with a grade of "C" or better.

II. Natural and Mathematical Sciences

A. Quantitative Methods

Requirement: At least one course in mathematics or computer science.

Description: The requirement will be met in one of the following ways:

1. A calculus course (Math 110B, Math 111, Math 112, 112Z, 211),
2. A course in probability and statistics (Math 107 or 207),
3. A computer science course (CS 150 or 170), or
4. Other courses approved by the Department of Mathematics.

B. Natural Sciences

Requirement: At least one course. One course must be taken in the Division of Natural Sciences and Mathematics from the departments of Chemistry, Physics, Biology, Astronomy, and Geology.

Note: A course may be used to fulfill at most one distribution requirement.
III. Social Sciences
Note: Oxford College does not have a separate General Education Requirement in the Social Sciences. Students should be aware that Emory College does have such a requirement.

IV. Humanities
Note: Oxford College does not have a separate General Education Requirement in the Humanities. Students should be aware that Emory College does have such a requirement.

V. Historical, Cultural, and International Perspectives
Students must fulfill requirement B and one of requirements A, C, or D at Oxford College.

A. United States History
   Requirement: One course on the history of United States politics, society, or culture.
   Description: This course will provide the student with an example of the use of historical methods, introduce the student to the history of the United States, and relate the United States to the rest of the world. Appropriate courses may be offered in several departments.

B. Historical Perspectives on Western Culture (non-U.S.)
   Requirement: One course covering a significant span of Western thought and providing a broad perspective on European historical forces, cultural traditions, and human values.
   Description: Appropriate courses may be offered in several departments or students may elect to take History 101 or 102.

C. EITHER
   1. Non-Western Cultures
      Requirement: One course covering a non-Western culture or culture area.
      Description: Courses must provide a broad perspective on historical forces, cultural traditions, and human values of a major non-Western culture or culture area.
   OR
   2. Comparative and International Studies
      Requirement: One course designed to introduce students to cross-national comparative studies or studies of international institutions and processes.
      Description: This requirement is intended to enable students to frame and investigate questions pertaining to comparative studies of society, including social, cultural, economic, political, and other processes and institutions; alternatively, students may satisfy this requirement through a course focusing on global processes and institutions affecting societies in the social cultural, or political realms.
D. Language

Requirement: Each student must pursue study of a language other than the student's language by taking eight credit hours in a single foreign language beyond the level of preparation upon entering college.

Description: This requirement may be satisfied by:
1. Taking two courses at Oxford or at Emory or by
2. Transferring credit from another accredited institution in accord with the rules of transferring credit or by
3. Receiving a four or five on a foreign language or literature Advanced Placement Test and then taking one course at Oxford. Students who receive a four or five on the examination must consult the appropriate department for the appropriate sequential course.

VI. Physical Education

Requirement: Students, including those participating in junior varsity or varsity athletics, are required to take a course in the Division of Physical Education and Dance in at least three of their four semesters in residence. These courses must include one from each of three areas (aquatics, health/fitness, and lifetime activities), unless a student's aquatics placement permits the substitution of a course. A student may take the substitution course in the health/fitness area, the lifetime activities area, or he or she may take lifeguard training (PE 113).

First-year students must complete a physical education course each semester of their first year, unless granted an exemption by the dean of academic affairs in consultation with the physical education instructor and/or the chair of the Division of Physical Education and Dance. First-year students may not take two courses in one semester during their first year. The third course must be completed during the sophomore year. Sophomores may enroll in a second course during the same semester only with permission of the chair of the Division of Physical Education and Dance and the dean of academic affairs.

Note: Since Emory College requires four one-semester hour courses in physical education for graduation, it is strongly recommended that students take their fourth physical education course at Oxford.

VII. Emory Distribution and General Education Requirements

Requirement: All candidates for the AA degree and continuation at Emory College must have no more than four (4) requirements remaining from areas LA and II-V of the Emory College General Education Requirements. Students may refer to the Emory College catalog for more detailed information.

It is important also for Oxford College students to familiarize themselves with the catalog for Emory University, as students are held accountable for the information in both catalogs. In addition, the information in the Emory catalog will begin to prepare students for the transition to the Atlanta campus.
"There is a vitality, a life-force, an energy, a quickening which is translated through you into action, and because there is only one if you in all time, this expression is unique. And if you block it, it will never exist through any other medium .... The world will not have it."

MARTHA GRAHAM
Notes: Students may use an approved general education course to satisfy two appropriate requirements in areas II–V of the General Education Requirements, with the restrictions that no student can exercise this option on more than two occasions, and that no course may satisfy more than two requirements. Advanced Placement examinations can be used to satisfy General Education Requirements in accordance with college policy.

Special Courses and Programs

Arts at Oxford
Oxford students have many opportunities to participate in artistic presentations in music, theater, visual arts, and dance. One-, two-, and four-credit hour courses are available, depending upon the discipline. Four full-time faculty members coordinate the arts programs: Maria Archetto, music; Camille Cottrell, visual arts; Gayle Doherty, dance; and Clark Lemons, theater. Our students perform in plays, perform in and choreograph dances, sing in the Chorale, create musical compositions, and exhibit visual arts. Many Oxford students successfully major or minor in the arts at Emory College, yet most who participate in the arts at Oxford do so to expand their total educational experience.

Freshman Seminar
Each freshman seminar section of approximately twelve students is led by one faculty or staff facilitator and one sophomore leader, known as a PAL (Peer Assistance Leader). Seminars meet for ten weeks, are designed to facilitate small group discussion of issues pertinent to first-year students, and provide an opportunity to get to know a faculty or staff member and sophomore leader well. Grading for the program is on a satisfactory/unsatisfactory (S/U) basis. A grade of S carries one hour of academic credit but no quality points; a grade of U carries neither academic credit nor quality points.

Lyceum
The Lyceum Committee is comprised of members of the Oxford College faculty and staff. Its goal is to plan academic and artistic events for Oxford College students, faculty, staff, and members of the community. Every academic year, the committee offers a series of lectures on political, social, and religious topics by renowned speakers and presents artistic performances by national and international artists. The Lyceum Committee wishes to highlight the cultural and religious diversity at Oxford College and Emory University. The diversity entails the willingness to forsake prejudice, intolerance, and xenophobia and not only encounter but also understand and embrace the other in a community of learning and mutual trust.

Microbiology for Prenursing Students
Prenursing students may register for HS303 (Microbiology) at the nursing school. Four semester hours of elective credit will be granted to students who complete this course.
Off-Campus Courses
Off-campus programs provide students with the opportunity to combine study with travel. A grade-point average of at least 2.0 is required to enroll in off-campus courses. Although there is no limit to the number of hours a student may take in off-campus courses, no more than four semester hours may be used to fulfill the distribution requirements of any division. These courses involve a combination of on-campus and off-campus study. The off-campus travel portion of a course may be offered during spring break or during the interim period between fall and spring semesters or during the summer. Since these courses are not part of a full-time load, they require tuition charges of $725 per semester hour. Additional costs include living and travel expenses. The following off-campus courses have been offered (see “Course Descriptions” for additional information): Anthropology 120N (Field Studies in North American Prehistory and Paleoecology), Geology 100N (Desert Geology), Geology 200N (Dinosaurs and Their World), Geology 220N (Modern and Ancient Tropical Environments Field), Geology 235N/English 235N (Geology and Culture in Scotland), and Sociology 215N (Social Problems).

Oxford Scholars Program
Each year Oxford College designates a number of its predicted outstanding incoming freshmen as Oxford Scholars. Oxford Scholars include Robert W. Woodruff Scholars, Dean’s Scholars, and Faculty Scholars (see “Academic Scholarships”), all of whom are selected on the basis of their grades, curriculum test scores, essays, extracurricular activities, and demonstrated interest. While enrolled at Oxford, these scholars participate in the Oxford Scholars Program.

The Oxford Scholars Program is dedicated to the academic enrichment of Oxford College as well as to promoting a sense of community among Oxford Scholars. Oxford Scholars not only interact with other scholars but also with faculty members who volunteer their time to this program.

The program involves required events such as dinner/lecture programs with faculty, seminar discussions on significant literary, historical, or artistic works, an end-of-the-year banquet, and other events of interest. The cultural component exposes scholars to a wide range of cultural events in the local area and in Atlanta, such as plays, concerts, and other cultural activities.

The Oxford Scholars Program is designed to continue scholars’ academic and personal development and to make lasting positive contributions to the Oxford College community.

Oxford Studies
Oxford Studies is a one-hour, elective, multidisciplinary course which, through attendance, participation, and written reflection, encourages thoughtful involvement in the cultural, artistic, and educational activities available in our community beyond the confines of the classroom. Students earn credit by attending lectures, panels, musical, theater and dance events and by writing reviews. Oxford Studies supports the college’s mission by promoting an engagement with issues of shared interest. It is offered every semester.
Pierce Program in Religion
The Pierce Program in Religion was established in 1976 by the D. Abbott Turner family. The purpose of the Pierce Program is to enhance the understanding of the Christian perspective. Currently the Pierce Program is expanding its programs. For more information, please contact David B. Gowler, Pierce Professor of Religion, and see the website for the Pierce Program in Religion at www.emory.edu/OXFORD/pierceprogram/Pierce.html.

Theory Practice/Service Learning
Theory Practice/Service Learning (TPSL) courses were first introduced in 1996 as a way of integrating theory in the classroom with hands-on experience in the local community. TPSL courses provide a “living laboratory,” deepening students’ understanding of the subject studied and developing an ability to reflect on, practice, and apply what is learned in the classroom. Approximately one third of the student body of Oxford College assumes roles as tutors, mentors, counselors, and advocates to social service agencies, schools and technical colleges, literacy programs, residential centers for children and adults, and a pediatric bereavement camp.

Academic Honors
Honor List
The honor list is composed of full-time students (twelve or more hours) earning a cumulative average of 3.5 or better.

Merit List
The merit list is composed of full-time students (twelve or more hours) who achieved an average of 3.0 or better for the previous semester.

Alpha Epsilon Upsilon
Established at Oxford in 1906, Alpha Epsilon Upsilon promotes scholastic excellence and fosters friendship among those who achieve high scholastic standing. Students who attain a grade-point average of at least 3.75 after one semester (at least sixteen semester hours) or at least 3.50 after two semesters (at least thirty-two semester hours), or 3.33 after three semesters (at least forty-eight, but not more than sixty, semester hours) are eligible for membership.

Phi Theta Kappa
A national honor society, Phi Theta Kappa membership is restricted to students who meet the following criteria: rank in the top 5 percent of the class after two semesters, have earned thirty-two semester hours, and are recommended by the faculty.

Academic Advisers
Every student is assigned a faculty member who serves as that student’s academic adviser. Assignments are based on the student’s academic interests as indicated at the time
of enrollment. Students who wish to change advisers should consult Oxford’s director of academic services. Students meet with their adviser periodically throughout each semester. Adviser signatures are required for registration, drop/add, and other changes to a student’s enrollment after registration. Advisers will assist students in their transition from high school to college and in their selection of courses, major, and career. While advisers provide assistance, each student is responsible for knowing and meeting the requirements for graduation explained in this catalog.

ACADEMIC PROGRAM

Accelerated Master’s Program of Emory College

Students may earn the bachelor of arts and the master of arts degrees in English, history, philosophy, political science, or sociology within four years; or, they may earn the bachelor of science and the master of science degrees in biology, chemistry, mathematics, or mathematics-computer science, within four years.

Roberto C. Goizueta Business School

Oxford College students may apply to the bachelor of business administration (BBA) program in their last semester at Oxford. To start in summer or fall, applications for admission must be received by March 1. Applications to start in spring must be received by October 1. All applicants must complete the requirements for the associates degree from Oxford to be eligible for admission to the BBA program. Enrollment in Goizueta Business School is limited; completion of preadmission requirements does not guarantee admission. Admission is competitive and based on academic achievement, essay, leadership, extracurricular activities, and a letter of recommendation. Students seeking admissions should contact Libby Egnor, the BBA preadmission adviser, to learn more about the program. She can be reached at 404.727.4220 or at Libby-Egnor@bus.emory.edu. Applications for admission are available in the Oxford College Office of Records and Registration or by contacting the BBA Program Office at 404.727.8106. The application can also be downloaded the BBA website at www.goizueta.emory.edu/degree/undergra_a_dl.html.

Before enrollment in the business school, Oxford students must complete ECON 101 (Microeconomics), ECON 112 (Macroeconomics), MATH 111 (Calculus I), MATH (1 12 Calculus II) (Oxford College students may take MATH 119 Business Calculus in place of Calculus I and II.) MATH 107 (Probability and Statistics), BUS 210 (Financial Accounting). For students interested in Accounting, BUS 211 (Managerial Accounting) should be taken before entry into the business school.

There are also some alternative options for completing the preadmission requirements. Instead of taking MATH 112 (Calculus II), students may take ECON 201 (Intermediate Microeconomics). Some students take advantage of this option because they are considering a double major in economics. Calculus II is not a requirement for an economics major, but ECON 201 is a requirement. Economics 201 will include some calculus. Calculus I is still mandatory for both the business school and the economics major.

If you take MATH 111 and 112, you may take MATH 207 (Probability and Statistics) instead of MATH 107. Some students take advantage of this option because they plan to double major in economics. The Emory College economics department will take Oxford’s MATH 207 as equivalent to Emory College’s ECON 220, which is a graduation requirement for a degree in economics. The business school will take MATH 207 as equivalent to MATH 107 (a preadmission requirement). Students who do not complete the preadmission courses or Oxford associate degree requirements before entering the program must finish these requirements during the first semester in the BBA program.
Nell Hodgson Woodruff School of Nursing

Oxford College students apply to the Nell Hodgson Woodruff School of Nursing during their sophomore year. Admission is based on prerequisite coursework taken at Oxford College. The priority deadline to apply for each fall semester varies, and applicants should check the school of nursing website for current dates. However, applications are accepted on a rolling basis until the class is full. Oxford applicants with a 3.0 or higher cumulative GPA are not required to submit recommendations. All Oxford applicants are required to earn a C or better in each prerequisite course. The $50 application fee is waived for Oxford College applicants. The Nell Hodgson Woodruff School of Nursing is committed to providing substantial need and merit based financial support to Oxford College transfer students.

The specific prerequisite courses required for Oxford students are as follows: Chemistry 100 or 141, Chemistry 120, Biology 121 and 122, Math 107 (statistics), English 101 or 181, History 101 or 102, Psychology 100 and 205, Sociology 101, Health Sciences 303 at Emory (microbiology), three humanities courses including one of the following: art history, civilization/literature in translation, foreign language (except 101 level), music, philosophy or religion, three courses in physical education to include one course in aquatics, health/fitness, and lifetime activities. In addition students must be certified in CPR before beginning the BSN program.

All students seeking to transfer to the school of nursing should complete application forms obtainable from the Office of Admission at the school of nursing at 404.727.7980, admit@nursing.emory.edu or apply online at www.nursing.emory.edu.

Preprofessional Programs and Requirements

The Oxford curriculum provides background for a number of professional programs. Some of these are listed below along with suggested courses for preparation. Students should also contact the professional school of their choice for more specific information as requirements may differ by school. Each student planning to pursue one of these professions should work with his or her academic adviser to plan a program of study at Oxford College.

Allied Health Professions

The Division of Allied Health Professions of Emory University offers several programs leading to the bachelor of medical science degree. The BMSc degree is offered for physician associate, radiological technology, and respiratory therapy. More specific information on these programs and entrance requirements is available in the division office.

Dentistry

Students may take their predental requirements at Oxford and apply to dental schools of their choice. Most dental schools require the following courses in addition to a bachelor's degree: Biology 141, 142; Chemistry 141, 142, 221, 221L, 222, 222L; two English courses; Mathematics 111 or equivalent; and Physics 141, 142.
Engineering
Students may take their pre-engineering requirements at Oxford and apply to engineering schools of their choice. For most schools, the requirements include Chemistry 141, 142; Mathematics 111, 112, 211, 212; Physics 151, 152; and social science and humanities electives.

Law
A bachelor’s degree, including a well-rounded liberal arts education, is required for admission to Emory University School of Law, but no particular curriculum is prescribed.

Medicine
The Emory University School of Medicine requires the bachelor’s degree and the following courses: Biology 141, 142; Chemistry 141, 142, 221, 221L, 222, 222L (260 recommended); two English courses; and Physics 141, 142 (or 151, 152).

Pharmacy
Students may take prepharmacy requirements at Oxford and apply to pharmacy schools of their choice. For most schools, the prepharmacy requirements are the following: Biology 141, 142; Chemistry 141, 142, 221, 221L, 222, 222L; Mathematics 111; Physics 141, 142; English 181; Economics 112; History 133; Political Science 100; and literature and social science electives.

Theology
Students preparing for the Christian ministry should seek a broad liberal arts education. Admission to the master of divinity program in Candler School of Theology requires a bachelor of arts degree, bachelor of science degree, or equivalent.

Veterinary Medicine
Students may take preveterinary requirements at Oxford and apply to veterinary schools of their choice. In general, the preveterinary requirements are the following: Biology 141, 142; Chemistry 141, 142, 221, 222; English 181; Physics 141, 142; and humanities and social science electives.
"The test of a first rate intelligence is the ability to hold two opposing ideas in the mind at the same time and still retain the ability to function."

COURSE DESCRIPTIONS

In the following course descriptions, you will note that courses normally earn four semester hours of credit. The 100-level courses are general or survey courses, and most of the 200- and 300-level courses have such courses as prerequisites. The syllabi for some of the courses described below can be found on the Oxford website at www.emory.edu/OXFORD/Academic/ClassList.html.

**Humanities**
Professors Carpenter, Lemons, Linville, and Oliver; Associate Professors Anderson, Archetto, Gowler, Loflin, Morris, Nisbet, and Schulz; Assistant Professors Cottrell, hey, and Percoco; and Lecturer Davis.

The Division of Humanities offers introductory and upper-level courses in art, film, foreign languages, literature, music, philosophy, and religion. The division encourages students to evaluate and appreciate our literary, artistic, philosophical, and religious heritage.

Three Humanities Division courses, taken in at least two departments, fulfill the college’s distribution requirements (see “Distribution Requirements,” p. 8.) English 100C, 101, and 181 cannot be used to satisfy the humanities requirement. Foreign languages at the 101 level cannot be used to fulfill this requirement unless 102 or higher is completed. English 399R, Music 300R, and Music 300V may not be used to fulfill the distribution requirements in the Humanities Division.

Students graduating from Emory College must have completed two semesters of work in a foreign language. Students are encouraged to complete this requirement at Oxford so that they may concentrate on work in their chosen major during the junior and senior years.

**ARABIC**

**Arabic 101. Elementary Arabic**
Fall. Credit, four hours. Develops reading, speaking, listening, writing, and cultural skills in Arabic. Stresses communication skills in formal Arabic and some Egyptian dialect. Preparation for class is essential; class time is spent practicing rather than lecturing.

**Arabic 102. Elementary Arabic II**
Spring. Credit, four hours. Prerequisite: successful completion of Arabic 101 or equivalent, limit ten. Continuation of Arabic I. Aims to develop language skills in Arabic to reach the intermediate-low level of proficiency.

**Arabic 201. Intermediate Arabic I**
Fall. Credit, four hours. Prerequisite: Arabic 102 or permission of Arabic language co-ordinator. Third in a series of courses that develops reading, speaking, listening, writing, and cultural skills in Arabic. Course includes video materials and stresses communications in formal and spoken Arabic.

**Arabic 202. Intermediate Arabic II**
Spring every two years. Credit, four hours. Prerequisite: Arabic 201 or permission of
Arabic language coordinator. Fourth in a series of courses that develops reading, speaking, listening, writing, and cultural skills in Arabic. Course includes video materials and emphasizes communications in formal and spoken Arabic.

ART HISTORY

Survey Courses
Art 101. Art and Architecture from Prehistory to the Renaissance
Fall. Credit, four hours. A survey of architecture, sculpture, painting, and other art forms, with emphasis on significant periods in Western history.

Art 102. Art and Architecture from the Renaissance to the Present
Spring. Credit, four hours. A survey of architecture, sculpture, painting, and other art forms from the Renaissance to the present, with emphasis on the most influential innovators.

Art 299R. Independent Study
TBA. Variable credit. Prerequisite: permission of instructor. The student will complete a specific individual project designed in consultation with a professor. This course does not satisfy distribution requirements in humanities.

Art 369. The Birth of Modernism
Spring. Credit, four hours. The course will cover the major artistic movements and developments in Europe and America from 1863 through the 1960s.

Studio Courses
Art 105. Drawing and Painting I
Fall, Spring. Credit, four hours. An introduction to drawing and painting, developing skills in various techniques and attitudes. Exploration of recent concepts and processes with emphasis on personal development.

Art 205R. Drawing and Painting II
Spring. Credit, four hours. Prerequisite: Art 105. Structured opportunity to improve skills in drawing and painting and to expand aesthetic awareness while developing personal expression. Students will be responsible for realizing their own projects under the instructor's supervision.

CHINESE

Chinese 101. Elementary Chinese I
Fall. Credit, four hours. Introduction to modern Mandarin: pronunciation, grammar, reading, and writing (approximately two hundred characters). Cultural topics introduced.
Chinese 102. Elementary Chinese II
Spring. Credit four hours. Prerequisite: Elementary Chinese I. Continuation of 101, stressing conversational Mandarin, reading of more sophisticated texts, and writing skills (approximately three hundred characters). Cultural topics included.

Requirements for the major are ten courses in English, not including English 101 and English 181. The ten courses must include English 205 and one course in American literature, one course in British literature pre-1660, one course in British literature post-1660, and one course having an interdisciplinary or theoretical dimension. In consultation with their advisers, all majors also will develop a broadly defined “area of concentration” and take four courses in that area. Concentrations may be based in traditional historical and geographical fields (i.e., Medieval and Renaissance literature or African American literature), genres (i.e., drama or poetry), conceptual and theoretical areas (i.e., literature in interdisciplinary contexts or gender and sexuality), or a mix of these categories (i.e., British poetry or novels of the Americas). Students are expected to identify possible areas of concentration when declaring a major. Majors must submit a final statement of concentration during the second semester of their junior year.

Students may take up to two creative writing courses as electives. When appropriate, one creative writing course may count towards the area of concentration.

Note that special topics courses in the Oxford English curriculum (those numbered 381 or 389) may count towards the major if they fall within the guidelines specified above.

Placement
Students must satisfactorily complete either English 101 or English 181 to fulfill the Freshman Writing Requirement. Students who are recommended for placement in English 100C must take that course in the fall semester and take 101 or 181 in the following semester. Students with Advanced Placement (AP) credit, International Baccalaureate (IB) credit, or transfer credit may be eligible to exempt the Writing Requirement.

Prerequisites
Students must have completed or exempted the Freshman Writing Requirement before taking any course above the 181 level.

English 100C. Introductory Writing
Fall, spring. Credit, two hours. Prerequisite: By recommendation of the English Department only; required if recommended. An introduction to college level essay writing. This course prepares students for English 101 and English 181. This course does not satisfy the distribution requirements in humanities.
English 101. Expository Writing
Fall, spring. Credit, four hours. Principles of effective written expression. Primary emphasis on the expository essay. This course does not satisfy the distribution requirements in humanities.

English 181. Writing about Literature
Fall, spring. Credit, four hours. Analysis and appreciation of poetry, fiction, and drama as art forms. Primary emphasis on the critical essay. This course does not satisfy the distribution requirements in humanities.

English 205. Poetry
Credit, four hours. Prerequisite: English 101 or 181. Analysis and appreciation of poetry as an art form. Primary emphasis on the critical essay. Required of English majors and minors.

English 215. History of Drama and Theater I
(Same as Theater 215) Spring, alternate years. Credit, four hours. A general history of the theater from its origins through the Renaissance, focusing on representative dramatic works and on the actor, staging, and audience as they have influenced the development of drama and the theater. May be taken without English 216. Required of theater studies majors.

English 216. History of Drama and Theater II
(Same as Theater 216) Spring, alternate years. Credit, four hours. A general history of the theater from the eighteenth century through the twentieth century, focusing on representative dramatic works and on the actor, staging, and audience as they have influenced the development of drama and the theater. May be taken without English 215. Required of theater studies majors.

English 235N/Geol 235N. Geology and Culture in Scotland
Off-campus course. Summer, alternate years. Credit, four hours. Prerequisite: permission of instructor. Additional tuition is required. This interdisciplinary course explores the connections between the geological basis of Scottish landscape, history, and literature. Class meets during spring semester followed by field trip to Scotland. Students registered for Geology 235N will do a geological field-based project in Scotland. Students registered for English 235N will do a literature-based project.

English 250. Survey of American Literature: Beginnings to 1865
Credit, four hours. Readings in significant American literature to 1865 with attention to cultural and historical backgrounds.

English 251. Survey of American Literature: 1865 to Present
Credit, four hours. Readings in significant American literature since 1865 with attention to cultural and historical backgrounds.
English 255. Survey of English Literature to 1660
Credit, four hours. Readings in significant English literature to 1660 with attention to cultural and historical backgrounds.

English 256. Survey of English Literature Since 1660
Credit, four hours. Readings in significant English literature since 1660 with attention to cultural and historical backgrounds.

English 260. Survey of World Literature
Credit, four hours. Readings in significant works of the Western literary tradition with attention to cultural and historical backgrounds.

English 270. Introduction to Creative Writing
Credit, four hours. Prerequisite: permission of instructor. Introductory workshop in creative writing. Normally covers two genres, most often fiction and poetry. Not designed as a sequential prerequisite for other creative writing courses. May not be repeated for credit.

English 311. Shakespeare
Credit, four hours. Selected plays from the histories, comedies, tragedies, and romances.

English 330. Romanticism
Credit, four hours. Selected poems of romantic poets such as Blake, Wordsworth, Coleridge, Byron, Shelley, and Keats. Selections from romantic prose writers such as Hazlitt, DeQuincey, and Lamb.

English 336. The English Victorian Novel
Credit, four hours. The development of the English novel from the latter nineteenth century to World War I, with representative works by novelists such as Dickens, Eliot, Meredith, Hardy, and Conrad.

English 345. Contemporary World Literature
(Same as AFS 389.) Credit, four hours. Prerequisite: English 101 or 181. World Literature in English since 1950. Selected works may include texts on African, Caribbean, Indian, Pacific, and Canadian literatures.

English 348. Contemporary Literature
Credit, four hours. Selected works from various genres by British and/or American writers from the 1950s to the present.

English 357. Southern Literature
Credit, four hours. Selected works of major contemporary Southern writers, including Faulkner, Wolfe, Warren, and Welty.
English 381R. Topics in Women’s Literature
Credit, four hours. Topics and perspectives vary, but include the political novel or femi-
nist poetics. May be repeated for credit when topic varies. This course will be accepted
toward a major or minor in women’s studies.

English 389R. Special Topics in Literature
Credit, four hours. Individual literary topics and problems vary. May be repeated for
credit when topic changes.

English 399R. Independent Study
Variable credit. For students desiring to pursue a specific individual project of their own
design. Students must have project approved by the instructor in advance of preregistra-
tion. This course does not satisfy distribution requirements in humanities.

FILM STUDIES

FS 270. Introduction to Film
Fall, spring. Credit, four hours. General aesthetic introduction to film as a narrative form, with
selected readings in criticism and critical theory. Weekly in-class screenings required.

FRENCH

French 101. Elementary French I
Fall. Credit, four hours. First in a series designed to train students to hear, speak, read,
and write French. Oral practice emphasized.

French 102. Elementary French II
Spring. Credit, four hours. Continuation of French 101.

French 201. Conversation, Composition, and Reading
Fall. Credit, four hours. Prerequisite: Elementary French II or permission of instructor.

HUMANITIES

Humanities 270R. Topics in French Civilization in Translation
(Same as French 270R) Credit, four hours. Topics to be announced when course is offered. No knowledge of French required. Readings and discussion in English. May be repeated for credit when topic varies.

Humanities 271R. Topics in French Literature in Translation
(Same as French 271R) Credit, four hours. Topics announced when course is offered. No knowledge of French required. Readings and discussion in English. May be repeated for credit when topic varies.

Humanities 275Q. Topics in Italian Renaissance Studies
Summer, on demand. Credit, four hours. This course explores the major themes of Renaissance thought as developed in art, drama, music, literature, and philosophy. The course is taught in Florence, Italy.

Humanities 280R. Topics in Spanish Civilization and Culture in Translation
(Same as Spanish 280R) Credit, four hours. Topics announced when course is offered. No knowledge of Spanish required. Readings and discussion in English. May be repeated for credit when topic varies.

Humanities 281R. Topics in Latin American Civilization and Culture in Translation
(Same as Spanish 281R) Credit, four hours. Topics announced when course is offered. No knowledge of Spanish required. Readings and discussion in English. May be repeated for credit when topic varies.
Humanities-Literature 291R. Topics in Comparative Literatures of the World in Translation
Fall. Credit, four hours. Representative works of comparative literatures of the world in different genres, from classical to modern times. Emphasis on close reading of particular texts. All readings and discussions in English. Topics announced when course is offered. May be repeated for credit when topic varies.

ITALIAN

Italian 101. Elementary Italian I
Fall. Credit, four hours. First in a series of courses designed to train students to hear, speak, read, and write Italian. Oral practice is emphasized, and cultural topics are introduced.

Italian 102. Elementary Italian II
Spring. Credit, four hours. Continuation of Italian 101 with an increased emphasis on speaking Italian. Topics on Italy and Italian culture.

Italian 397. Supervised Reading
TBA. Variable credit. Prerequisite: permission of instructor. Advanced supervised study in the reading of literary texts or other aspects of Italian culture.

MUSIC

Music 101. Introduction to Music
Fall, spring. Credit, four hours. Elementary principles of form and style in music in historical context.

Music 114. Introduction to Theory and Composition
Fall. Credit, four hours. Fundamentals of tonal music theory, basic concepts and terms, and introduction to original composition for selected media.

Music 205. Ethnomusicology (Music of the World's Cultures)
Spring. Credit, four hours. A survey of music in relation to its cultural context, covering music and culture outside the European art music tradition.

Music 300R. Oxford Chorale
Fall, spring. Credit, one hour. Prerequisite: permission of instructor. Group instruction in vocal music and the performance of selected repertoire. May be repeated for credit, with total credit not to exceed four hours.
Music 300V. Oxford Chamber Ensemble
TBA. Credit, variable one to two hours. Prerequisite: permission of instructor. Group instruction in instrumental music and performance of selected repertoire. May be repeated for credit, with total credit not to exceed four hours.

Music 389R. Special Topics in Music History
TBA. Credit, four hours. Prerequisite: Music 101 or permission of instructor. Study of a selected topic in Western music history.

PHILOSOPHY

Philosophy 100. Introduction to Philosophy
Fall, spring. Credit, four hours. Examination of some of the central issues and speculative theories in the philosophical tradition.

Fall, alternate years. Credit, four hours. Interpretation of the New Testament in the context of the historical, social, religious, and literary environment of the eastern Mediterranean world during Late Antiquity.

Religion 370R. Special Topics: Religion and Culture
TBA. Credit, four hours. Prerequisite: one course in religion; other prerequisites as specified for topic. Aspects of religion in relation to contemporary culture.

Religion 373R. Special Topics in Religious Studies
TBA. Variable credit, one to four hours. Prerequisite: one course in religion and permission of instructor. Study in depth of a limited historical or theoretical problem. May be repeated for credit when topic varies.
SPANISH

Spanish 101. Elementary Spanish I
Fall. Credit, four hours. First in a series of courses designed to train the student to speak, read, and write Spanish. Oral practice is emphasized.

Spanish 102. Elementary Spanish II
Spring. Credit, four hours. Continuation of basic Spanish I.

Spanish 201. Conversation, Reading, and Composition
Fall. Credit, four hours. Prerequisite: Elementary Spanish II or permission of instructor. Continued development of all language skills. Readings in Hispanic culture.

Spanish 202. Intermediate Spanish Review
Spring. Credit, four hours. Prerequisite: Spanish 201 or permission of instructor. Intermediate review of grammar and further development of reading, writing, listening, and speaking abilities through an interactive, communicative method.

Spanish 212. Advanced Practice in Spanish
Spring. Credit, four hours. Prerequisite: Spanish 201 or permission of instructor. Continuation of oral work begun in 201. Topics in Hispanic culture and civilization. Designed to give students an acceptable command of Spanish.

Spanish 215. Language Analysis and Written Expression
Spring. Credit, four hours. Prerequisite: Spanish 212 or equivalent or permission of the director of the language program. Advanced study of Spanish grammar and vocabulary through basic translation and writing.

Spanish 375R. Topics in Latin American Literature
TBA, with permission of instructor. Credit, four hours. The historical, political, and sociological background of Latin American literature. Specific topics to be announced when the course is offered. May be repeated for credit when topic varies.

Spanish 376R. Topics in Spanish Literature
TBA, with permission of instructor. Variable credit, one to four hours. The historical, political, and sociological background of Spanish literature. Specific topics to be announced when the course is offered. May be repeated for credit when topic varies.

SPANISH COURSES IN TRANSLATION
Spanish 280R. Topics in Spanish Civilization and Culture in Translation
(Same as Humanities 280R) Credit, four hours. Topics to be announced when course is
offered. No knowledge of Spanish required. Readings and discussion in English. May be repeated for credit when topic varies.

Spanish 281R. Topics in Latin American Civilization and Culture in Translation

THEATER STUDIES

Theater Studies 101. Introduction to Theater
Fall. Credit, four hours. A theoretical and practical introduction to theater as a collaborative art. Includes script analysis, study of types of drama, and basic instruction in acting, improvisation, stage design, and technical theater.

Theater Studies 121. Introduction to Acting
Fall. Credit, four hours. Limit sixteen. This course is the basic acting course at the college level. It is a hands-on, nuts-and-bolts course in acting technique that also requires written and verbal reflection. The course introduces the student to the following: warm-ups, improvisation, theater games, character study including written character sketches, scene work, collaborative presentations, and a final public performance that coalesces around one theme or one play. Students receive regular feedback from the instructor. Students read and study complete plays in order to create characters for scenes.

Theater Studies 200R
Fall, spring. Variable credit. Prerequisite: previous theater experience at Oxford and permission of instructor. Advanced work in theater to include one or more of the following: directing, lighting, set design, and playwriting. May be repeated for credit.

Theater Studies 215. History of Drama and Theater I
(Same as English 215) Spring, alternate years. Credit, four hours. A general history of the theater from its origins through the Renaissance, focusing on representative dramatic works and on the actor, staging, and audience as they have influenced the development of drama and the theater. May be taken without Theater 216. Required of theater studies majors.

Theater Studies 216. History of Drama and Theater II
(Same as English 216) Spring, alternate years. Credit, four hours. A general history of the theater from the eighteenth century through the twentieth century, focusing on representative dramatic works and on the actor, staging, and audience as they have influenced the development of drama and the theater. May be taken without Theater 215. Required of theater studies majors.
Natural Science and Mathematics

Professor Carter; Associate Professors Bailey, Baird, Baker, Henderson, Parker, Rogers, and Saadein; Assistant Professors Chen, Eichler, Iskra, Jacob, Ma, and Patrick; Senior Lecturers Frady, Harmon, Riner, and Wade.

The Division of Natural Science and Mathematics includes astronomy, biology, chemistry, geology/geosciences, physics, mathematics and computer science. Three four-semester-hour courses are required, distributed as follows: (1) One course in mathematics or computer science which can be a calculus course (Math 110B, 111, 112, 1122, 211, 212), a course in probability and statistics (Math 107 or 207), a computer science course (CS 170), or a course approved by the Department of Mathematics and Computer Science (Math 120, 221, 250, or Math 109 [Emory Summer School]); (2) One course in the natural sciences that can be an astronomy course (Astr 116), a biology course (Biol 111, 120, 121, 122, 135, 141, 142, 235, 242, 245), a chemistry course (Chem 100, 120, 141, 142, 221, 222, 260), a geology course (Geol 141, 142,235,250, 100N, 200N, 220N, Geosciences 115), or a physics course (Phys 141, 142, 151, 152); (3) One additional course from one of the above categories or a course approved by the Division of Natural Science and Mathematics (list available at registration). Students who are placed in Math 100C must take and pass this course prior to taking any other mathematics, Biology 141, chemistry, or physics course for graduation requirements and prior to receiving any AP or transfer credit. Students may not withdraw from Math 100C.

Placement recommendation into any science or mathematics course is contingent on student performance on standardized tests, grades in high school, and the mathematics placement test taken upon arrival on campus. A student who anticipates concentrating in natural science at Emory should take a minimum of two courses in his or her chosen field, two courses in an allied science, and basic mathematics courses at Oxford. A student concentrating in mathematics should complete at least Math 112, Math 250, and as many additional courses in the mathematics core (Math 211, Math 221) as possible before continuing to Emory College. A student concentrating in computer science should complete at least CS 224, Math 112, CS 170, 171, and Math 221 before continuing to Emory College.

Mathematics Placement

Since the completion of a mathematics or computer science course is required for graduation from Oxford and continuation to Emory College, it is important that the placement recommendation of the mathematics faculty be based on a realistic assessment of a student's mathematical knowledge and skills. The goal of the placement test is to place the student at the appropriate level, so the student's academic career will be successful. Three factors are considered in making recommendations concerning a student's placement in mathematical courses.

a) performance on our placement test;
b) high school record (courses, grades); and
c) scores on standardized tests (SAT, ACT, AP).
Students receive more detailed information regarding placement tests during the summer before they enter Oxford.

Tutors and Supplemental Instructors
In the Division of Natural Science and Mathematics, some of our best students (usually sophomores) serve as tutors, laboratory assistants (TA), and supplemental instructors (SI).

Tutors are available in the evenings (Sunday through Thursday) and on some afternoons to help students with homework. Tutoring usually takes place some afternoons and evenings in the Gregory Room of the Jolley Residential Center (a residence hall study area). A new schedule of tutors and times is posted each semester for mathematics and science courses for which this service is provided. The mathematics department provides student tutors for Math 100C, 107, 110A, 110B, 111, 112, and 1122. Tutors are selected by the faculty. Tutoring also is available for chemistry and computer science at limited times. This service is free to Oxford students.

Student assistants (TA: s) are used in science, computer science, and mathematics laboratories. Depending on the agreement, these laboratory assistants may hold study sessions, help students study for tests, or tutor at night.

Supplemental Instructors (SI leaders) are students who have successfully completed the course for which they are SI leaders. Each SI leader attends the class for which they are assigned and holds one to two study sessions per week to help students learn how to study for the course. These sessions are voluntary. SI leaders are usually available for the following classes: Biology 141 and 143, Chemistry 141 and 142, Mathematics 110A, 110B, 111, and 112 (and 112z).

**BIOLOGY**

**Biology 111. Environmental Science with Laboratory**
Fall, spring. Credit, four hours. Basic ecological concepts, study of natural and human affected ecosystems, application of ecological principles to local and global environmental problems. Equivalent to ENVS 131 for environmental studies majors. This course does not fulfill requirements for the biology major. Three hours of lecture and one three-hour laboratory per week.

**Biology 120. Concepts in Biology with Laboratory**
Spring. Credit, four hours. Principles of genetics, physiology, taxonomy, and evolution with special reference to contemporary life situations. Intended for nonscience majors. Three hours of lecture and one three-hour laboratory per week. This course does not fulfill requirements for medical and dental schools. Biology 120 is not open for students who have credit for Biology 141.

**Biology 121, 122. Human Anatomy and Physiology I and II with Laboratory**
Fall, spring. Credit, four hours each semester. Prerequisite: for Biology 122, Biology
121. These courses emphasize the structure and function of the human body and use a systemic approach incorporating both anatomy and physiology. Biology 121 includes a survey of body tissues and the muscular, skeletal, and nervous systems. Biology 122 continues with the endocrine, circulatory, respiratory, immune, digestive, urinary, and reproductive systems. Labs in both courses involve dissection, study of human specimens, and basic experiments in physiology. The two-course sequence is required for prenursing and for many allied health programs. Interested students and those planning study in anthropology, psychology, kinesiology, recreation, or physical education would find these courses helpful. Three hours of lecture and one three-hour laboratory per week. Does not fulfill requirements for the biology major.

Biology 135. Plants and Society with Laboratory
Fall. Credit, four hours. Basic principles of botany. Emphasis on uses of plants by cultural groups worldwide. Includes medicine, food, materials, biotechnology, environmental issues, and more. Three hours of lecture and one three-hour laboratory per week.

Biology 141. Cell Biology and Genetics with Laboratory
Fall, spring. Credit, four hours. No prerequisites; freshman placement recommended. The study of cell structure and function including cellular metabolism, fundamentals of genetics, evolution and population genetics. Emphasizes scientific inquiry. Three hours of lecture and one three-hour laboratory per week.

Biology 143. Advanced topics in Genetics and Molecular Biology with Laboratory
Spring. Credit, four hours. Prerequisite: Biology 141. Genetic mechanisms in bacteria, viruses and eukaryotes including regulation of gene expression, gene interaction, control of cell division, and development. Emphasizes research questions, techniques, and applications. Three hours of lecture and one three-hour laboratory per week.

Biology 235. Field Botany with Laboratory
Spring. Credit, four hours. Prerequisite: one biology course or permission of instructor. Study of plants in their natural habitats, including plant morphology, ecology, and ethnobotany. Students need to have a basic understanding of plant structure. This course counts toward the biology and environmental studies majors. Three hours of lecture and one three-hour laboratory per week.

Biology 242. Animal Architecture and Physiology with Laboratory
Fall. Credit, four hours. Prerequisites: Biology 141 or permission of instructor. Architecture, physiology, behavior and evolution of major invertebrate phyla and the chordates. Course includes field and laboratory investigations with living organisms and dissections of preserved specimens. Three hours of lecture and one three-hour laboratory per week.

Biology 245. Freshwater Ecology with Laboratory
Fall. Credit, four hours. Prerequisite: one biology course or permission of instructor.
The study of basic ecological processes and organisms present in freshwater ecosystems. This course counts toward the biology and environmental studies majors. Three hours of lecture and one three-hour laboratory per week.

**Biology 285R. Special Topics in Biology**
Variable credit. Prerequisite: permission of instructor. Seminar or advanced course in selected biology topics. May be repeated for credit when topic varies. This course does not satisfy distribution requirements in natural science and mathematics.

**Biology 299. Independent Study**
Variable credit. Prerequisite: permission of instructor. Independent study for students who have taken at least one course in biology. Requires an independent project. This course does not satisfy distribution requirements in natural science and mathematics.

**CHEMISTRY**

**Chemistry 100. Introductory Chemistry with Laboratory**
Fall, spring. Credit, four hours. Prerequisite: Math 100C or placement in a higher numbered math course. Introduction to chemistry and its applications: Topics include matter, energy, gases, solutions, and acids and bases, with some quantitative problem solving. Three hours of lecture and one three-hour laboratory per week. This course is designed primarily for prenursing students and nonscience majors. Chemistry 100 is not open to students who have credit for Chemistry 141.

**Chemistry 120. Selected Topics in Chemistry with Laboratory**
Spring. Credit, four hours. Prerequisite: Chemistry 100 or 141; Chemistry 141 students should review acid-base chemistry and buffers. A survey course of organic chemistry in biochemistry context and its utility in the health sciences; designed for prenursing students and nonscience majors. Three hours of lecture and one three-hour laboratory per week.

**Chemistry 141. General Chemistry I with Laboratory**
Fall, spring. Credit, four hours. Prerequisite: Math 101 or 110A or permission of the Chemistry department as stated in placement recommendations. Laws and theories of chemistry, atomic and molecular structure, chemical bonding, stoichiometry, gases, liquids, solids, and properties of solutions. A working knowledge of algebra is required. Three hours of lecture and one three-hour laboratory per week.

**Chemistry 142. General Chemistry II with Laboratory**
Spring. Credit, four hours. Prerequisite: Chemistry 141. Equilibrium, kinetics, acids and bases, electrochemistry, chemical properties of metals and nonmetals, and qualitative analysis. Three hours of lecture and one three-hour laboratory per week.
Chemistry 221. Organic Chemistry I
Fall. Credit, four hours. Prerequisite: Chemistry 142. Classes of organic compounds, bonding, stereochemistry, structure and reactivity, nucleophilic substitution reactions, and elimination reactions. Three hours of lecture per week.

Chemistry 221L. Basic Organic Chemistry Laboratory I
Fall. Credit, one hour. Taken with Chemistry 221. One three-hour laboratory per week.

Chemistry 222. Organic Chemistry II
Spring. Credit, four hours. Prerequisite: Chemistry 221. Classes of organic compounds, electrophilic aromatic substitution reactions, and nucleophilic aromatic substitution reactions. Three hours of lecture per week.

Chemistry 222L. Basic Organic Chemistry Laboratory II
Spring. Credit, one hour. Prerequisite: Chemistry 221L. Taken with Chemistry 222. One three-hour laboratory per week.

Chemistry 260. Quantitative Analytical Chemistry with Laboratory
Spring. Credit, four hours. Prerequisite: Chemistry 221 or permission of instructor. Analytical techniques including atomic and molecular spectroscopy, gas and liquid chromatography, and electrochemistry. Statistical analysis of chemical data, including model-fitting using regression. Three hours of lecture and one three-hour laboratory per week.

Chemistry 297R. Directed Study
TBA. Variable credit. Prerequisite: permission of instructor. Directed study for students who have taken at least one course in chemistry. Selected chemistry topics. May be repeated for credit when topic varies. Credit to be arranged. This course does not satisfy distribution requirements in natural science and mathematics.

Geosciences 115. Meteorology and Climatology with Laboratory
Spring. Credit, four hours. No prerequisite. The nature of the atmosphere, meteorological processes, and climatic regions of the world, including botanical zonation and climatic factors influencing people and nations. Three hours of lecture and one three-hour laboratory per week.

Geology 141. Physical Geology with Laboratory
Fall. Credit, four hours. No prerequisite. Introduction to planet earth: fundamental concepts of geology developed through the study of minerals, rocks, plate tectonics, volcanoes, and forces shaping the earth’s surface. Three hours of lecture and one three-hour lab per week.
Geology 142. Evolution of the Earth with Laboratory
Spring, alternate years. Credit, four hours. Prerequisite: Geology 141. History of the earth in the context of changing environments. Special emphasis on the methods of analysis, environments of deposition, and organic change as seen through fossils. Three hours of lecture and one three-hour laboratory per week.

Geology 199R. Independent Study
TBA. Variable credit. Independent study for environmental studies majors who have taken Geology 141 and 142 or Geology 141 and 250. Requires an independent project approved by the instructor. This course does not satisfy distribution requirements in natural science and mathematics.

Spring, alternate years. Credit, four hours. No prerequisite. Emphasis on the geologic nature of nonmetallic, metallic, and energy resources. Course includes the historic development, uses, environmental concerns, and future potential of these resources. Three hours of lecture and one three-hour laboratory per week.

Geology courses with off-campus component

Geology 100N. Desert Geology
Off-campus course. Summer, alternate years. Credit, four hours. Prerequisite: permission of instructor. Additional tuition is required. Study of the climatologic origin and the geomorphology of deserts. Also includes morphological, physiological, and behavioral adaptations to life in a dry environment, and study of the ecological zones and geology of Big Bend National Park. Classes meet weekly during the semester, followed by a twelve-day field trip to Chihuahuan Desert in Big Bend National Park, Texas.

Geology 200N. Dinosaurs and Their World
Off-campus course. Summer, alternate years. Credit, four hours. Prerequisite: permission of instructor. Additional tuition is required. Classroom and field course dealing with dinosaurs and their Mesozoic time frame. Includes a field trip to the western United States to study discovery sites and museum exhibits.

Geology 220N. Modern and Ancient Tropical Environments
Off-campus course. Interim. Credit, four hours. Prerequisite: Geology 141 and permission of instructor. Additional tuition is required. Field study of modern and ancient tropical environments using the Bahamas Platform as a case study. Geological, biological, and paleontological analysis of terrestrial and marine ecosystems during winter break on San Salvador Island, Bahamas. Classes meet weekly during the semester.

Geology 235N/English 235N. Geology and Culture in Scotland
Off-campus course. Summer. Credit, four hours. Prerequisite: permission of instructor. This interdisciplinary course explores the connections between the geological basis of Scottish landscape, history, and literature. Class meets during spring semester followed by field trip to Scotland. Students registering for Geology 235N will do a geological
field-based project in Scotland. Students registering for English 235N will do a literature-based project.

**PHYSICS AND ASTRONOMY**

**Astronomy 116. Introductory Astronomy with Laboratory**  
Spring. Credit, four hours. Prerequisites: high school chemistry and Math 100C or placement in a higher numbered mathematics course. Fundamental concepts and principles of astronomy. Laboratory weekly; observing session weekly as weather permits.

**Physics 141. Introductory Physics I with Laboratory**  
Fall. Credit, four hours. Prerequisite: Math 111 or Math 110A. Elementary course covering the principles of mechanics, heat, thermodynamics, and wave motion. Methods of calculus are introduced and used where appropriate. Three hours of lecture and one three-hour laboratory per week.

**Physics 142. Introductory Physics II with Laboratory**  
Spring. Credit, four hours. Prerequisite: Physics 141. Optics, electricity and magnetism, and atomic and nuclear physics. Three hours of lecture and one three-hour laboratory per week.

**Physics 151. General Physics: Mechanics with Laboratory**  
Fall. Credit, four hours. Corequisite: Mathematics 112 and permission of instructor. A calculus-based introductory course covering mechanics, thermodynamics, and wave motion. Three hours of lecture and one three-hour laboratory per week.

**Physics 152. General Physics: Electricity, Magnetism, and Optics with Laboratory**  
Spring. Credit, four hours. Prerequisite: Physics 151. A continuation of Physics 151 covering electricity, magnetism, and geometric and wave optics. Three hours of lecture and one three-hour laboratory per week.

**MATHEMATICS and COMPUTER SCIENCE**

The mathematics department provides placement information to academic advisers for each entering student. This information is based on the student's performance on the mathematics placement test, the student's high school record, and SAT (or ACT) scores. Students who wish to have their placements reviewed should see the appropriate member of the mathematics faculty. A student may not receive credit for an advanced placement examination in calculus if the student completes the course corresponding to the examination or a lower numbered course in the Math 100C, 110A, 110B, 112 or
Math 111/112 sequence. A student may not receive distribution credit for an advanced placement examination in statistics if the student’s placement information indicates the need to complete Math 100C. After the student successfully completes Math 100C, the student may request that the AP statistics credit be used for a distribution requirement in mathematics. Four semester hours of credit will be granted for Mathematics 111 for a score of three on either of the calculus examinations if the student is placed in Mathematics 112 and completes the course with at least a grade of C; four semester hours of credit will be granted for AP scores of four or five on the AB test or on the AB subtest of the BC test. Eight semester hours of credit (including credit for Mathematics 111) will be granted for a score of four or five on the calculus BC examination. Students receiving credit for the calculus BC examination may not receive credit for the calculus AB examination. Students who do not receive credit for the calculus BC or calculus AB examination but have a score of four or five on the calculus AB subgrade will be granted four hours credit. A student may not receive all eight hours for distribution requirements for a BC score of four or five unless the student’s placement indicates that it is appropriate. Such students receive either four hours distribution (Math 111) and four hours elective or eight hours distribution (for Math 111-112).

Mathematics 100C. Introduction to College Mathematics
Fall, spring. Credit, two hours. Registration is by permission of the mathematics department. This course is designed for students who need to strengthen their mathematical backgrounds before entering regular college mathematics courses. The course includes a review of algebra and topics from discrete mathematics. Students attend three hours of lecture and one two-hour special session (laboratory) per week. This course may not be taken for credit by students who have received credit for another mathematics course. Students who successfully complete Math 101 (summer school) or 110A will lose prior credit for Math 100C.

Mathematics 107. Introduction to Probability and Statistics
Fall, spring. Credit, four hours. Prerequisite: Math 100C or permission of the mathematics department as stated in placement recommendations. Basic concepts in counting, probability, hypothesis testing, linear regression and correlation, ANOVA, plus several nonparametric models. Calculator is required.

Mathematics 110A, B. Calculus I with Precalculus
Fall, Spring. Credit, four hours. Prerequisite: Placement or Math 100C. Math 110A is a prerequisite for Math 110B. Math 110A, B is a two semester-sequence that integrates precalculus into Calculus I with early transcendental functions. At the end of Math 110B the student is prepared to take Calculus II, Math 112. Math 110A does not satisfy distribution requirements.

Mathematics 111, 112. Calculus I and II
Fall, spring. Credit, four hours each semester. Prerequisite: for Math 111, permission of the mathematics department as stated in placement recommendations. This sequence
includes differential and integral calculus of algebraic and transcendental functions of one variable, with applications and infinite series, including power series.

Mathematics 112Z. Calculus II
Fall. Credit, four hours. Prerequisite: first-year students only, by invitation of the mathematics department in accordance with placement. Topics in Mathematics 112 with a review of introductory concepts.

Mathematics 119. Calculus with Business Applications
Fall. Credit, four hours. Prerequisite: Placement or Math 110A. Limits, derivatives, and integrals of algebraic, logarithmic, and exponential functions; functions of several variables; applications to business emphasized as well as fundamental ideas such as rates, velocity, slope, and area.

Mathematics 120. Introduction to Pure Mathematics
Fall or spring. Credit, four hours. Prerequisite: Math 100C or permission of the mathematics department as stated in placement recommendation. Proofs and the foundations of mathematical thought, namely, definitions, axioms, and logic. Specific topics include geometry and number theory. Intended for nonmathematics majors.

Computer Science 150. Introduction to Computers and Programming, with Laboratory
Fall, spring. Credit, four hours. Prerequisite: Math 100C or permission of the mathematics department as stated in placement recommendations. A service course covering fundamental computer concepts, problem solving using computers, and principles of programming. Three hours of lecture and one one-hour laboratory per week.

Computer Science 170, 171. Introduction to Computer Science I and II with Laboratory
Fall. Credit, four hours. Prerequisite: Computer Science 150 or permission of the mathematics department as stated in placement recommendations. Introductory sequence for students starting course work in computer science, covering fundamental computing concepts, object-oriented and procedural programming, and basic data structures. Programming in Java in a Unix environment. Three hours of lecture and one one-hour laboratory per week.

Computer Science 224. Mathematical Foundations of Computer Science
Fall. Credit, four hours. Corequisite: Math 112. This course introduces elementary mathematics necessary for the computer science curriculum. Topics include proof-writing, sets, functions, logic, quantifiers, graphs, automata, and languages. This course does not satisfy distribution requirements.

Mathematics 207. Probability and Statistics
Spring. Credit, four hours. Prerequisite: Math 112 or permission of instructor. Development and use of mathematical models from probability and statistics, with applications.
Mathematics 211. Multivariable Calculus
Fall. Credit, four hours. Prerequisite: Math 112. Vectors, multivariable functions, partial derivatives, multiple integrals, vector and scalar fields, Green’s and Stokes’s theorems, and divergence theorem.

Mathematics 212. Differential Equations
Spring. Credit, four hours. Prerequisite: Math 112. Ordinary differential equations with applications.

Mathematics 221. Linear Algebra
Spring. Credit, four hours. Prerequisite: Math 112 or permission of instructor. Systems of linear equations and matrices, determinants, linear transformations, vector spaces, and eigenvectors.

Mathematics 250. Foundations of Mathematics
Spring. Credit, four hours. Prerequisite: Math 112. An introduction to theoretical mathematics, logic and proof, sets, induction, abstract algebraic structures, and the real number line.

Mathematics 285R. Special Topics in Mathematics
TBA. Variable credit. Prerequisite: As specified by the instructor. Course in selected topics in mathematics, the history of mathematics, or the connections between mathematics and scientific inquiry not offered in regular or advanced courses or seminars.

Mathematics 297R. Directed Study
TBA. Variable credit. Topics and credit to be arranged. This course does not satisfy distribution requirements in natural science and mathematics.

Computer Science 297R. Directed Study
(Same as Mathematics 297R)

Physical Education and Dance
Professor England; Associate Professor Doherty; Assistant Professors Hutchinson, Sherman, and Yang; Lecturer Gonzales.

Oxford College is committed to the liberal arts. The liberal arts curriculum for centuries has included the study of physicality and its relationship to mind and spirit. From Plato’s Academy to the present, institutions that espouse the study of the liberal arts make physical education an integral part of the curriculum. The study of physicality includes but is not wholly limited to:
1. The refinement of the senses.
2. The maintenance of health, physical strength, and stamina.
3. The management and control of body-based emotions.
4. An appreciation of kinesthetic awareness, which includes the joy of movement and exploration of human movement as a form of expression.

5. The acquisition and refinement of perceptual motor skills.

6. An awareness that there is an intrinsic relationship between body, mind, and spirit and that inadequacies in one of these affects the other two.

Courses within the three areas in the Division of Physical Education and Dance emphasize elements of physicality with some elements being emphasized more than others. By enrolling in three courses in three different areas students will be exposed to all six elements of physicality to one degree or another.

Students, including those participating in junior varsity or varsity athletics, are required to take a course in the Division of Physical Education and Dance in at least three of their four semesters in residence. These courses must include one from each of three areas (aquatics, health-fitness, and lifetime activities), unless a student's aquatics placement permits the substitution of a course. A student may take the substitution course in the health/fitness area, the lifetime activities area, or he or she may take lifeguard training (PE 113).

First-year students must complete a physical education course each semester of their first year, unless granted an exemption by the dean of academic affairs in consultation with the physical education instructor and/or the chair of the Division of Physical Education and Dance. First-year students may not take two courses in one semester during their first year. The third course must be completed during the sophomore year. Sophomores may enroll in a second course during the same semester only with the permission of chair of division of PE and dance and dean of academic affairs. Note: Since Emory College requires four one-semester hour courses in physical education for graduation, it is strongly recommended that students take their fourth physical education course at Oxford.

No exceptions are made for the physical education requirement. All students are required to complete a physical activity screening form providing physical education instructors with any medical information pertinent to participation in physical activity. If a student is disabled or in some way incapacitated due to illness prior to registration, the student must enroll in a course under one of the three emphasis areas. The courses will be adjusted to fit the needs of the student so that the student will be able to meet the distribution requirements (see “Distribution Requirements,” p. 8). If a student is incapacitated while enrolled in a course, adjustments for completing the course will be made.

**SPECIAL COURSES**

**Physical Education 199. Directed Study**

Fall, spring. Credit, one hour. Independent study of catalog-listed activities at the advanced level. Students must have permission of faculty member to enroll. Activity planned and executed by the individual student under faculty guidance. May be taken under any of the three areas, but only once. This course does not satisfy area requirements in physical education.
HEALTH/FITNESS AREA

All health/fitness area courses include the topics of nutrition, body composition, principles of strength, cardiovascular, and flexibility training, and health benefits. Additional topics, specific to each course, are described below.

**Physical Education 100. Heath/Conditioning**
Fall, spring. Credit, one hour. A basic health course that includes physical individual activities to increase cardiovascular fitness. Health concepts will emphasize personal responsibility for the student's well being.

**Physical Education 101. Weight Training**
Fall, spring. Credit, one hour. Physiological basis of weight training. Skeletal muscle anatomy and physiology. A variety of weight training programs will be used to increase muscular fitness.

**Physical Education 103. Fitness Swimming**
Fall, spring. Credit, one hour. Prerequisite: Only those students who have been placed out of aquatics, who have successfully taken PE 112 Advanced Beginning Swimming or permission of instructor to enroll in this class. A basic health course that includes swimming to increase cardiovascular fitness.

**Physical Education 104. indoor Cycling/Conditioning**
Fall, spring. Credit, one hour. A basic health course using a modified stationary bicycle to simulate outdoor cycling for both novice and experienced cyclists. Involves a general cardiovascular program focused and defined on the biomechanics of indoor cycling.

**Physical Education 220R. Topics in Health/Fitness**
TBA, with permission of instructor. Credit, one hour. Specific topic(s) to be announced when course is offered. Counts toward health/fitness area.

AQUATICS AREA

Student's aquatics placement is based on the student's performance on the Oxford College aquatics placement test during new student orientation. All students are required to attend placement testing during first-year student orientation. At the test, students will be assigned to nonswimmers (PE 110), intermediate beginning swimmers (PE 111), advanced beginning swimming (PE 112), or they will be exempt from the aquatics requirement. Students can enroll only in the class in which they are placed.
Physical Education 110. Beginning Swimming
Fall, spring. Credit, one hour. Placement or permission of instructor only. Develops the nonswimmer’s skills in basic strokes and personal water safety skills. The survival stroke and other drownproofing techniques are stressed.

Physical Education 111. Intermediate Beginning Swimming
Fall, spring. Credit, one hour. Placement or permission of instructor only. Develops the beginning swimmer’s (one who is not afraid of the water, but is not comfortable in deep water) skills in basic strokes and personal safety skills. The survival stroke and other drownproofing techniques are stressed.

Physical Education 112. Advanced Beginning Swimming
Fall, spring. Credit, one hour. Placement or permission of instructor only. For students who are not afraid of deep water and who are not good swimmers. Development of stroke mechanics and personal water safety skills. Drownproofing techniques are stressed.

Physical Education 113. Lifeguard Training
Fall. Credit, one hour. Prerequisite: lifeguard skills pretest required at the first class meeting of the semester. Designed for accomplished swimmers. Covers skills and knowledge required for effective lifeguarding at swimming pools. Includes CPR for the professional rescuer.

Physical Education 210R. Topics in Aquatics
TBA, with permission of instructor. Credit, one hour. Specific topic(s) to be announced when course is offered. Counts toward aquatics area.

LIFETIME ACTIVITIES AREA

Physical Education 120. Skin and Scuba Diving
Fall, spring. Credit, one hour. Techniques and requirements for scuba-diving certification. Student must display proficient water skills to be enrolled and must provide a physician’s approval for taking scuba at the first class meeting. Each student enrolled will be charged an equipment fee payable on the first day of class. Certification in scuba diving (P.A.D.I.) is not a part of this course. Certification is not computed in the final grade. Those seeking certification do so on their own, and an extra fee (for travel and equipment) is charged. Thus, a student wishing to become certified does not do so as an Oxford College student. Such persons bear all the responsibilities and waive all claims against Oxford College.

Physical Education 121. Recreational Dance
Fall, spring. Credit, one hour. A survey of selected folk dances and ballroom dances related to social and recreational skill development and appreciation of cultural diversity.
Physical Education 122. Beginning Tennis
Fall, spring. Credit, one hour. Intermediate/advanced players should not take this course (those above 2.5 USTA rating). Those who do may be subject to intermediate/advanced grading standards at the discretion of the instructor. History, rules, ground strokes, serve, volley, and singles strategy and play. Students must furnish racket.

Physical Education 125. Badminton
Fall, spring. Credit, one hour. Combines unique, explosive movements along with relevant strokes. Basic skills, rules, and court procedure for playing singles, doubles, and mixed doubles.

Physical Education 126. Beginning Golf
Fall, spring. Credit, one hour. Advanced golfers may not take this course. Development of basic golf swing, chipping, and putting. Basic rules necessary to play game. Student must furnish clubs.

Physical Education 127. Beginning Tai Chi Chuan
Fall, spring. Credit, one hour. Through tai chi forms and movements, one develops coordination, flexibility, improvement of level of concentration, and acquires stress release techniques. Discussion of Eastern culture is included.

Physical Education 127Q. Tai Chi Chuan and Chinese Kung Fu
Off-campus course. Summer. Credit, one hour. PE 127Q must be taken in tandem with PE 199 as a Co-requisite (credit, one hour). Permission of instructor. Additional tuition is required. Through learning tai chi forms (twenty-four-form Yang style) and movements, students improve their coordination, flexibility, strength, balance, concentration, and reduce stress. Topics also cover Eastern culture and philosophy, qi gong meditation, self defense, and introduction to various styles of Chinese kung fu techniques. PE 199 is a directed study in advanced tai chi chuan that involves tai chi pushing hands, tai chi meditation, and an introduction to a new form of Chinese qi gong meditation.

Physical Education 128. Yoga
Fall, spring. Credit, one hour. This course is an introduction to some of the basic yoga postures and breathing techniques. Students will study the major yoga lineages.

Physical Education 129. Karate and Self Defense
Fall, Spring. Credit, one hour. Introduction to the history, philosophy, and basic knowledge of karate, self defense and martial arts in general. Students are introduced and taught a variety of skills in karate, self defense, and martial arts with an emphasis on self discipline.

Physical Education 130. Stress Management Activity
Fall, spring. Credit, one hour. Basic principles for developing physical and mental strategies to achieve states of relaxation. The student will engage multiple modes of physical activity that can promote effective stress management. Time management, breathing and meditation practice, and effective communication skills will be included.
Physical Education 133. Beginning Dance Technique
Fall, spring. Credit, one hour. Advanced dancers should not take this course. Introduction to the basic technique of ballet, jazz, and modern dance. Major choreographers from each dance form will be discussed.

Physical Education 200R. Topics in Lifetime Activities
TBA, with permission of instructor. Credit, one hour. Specific topic(s) to be announced when course is offered. Counts toward lifetime activity area.

History and Social Sciences
Professors Lewis, McQuaide, Owen-Smith, and Shapiro; Associate Professors Carter, Cody, Leinweber, and Maddox; Assistant Professors Ashmore, Dirks, and Singer.

The need for students to acquire knowledge of the enduring values of Western civilization and of concepts that underlie these values imbues the purpose of the History and Social Sciences Division. This purpose presumes that responsible members of society can develop only from persons who understand their roots and whose convictions are the result of critical thought rather than simple acculturation. This is the foundation for the disciplines of the division, which also provide the academic basis for a variety of professional and vocational options.

Anthropology 397R, Business 210, Political Science 397R, Psychology 397R, Sociology 397R, and History 397R do not fulfill the distribution requirements in history and social sciences.

ANTHROPOLOGY

Anthropology 101. Introduction to Anthropology
Fall, spring. Credit, four hours. Survey of the study of the human species: biocultural evolution, prehistory, language, and comparative social and cultural systems.

Anthropology 120N. Field Studies in North American Prehistory and Paleoecology
Off-campus course. Summer. On demand. Credit, four hours. Prerequisite: permission of instructor (course limitations will be imposed depending on budget, but probably eight to twelve students). Survey of North American prehistory and paleoecology, focusing on the peopling of the Americas and megafaunal extinction. Includes a trip to the Mammoth Site of Hot Springs, South Dakota.

Anthropology 140. Evolutionary Anthropology
On demand. Credit, four hours. Not open to students who have credit for Anthropology 101. May be taken instead of Anthropology 101; credit not given for both courses. Issues related to human condition illustrate principles of evolutionary biology, human
variation, and behavioral biology. Overpopulation, disease, pollution, racism, sexism, and violence are analyzed from a biocultural perspective.

**Anthropology 201. Concepts and Methods in Biological Anthropology**
Fall. Credit, four hours. Prerequisite: Anthropology 101 or permission of instructor. Evolution of the human species, fossil populations, human variation, and primate behavior. Weekly lab.

**Anthropology 202. Concepts and Methods in Cultural Anthropology**
TBA. Credit, four hours. Prerequisite: Anthropology 101 or permission of instructor. Basic concepts and theories of cultural anthropology. Comparative economic and political systems, social organization and the family, belief systems, and modes of communication. Diverse levels of sociocultural complexity from tribal to industrial societies.

**Anthropology 302. Primate Behavior and Ecology**
Spring, alternate years. Credit, four hours. Prerequisites: Anthropology 101, 201, or permission of instructor. A survey of living, nonhuman primates from ecological and behavioral perspectives.

**Anthropology 385R. Special Topics in Anthropology**
TBA. Credit, four hours. Prerequisites: Anthropology 101 and permission of instructor and of the chair of the History and Social Sciences Division. Seminar or lecture series on topics of special anthropological concern. May be repeated for credit when topic varies.

**Anthropology 397R. Directed Study**
TBA. Variable credit. Prerequisites: Anthropology 101 and permission of instructor. Independent reading and research under the direction of a faculty member. Students must submit for instructor approval a one-page written proposal of the work to be done. This course does not satisfy distribution requirements in history and social sciences.

**BUSINESS**

**Business 210. Financial Accounting**

EDUCATIONAL RESOURCES

Libraries
Hoke O’Kelley Memorial Library
The Hoke O’Kelley Memorial Library provides resources, facilities, and services for research and study at Oxford College. The collection contains more than 80,000 volumes, three hundred current periodical subscriptions, audiovisual materials, and microform materials. From the library’s web page, users may access more than two hundred computerized subject databases, more than seventeen thousand electronic journals, and electronic reserves and syllabi in support of research and learning. The library building has computer labs, individual carrels, rooms for group study, facilities for use of audiovisual materials, and a videoconferencing center.

In addition to providing individual reference assistance, library staff members work with faculty members to provide library instruction in conjunction with specific courses. Interlibrary loan services provide access to materials in all Emory libraries and other libraries in the United States.

Emory’s automated library system provides access to materials available at Oxford and at the other Emory libraries. This online catalog is available in all libraries, residence halls, and from off-campus residences.

Other Emory University Libraries
Oxford College students have access to resources in other Emory libraries: the Robert W. Woodruff Library, the Goizueta Business Library, the James Samuel Guy Chemistry Library, the Hugh F. MacMillan Law Library, the Health Sciences Library, and the Pitts Theology Library. Total collections for the University number approximately 2.7 million volumes, 1.5 million microforms, 38,000 microfilm reels, 5,600 linear feet of manuscripts, and a growing inventory of nonprint materials. The libraries maintain 16,000 subscriptions to serials and periodicals.

Information Technology Facilities
Oxford College provides an extensive range of workstations, software, networking, and services to the college community. Student computing services include five information technology labs located across campus in Pierce Hall, the library, Humanities Hall, and Jolley Residential Center. Multiple email and web kiosks provide network access within a few steps from anywhere on campus. The library offers wireless networked laptop computers for check out. Residence hall rooms have multiple ethernet connections for broadband network access for student-owned workstations. Oxford’s new digital technology center, Kaleidoscope, is an experimentation and production facility offering specialized technologies such as digital video editing, QuickTime video/audio streaming, website production, presentation preparation and rehearsal, color laser printing, CD/DVD burning, and more. Wireless network access is available in selected buildings.

Some courses are taught in computing labs, technology enabled classrooms, or use a twenty-laptop wireless portable cart; others use technology for special projects or provide instructional software across the network. All workstations are networked and can seamlessly access resources at Emory and the Internet. Students receive free network
IDs for email, web hosting, file transfer, and Internet access. Technology consulting is available for class projects, residence hall connections, and general assistance.

During student orientation, students are introduced to the technology resources and provided brief instruction on using the Oxford/Emory network. Classes involving extensive use of technology also provide students with instruction during class.

Writing Center
The Oxford Writing Center offers tutoring in writing and composition for any class. The tutors are students with diverse majors and interests who can help students with structure, organization, style, and grammar. The center in Language Hall is open twenty-five to thirty hours a week (770.784.4722). Refer to the website at www.emory.edu/OXFORD/WRitingCenter.

Math Tutors
Math tutors are available at scheduled times Sunday through Thursday in the Gregory Room of the Jolley Residential Center. Tutors are typically sophomores who have excelled in math courses at Oxford, and they tutor for a wide range of courses: Math 100C, Math 100A, Math 110B, Math 111, Math 112, and Math 107.

Currently there is no one-on-one tutor system. However, if a student wants to hire a private tutor in mathematics or in computer science courses he or she may contact Fang Chen for more information. For more information, refer to the website at www.emory.edu/OXFORD/CLASS/Rogers/tutor.html.

English as a Second Language Program (ESL)
This program offers intensive classroom instruction for one semester to high proficiency students whose first language is not English, followed by continuous out-of-classroom support and one-on-one tutoring through the Writing Center.

Supplemental Instruction
Supplemental Instruction (SI) is an academic assistance program that targets traditionally difficult courses (those with a high rate of Ds, Fs, or Ws), and provides student mentors known as SI Leaders who offer peer-assisted review sessions. Meeting twice a week usually in the evenings, these small sessions help students master course content, increase study skills, and improve performance in the selected courses. For further information refer to the website at www.emory.edu/OXFORD/ SI/.
Disability Services

Oxford College and Emory University are committed to ensuring that all University goods, services, facilities, privileges, advantages, and accommodations are meaningfully accessible to qualified persons with disabilities in accordance with the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, and other pertinent federal, state, and local laws.

The Office of Disability Services (ODS) serves as the clearinghouse to process and facilitate all accommodation request for students who meet the eligibility requirements. Such services include but are not limited to: alternative testing (extended time), notetaking, taped textbooks, and advocacy.

Oxford College's program functions as a seamless operation of the quality of services being provided to students at the Emory campus location. The ODS staff is the same with a designated (permanent part time) staff at the Oxford campus located in the Student Health Center.

It is the student's sole responsibility to initiate the process for the consideration of an accommodation. All students must self-disclose to ODS and complete the registration process.

More detailed information is available on the website at www.ods.emory.edu, or make request directly to the Office of Disability Services, Emory University, 201 Dowman Drive, University Administration Building, Suite 110, Atlanta, Georgia 30322, 404.727.6016 (v) or 404.712.2049 TDD.

Health Services

Student Health Service

The Student Health Service offers basic health services that include evaluations and treatment of general medical problems and minor emergencies, referrals to specialists, individual and group health education, and access to reference materials about various health and wellness topics. The Student Health Service is under the direction of a nationally certified nurse practitioner in collaboration with a board-certified internist.

All currently enrolled students are eligible for basic services available through the nurse practitioner at no cost. Students with special or complex and chronic health problems may be referred to the medical adviser for additional evaluation at no cost. However, students are financially responsible for fees associated with the following services: laboratory tests, X-rays, hospitalization, hospital emergency room visits, prescription medicines, medical supplies, and referrals to health care providers not associated with Oxford.

In the event of serious illness or accident, parents or guardians will be informed. When a parent or guardian cannot be located, the college reserves the right to make decisions concerning emergency health care.

Prior to registration, all students are required to complete an Entrance Medical Record. All immunizations must be current. A hold may be placed on a student's record if compliance is not met. For additional information about health services, you may visit our website at www.emory.edu/ OXFORD/ CampusLife/ Departments/ Health.
Counseling Center
The Counseling Center offers free, confidential counseling for personal and career-related issues. Services include individual therapy, problem-solving sessions, career assessment, consultations, and referral to appropriate on-campus and off-campus resources. Students also may avail themselves of the Counseling and Career Resource Room, which contains books, computer programs, audio tapes, and videotapes on mental health, study skills, and career-related topics. The Counseling Center is involved actively in campus outreach. Speakers from the Counseling Center are available to make presentations to campus groups. Refer to the website at www.emory.edu/ OXFORD/ CampusLife/ Departments/ Counseling

Residential Education and Services
In addition to addressing matters related to living arrangements, Residential Education and Services (RES) contributes to student success by supporting academic effort within living communities. RES is dedicated to promoting both personal and academic success by providing activities related to individual growth and leadership skill development.

The Community Assistant (CAs) program gives residential students opportunities to experience a campus atmosphere conducive to balance between scholastic achievement and campus life. CAs are knowledgeable about available campus resources to assist students in managing their academic load and plan activities accordingly. CAs also coordinate occasions for student and faculty interaction outside of the classroom.

ORAU
Since 1946 students and faculty of Emory University have benefited from its membership in Oak Ridge Associated Universities (ORAU). ORAU is a consortium of eighty-eight colleges and universities and a contractor for the United States Department of Energy (DOE) located in Oak Ridge, Tennesse. ORAU works with its member institutions to help their students and faculty gain access to federal research facilities throughout the country; to keep its members informed about opportunities for fellowship, scholarship, and research appointments; and to organize research alliances among its members.

Through the Oak Ridge Institute for Science and Education (ORISE), the DOE facility that ORAU operates, undergraduates, graduates, postgraduates, as well as faculty enjoy access to a multitude of opportunities for study and research. Students can participate in programs covering a wide variety of disciplines including business, earth sciences, epidemiology, engineering, physics, geological sciences, pharmacology, ocean sciences, biomedical sciences, nuclear chemistry, and mathematics. Appointment and program length range from one month to four years. Many of these programs are designed to increase the number of underrepresented minority students pursuing degrees in science- and engineering-related disciplines. A comprehensive listing of these programs and other opportunities, their disciplines, and details on locations and benefits can be found in the ORISE Catalog of Education and Training Programs, which is
available at www.orau.gov/orise/educ.htm or by calling either of the contacts below.

ORAU’s Office of Partnership Development seeks opportunities for partnerships and alliances among ORAU’s members, private industry, and major federal facilities. Activities include faculty development programs, such as the Ralph E. Powe Junior Faculty Enhancement Awards, the Visiting Industrial Scholars Program, consortium research funding initiatives, faculty research, and support programs as well as services to chief research officers.

For more information about ORAU and its programs, contact Frank G. Stout, vice president for research administration and ORAU councilor for Emory University; Monnie E. Chapman, ORAU corporate secretary (865.576.3306); or visit the ORAU website (www.orau.org).

OLIVER WENDELL HOLMES
Requirements
First-year student applicants to Oxford must submit entrance credentials indicating graduation from a secondary school with at least sixteen acceptable units of work. Oxford strongly recommends the following:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Years</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>4</td>
</tr>
<tr>
<td>Mathematics (including Algebra II)</td>
<td>4</td>
</tr>
<tr>
<td>Foreign language</td>
<td>2</td>
</tr>
<tr>
<td>Social studies</td>
<td>3</td>
</tr>
<tr>
<td>Laboratory sciences</td>
<td>3</td>
</tr>
</tbody>
</table>

The applicant must also present satisfactory scores on the examinations of the College Entrance Examination Board (SAT: Oxford College code number 5186) or the American College Testing Program (ACT: Oxford College code number 0815).

To receive an application for admission, contact the Office of Admission, Oxford College, P.O. Box 1418, Oxford, Georgia 30054; 770.784.8328; or go to our online application at www.emory.edu/OXFORD.

Application Procedure
Application Fee
A nonrefundable processing fee of $40 must accompany each completed application.

Early Action/Scholar Applications
The Early Action Program is designed to enable students to learn of their admission early in their senior year. Students are offered admission at early action if the Admission Committee feels confident that they would be admitted at regular decision. While applicants admitted under this program may consider Oxford College their first choice, they will have the same deadline (May 1) as other candidates to reserve their place and are not obligated to accept the offer of admission. If your application cannot be accepted on an early action basis, we may defer the admission decision, ask for further supporting materials, and reconsider your application for regular decision.

All applicants who have an application for admission received by November 15 will be considered for the academic scholarship competition. The admission application and all supporting documents for early action/scholars must be received by November 15. Decisions will be announced in early January. Scholar finalists will then be invited to campus for Scholar Weekend.

Regular Decision/Rolling Admission
The priority date for applications is February 1. If the application is postmarked by this date, admission decisions will be mailed by March 15. Applications postmarked after February 1 are reviewed on a rolling basis and will have decisions mailed accordingly.
Admission Decisions
Upon notice of acceptance, a deposit of $375 is required, which will apply toward the first semester’s fees. The deposit may be refunded if requested before May 1 for summer or fall enrollment, and before December 15 for spring enrollment. Extensions will be granted on the deposit deadline if requested in writing by the student.

Entrance Medical Record
The Entrance Medical Record form will be sent to all students after they have been accepted. This form must be completed and returned to the Student Health Service prior to registration. A new Entrance Medical Record is required for readmission after an attendance lapse of one year or more.

Accelerated Degree Programs

Joint Enrollment
Up to thirty-two semester hours of credit may be allowed for course work taken at Oxford College or another accredited college or university in an approved joint enrollment program. Interested students should consult their high school counselors or write for more specific information to the associate dean for admission and financial aid, Oxford College, P.O. Box 1418, Oxford, Georgia 30054.

Advanced Placement (AP)
Oxford College will grant up to sixteen hours of AP credit according to the following guidelines: four semester hours of credit will be granted for each score of four or five on examinations of the Advanced Placement Program of the College Entrance Examination Board; four semester hours of credit in computer science for a score of three on either of the computer science examinations. The mathematics department gives credit for scores of three on the calculus and computer science examinations under special circumstances; for guidelines, see explanation on page 40. The French, German, and Spanish departments will review the examination booklets for scores of three and decide whether to award credit. No other departments will consider scores of three for credit. No credit will be granted at Oxford College for scores of one or two.

The Advanced Placement examination can be used to satisfy General Education Requirements in accordance with college policy. Whether such credit shall apply to Oxford’s distribution requirements and the General Education Requirements is a determination made by the faculty in the discipline granting the credit. Not more than eight hours of AP credit will be granted in the same academic division. Applicants should request that scores be sent to the Office of Records and Registration, P.O. Box 1328, Oxford, Georgia 30054.

International Baccalaureate (IB)
Oxford College recognizes the academic challenge of the International Baccalaureate and will grant credit for scores of five, six, or seven on the higher-level examinations. Such credit may be awarded in up to three disciplines. Students may not receive IB credit
in discipline if AP credit has been granted. No credit will be allowed for subsidiary-level examinations. Applicants should request that scores be sent to the Office of Records and Registration, P.O. Box 1328, Oxford, Georgia 30054.

Transfer Applicants
Requirements
Oxford welcomes applications from students who have attended other colleges.

If less than a year of college-level work has been completed, the high school transcript and SAT or ACT scores should be submitted as part of the admission application. An official college transcript should be sent from all previously attended colleges to the associate dean of admission and financial aid, Oxford College, P.O. Box 1418, Oxford, Georgia 30054. The student must be eligible to return to the previous institutions and should have an overall grade-point average equivalent to a B or better at Oxford to be considered.

Transfer students from approved colleges may receive credit at Oxford for previous work, provided their performance is creditable and the work consists of acceptable academic college-level courses. To qualify for the associate of arts degree and for continuation at Emory College, transfer students are required to take at least two semesters of residence at Oxford, earning a minimum of thirty-five credit hours, three of which must be in physical education. The physical education courses must be from the health fitness, lifetime and aquatics areas, unless a student’s aquatics placement test score permits the substitution of a course. In this case, a student may take the third course in any area, including aquatics. If a transfer student is at Oxford for only two semesters, the physical education requirement can be fulfilled by:

(a) taking two P. E. courses in one semester,
(b) attending summer school,
(c) completing the third Oxford P. E. during the first semester at Emory (by appeal to the dean of academic affairs only).

If a student chooses option b or c, the Oxford College AA degree would be awarded after completion of the third course.

Transient Study
Oxford students wishing to enroll for summer study at another institution must secure the written permission of their academic adviser. Since permission depends upon approval of the intended courses, students should contact their academic adviser well before the end of the spring semester to obtain a transient permission form. The transient permission form and catalog description should be turned in to the Office of Records and Registration. For credit to be received, an official transcript must be received in the Office of Records and Registration by October 1 of the year courses were taken.

Note: Transient study is only approved for the summer between the freshman and sophomore year of study at Oxford. Enrollment in at least a three semester hour or a five quarter hour course is acceptable for transient credit. If the institution gives three
semester hours of credit, three semester hours of credit will be awarded when the
student’s transcript with a grade of “C” or better is received. Students wishing to enroll
as transients at Oxford must also present written permission from their own dean or
registrar.

Readmission
To return to Oxford after withdrawing or being absent for one or more semesters (other
than the summer semester), students must complete a readmission form (available from
the Office of Records and Registration). There is no application fee for readmission.

Students requesting readmission after exclusion must petition for readmission
no later than four weeks prior to the end of the term preceding the one for which
readmission is requested (see “Probation and Exclusion,” p. 86).

Readmission following withdrawal for medical reasons requires clearance by
designated University health officials.

New Student Orientation
Oxford College offers an orientation program prior to the start of fall semester. All new
students are required to attend in order to become familiar with the campus, meet mem-
bers of the faculty and staff, take placement tests, and register for classes. New students
will be informed about dates and locations of orientation activities. Parents are urged
to attend events on the first day of orientation, meet the faculty and administration, and
become acquainted with the educational philosophy of Oxford College. Students enter-
ing Oxford College in the spring semester have a one-day orientation program prior to
the start of classes.

Continuation to Emory College
Early each spring semester, the staff, administration, and faculty of Oxford and Emory
colleges work to give Oxford’s rising juniors (“continuees”) the information and guid-
ance required to continue as Emory College juniors as seamlessly as possible. Oxford
students are encouraged to begin acquainting themselves with the Atlanta campus in
their first year at Oxford. Shuttle service to the Atlanta campus is provided for students
(consult Campus Life for details).
“Think, every day, something no one else is thinking. Do, every day, something no one else would be silly enough to do. It is bad for the mind to be always part of a unanimity.”

ARISTOTLE
FINANCIAL INFORMATION

Expenses

Basic Cost
Basic expenses for the academic year 2005–2006 are approximately $15,283 per semester (tuition, fees, room, and board). The student should allow additional funds for such expenses as books, laundry, personal items, and entertainment.

Tuition
The 2005–2006 semester tuition charge of $11,600 includes full-time instruction in an average program of study, use of facilities and equipment, medical and health service, and library service.

Part-time students (with a course load of fewer than twelve semester hours) are charged $967 for each semester hour. This charge does not include medical and health service.

Off-campus courses during the interim and summer terms require the payment of $725 per semester hour at registration. There is an additional charge for living and traveling expenses incurred in these courses. These costs are announced at the time of registration for the course.

Room and Board
The 2005–2006 cost of room and board averages $3,518 ($2,338 for room and $1,180 for board) per semester. This rate applies to a double-occupancy residence hall room and full meal plan (twenty-one meals per week). Residence hall rooms commonly are furnished with beds, mattresses, desks, chairs, dressers, and sinks. Private rooms entail an additional charge and are not available to first-year students.

Oxford College is a residential campus. In certain cases, commuter status is granted to students who successfully petition the college to be exempt from the residency requirement. These students must live with a parent or guardian and provide a plan to be engaged in the campus community. Students who have special circumstances such as being married, parents, and/or older than age twenty-three, are exempt from the residency requirement upon petition.

Financial Assistance
Despite the rising cost of education, Oxford College believes that financial circumstances should not prevent an academically qualified student from attending the college of his or her choice. Scholarships, loans, and on-campus employment tailored to individual ability and need are available. Oxford works to combine scholarships, loans, and part-time employment with parental assistance so that students can do their best work without financial strain.

A student must reapply for aid by the deadline each year. Provided the student continues to demonstrate financial need and remains in good academic standing (refer to page 86 for details), a first-year recipient can expect an aid package to be renewed for the sophomore year at Oxford. Given continued demonstration of need, students
continuing to Emory College for their junior and senior years can expect to receive the same percentage of tuition in need-based scholarship aid that they received at Oxford.

Need-based grants are awarded for an academic year, provided the student is not placed on academic probation for two consecutive semesters. A student placed on Honor Council probation for the second time will automatically lose his or her grant. Moreover, a student may have Oxford grant funds reduced for the second year if the student is on academic probation.

Oxford uses both the College Scholarship Service Profile and the Free Application for Federal Student Aid (FAFSA) to determine eligibility for financial aid. The College Scholarship Service is a cooperative program for handling confidential statements submitted by parents in support of applications for financial assistance.

Both the Profile and FAFSA forms should be filed online at www.collegeboard.com and www.fafsa.ed.gov, respectively. To receive priority treatment, these statements should be sent to the processor by February 15 of the year in which the student will require aid. This ensures that the student will meet the Oxford deadline of April 1. Signed copies of all tax returns, schedules, and W2 forms are due by April 1. Financial aid award packages for entering students are mailed by April 15. Financial aid award packages for returning and continuing students will be mailed in the summer.

Only applicants who have been accepted for admission or who already are enrolled will be considered for financial aid. Please view all financial requirements at www.emory.edu/OXFORD.

**Academic Scholarships**

Academic scholarships are awarded solely on the basis of academic and personal merit. Academic scholars placed on Honor Council probation for the first time or conduct probation for the second time will lose their scholarships permanently. All scholars are expected to take a standard course load of sixteen hours per semester while receiving a scholarship. Permission to underload with fewer than sixteen hours must be granted by the director of academic services.

**Robert W. Woodruff Scholars**

The Robert W. Woodruff scholarship competition is for high school seniors who have demonstrated qualities of forceful and unselfish character, intellectual and personal vigor, outstanding academic achievement, impressive skills in communication, significant leadership and creativity in school or community, and clear potential for enriching the lives of their contemporaries at Emory University. All students who apply for admission to Oxford College by November 15 automatically are considered for these awards and will be notified by February 1 if they are chosen as scholar candidates. Students must maintain a 3.2 grade-point average to continue as Woodruff Scholars taking the standard course load of sixteen hours per semester.

Scholarships are granted for four years and are awarded solely on the basis of outstanding merit without regard to financial need, race, color, religion, sex, sexual orientation, national origin, age, disability, or veteran's status.
Dean’s Scholars
These full-tuition scholarships are awarded annually to first-year applicants. Selection is based on demonstrated academic achievement and leadership capabilities. Each student must maintain a 3.2 grade-point average taking the standard course load of sixteen hours per semester to continue as a Dean’s Scholar. All students who apply for admission to Oxford College by November 15 automatically are considered for these awards and will be notified by February 1 if selected as a scholar candidate.

Scholarships are granted for four years and are awarded solely on the basis of outstanding merit without regard to financial need, race, color, religion, sex, sexual orientation, national origin, age, disability, or veteran’s status.

Faculty Scholars
These half-tuition scholarships are awarded annually to first-year applicants. Selection is based on demonstrated academic achievement and leadership capabilities. At Oxford, students must maintain a 3.2 grade-point average taking the standard course load of sixteen hours per semester to continue as Faculty Scholars. All students who apply for admission by November 15 are automatically considered for these awards and will be notified by February 1 if selected as a scholar candidate. Outstanding sophomore students also may be selected to receive these scholarships.

Scholarships are granted for four years and are awarded solely on the basis of outstanding merit without regard to financial need, race, color, religion, sex, sexual orientation, national origin, age, disability, or veteran’s status.

Oxford Hopkins Scholars
These scholarships for $6,500 per year for two years at Oxford College are awarded annually. Selection is based on demonstrated academic achievement and leadership capabilities. Students must maintain a 3.0 grade-point average taking the standard course load of sixteen hours per semester to continue as Oxford Hopkins Scholars. These scholarships do not continue to Emory College.

Oxford Seney Scholars
These scholarships for $5000 per year for two years at Oxford College are awarded annually. Selection is based on demonstrated academic achievement and leadership capabilities. Students must maintain a 3.0 grade-point average taking the standard course load of sixteen hours per semester to continue as Oxford Seney Scholars. These scholarships do not continue to Emory College.

Oxford Scholars
Academic scholarships are awarded annually to Oxford students continuing to the Atlanta campus. These students are nominated by the dean of Oxford College in consultation with the Oxford faculty and staff. Nominees must show academic achievement, leadership ability, strong character, and potential to make significant contributions to Emory College. Final selections are made by the dean of Emory College. These scholarships are renewable for the senior year, provided the student maintains an acceptable academic record.
Alumni Scholars
These scholarships are funded at $2,500 each and are provided annually through generous donations from Oxford College alumni. Selection is based on demonstrated academic achievement and leadership capabilities.

Sophomore Scholarships

Brad Edwards Leadership Award
Established in 1990 in memory of Oxford student Bradley Patrick Edwards by his parents, Mr. and Mrs. J. Joseph Edwards, and friends. The one-half tuition scholarship is presented to a rising sophomore at Oxford College with outstanding character and who cares deeply for his or her fellow students, school, and community as demonstrated by broad-based involvement and leadership. The recipient must maintain a 2.5 GPA while at Oxford.

Judy Greer Scholarship
Awarded annually to a rising sophomore who exemplifies the spirit and mission at Oxford College. Candidates must have at least a 3.0 GPA and a record of leadership. This award was initiated by the class of 1959 and supported by other alumni and friends to honor Judy Greer, professor of physical education, on her retirement from Oxford College in 1996. She taught at Oxford for more than thirty years.

Named Scholarships
In addition to the financial assistance for students provided in the operating budget of Oxford College, there are forty-three endowed scholarships that have been given as charitable investments in youth and in memory of friends and loved ones. Friends and alumni interested in establishing such scholarships are invited to contact Oxford’s Office of Advancement and Planning. These scholarships are awarded by the Office of Financial Aid based on financial need as determined from the FAFSA and PROFILE.

Dr. Arthur Nicholas Anderson Jr. Memorial Scholarship
Established in 1977 by Mrs. Betty C. Anderson in memory of her husband, a member of Oxford’s class of 1938.

James Y. and Kathleen Grogan Arnold Memorial Scholarship
Established in 1983 by James Y. Arnold Jr. in memory of his parents. This scholarship is for a worthy student from Elbert County.

Arnold Foundation Leadership Scholarship
Provided by the Arnold Foundation in 1985 to fund scholarships for deserving students residing in Newton County or surrounding counties. The foundation was established by Robert and Florence Arnold of Covington. The Arnold Fund supports eight scholars per year at one-half tuition. Preference is given to Newton County students, then students in contiguous counties, based on academic merit and financial need who exhibit character and leadership qualities. Maintaining a GPA of 3.0 is required for continuation to Emory College.
Josiah K. Bates Scholarship

Jackie and Clifford Bell Scholarship
Established in 1993 for a deserving high school graduate of Washington County by Clifford A. Bell of Sandersville, a charter member of the Oxford Board of Counselors, and his wife, Jackie.

E. J. Brown Scholarship
Established in 1958 by Mr. Phil Buchheit, publisher of the Spartanburg, South Carolina, Herald-Journal, and friends in memory of Mr. E. J. Brown, a former faculty member.

Edmond Weyman Camp Jr. Scholarship
Started in 1978 by members of the Camp family and friends in honor of Dr. Edmond Weyman Camp Jr., a former member of the Oxford faculty who graduated from the Emory University School of Medicine in 1935.

Wilbur "Squire" Carlton Scholarship
Established by former students in the class of 1946, and completed by Dr. Adrian Grass of Oxford, in memory of Squire Carlton, who taught at Oxford College from 1926 to 1974.

Cline Family Music Scholarship
Given in 1985 by John Cline, Pierce Cline, and Lucie Cline Huie, and awarded to musically talented students who agree to participate in the music program of Oxford College and Allen Memorial United Methodist Church.
Harold and Lucille Dobbs Scholarship
Established in 1988 by Denny Dobbs, a 1965 Oxford College graduate, in memory of his parents.

Carmen and Willie D. O'Kelley DuBois Scholarship
Established in 1990 through the estates of Carmen and Willie DuBois.

Fran Hardy Elizer Scholarship
Established in 2001 by her husband, Marshall Elizer.

Marshall R. Eher Scholarship
Funded in 1987 by alumni and friends of Oxford College in honor of Marshall R. Elizer, who served as business manager, director of student services, and professor of mathematics from 1946 to 1978.

Etheridge Scholarship

Jennifer Lea Evans Memorial Scholarship
The Jennifer Evans Scholarship is awarded annually to a rising senior in Emory College who has exhibited passion for caring for sick, injured, or disabled children, and who has demonstrated throughout his or her high school and college years a love and capacity for working with children. In addition the candidate must have maintained at least a 3.3 cumulative GPA while pursuing a major in the natural sciences or mathematics. The awardee's aspirations must be to care for children in a health-related profession. The award is to be used to cover educational expenses in his or her senior year in Emory College.

Fleming Scholarship

Franklin Foundation Scholarship
Established in 1993 by the John and Mary Franklin Foundation.

B. Lisa Friddell, MD Scholarship

E. Walton Strozier Scholarship
Funded in 1979 by gifts from alumni and friends of Oxford in memory of E. Walton Strozier, professor of social studies and a member of the faculty for thirty-six years. Professor Strozier retired in 1960.

Stubbs Honorary Scholarship
Funded each year by the Walter Clifton Foundation in appreciation for and in honor of William and Rachael Stubbs.

Swann Scholarship
Given by Mrs. Julia Swann Miller Williford in memory of her son, Mr. Thomas Chalmers Swann III, a student at Oxford in 1943. This scholarship is for a worthy student from Newton County.
Dallas Tarkenton Scholarship
Established in 1997 by Alva J. Hopkins III of Folkston to honor Dr. Dallas Tarkenton, former registrar and director of admission, associate professor of social studies, and the first director of development at Oxford College from 1961 to 1974. He was instrumental in the founding of the Oxford College Board of Counselors.

John and Quida Temple Scholarship
Emory College established the scholarship in honor of John Temple’s retirement from Emory University in June 2003. John Temple was formerly executive vice president and chief operating officer of Emory University. Temple came to Emory to serve as executive vice president in 1982 and retired from this position in the summer of 2003 after twenty years of service.

Floyd Watkins Endowment
A longtime Emory scholarship expanded in 1999 to benefit students at Oxford College in their sophomore year. It is named in honor of emeritus professor Floyd C. Watkins, Emory University Charles Howard Candler Professor of American Literature.

The Alfred B. Watson Jr. and Agnes Watson Green Scholarship
Established in 2001 by Alfred B. Watson Sr. to honor his son, Al, and his daughter, Aggie.

Additional Scholarships
Two scholarships are provided by the United Methodist Church for outstanding Methodist students.

Methodist Ministerial Scholarships
Sons or daughters of active ministers or missionaries may receive a scholarship of 45 percent of current tuition. Application forms may be obtained from the Oxford Financial Aid Office.

Courtesy Scholarships
Emory offers a Courtesy Scholarship Program for continued educational development for employees, their spouses or same-sex domestic partners, and children. Courtesy Scholarship applications may be obtained from Emory Human Resources.

Georgia Tuition Grant
A state grant is available to each legal resident of Georgia who attends a private college in the state and takes a minimum of twelve semester hours. Formal application for this grant must be made through the Financial Aid Office at Oxford. The amount of the grant varies each year. The Financial Aid Office at Oxford will have information on funding amounts each summer.

Georgia HOPE Scholarships are available in the amount of $3,000 per year for
each entering student designated by his or her high school as a HOPE Scholar and each
returning student maintaining a grade-point average of at least a 3.0.

Part-time Jobs, Loans, and Veteran’s Benefits
Information concerning part-time jobs in offices, the library, the dining hall, residence
halls, and laboratories; loan funds available to prospective students; and financial ben-
efits available to veterans or their dependents may be obtained from the Financial Aid
Office, Oxford College, P.O. Box 1418, Oxford, Georgia 30054.

Refunds
A student who withdraws from school within the first five weeks of a semes-
ter receives an adjusted, proportionate refund of tuition (see “Cancellation and
Withdrawal,” p. 88). Students who remain in school but reduce their course loads
receive no refunds. A student dismissed from the University receives no refund. Room
and board refunds are made on a prorated basis.

Insurance
All students are required to certify that they are covered by health insurance. Students
should review their policies to be certain their coverage will apply in the state of
Georgia. In addition, students should become familiar with special policy requirements
or provisions, such as the need for preadmission certification, medical benefits, prescrip-
tion drug coverage, or other services or requirements unique to individual policies.

All Emory University students are strongly encouraged to have health insurance that
will provide them with access to care in Atlanta and not just in their home communities
or states. In addition Emory University is seriously considering a mandatory health
insurance requirement for all new and continuing Emory students effective fall semester
2006. Therefore students and parents should anticipate that they will be required to
show proof of health insurance or purchase the Emory University Student Health
Insurance Plan (currently offered by Aetna) in fall 2006 and thereafter.

Students not covered by insurance may purchase a group health insurance plan
through Emory University. For information about this plan, contact the Oxford
College Student Health Service at 404.784.8376 or in summer months, contact
the insurance coordinator at Emory University Health Service at 404.727.7560 or
www.emory.edu/UHS/brochure.htm.

Prior to registration, international students are required to purchase the group
insurance plan or to provide proof of comparable insurance coverage. An insurance
compliance form will be sent by Student Health Service to all international students.
This compliance form must be returned to and approved by the insurance coordinator
at the Emory University Health Service.

All students are encouraged to have a wallet card with policy information in their
possession at all times.
“What is most needed for learning is a humble mind.”

CONFUCIUS
"It is important that students bring a certain ragamuffin, barefoot irreverence to their studies; they are not here to worship what is known, but to question it."

REGULATIONS

Administration of Curriculum
Academic policies of the college are discussed by the Academic Policy and Planning Committee and voted on by the faculty.

Requirements and Eligibility for Graduation and Continuation to Emory College
1. Fulfill the course requirements (see Degree Requirements, p. 8);
2. Achieve a cumulative grade-point average of at least 2.0 on work taken at Oxford;
3. Residency requirement: the last eight semester hours must be taken at Oxford College or in Emory University Summer School;
4. Transfer students: complete a minimum of thirty-five semester hours, three of which must be in physical education (and complete the conditions stated above).

Continuation Requirements
Oxford College continuees must earn a total of 132 semester hours of credit to graduate from Emory College; of these credits, a minimum of fifty-four semester hours must be earned in Emory College with a minimum of three semesters of residence in Emory College (twelve semester hours or more per semester); a semester of fewer than twelve hours can be combined with another semester of fewer than twelve hours to make up one semester of residence; however, a partial semester may not be combined with a semester of more than twelve hours to form two semesters of residence.

Financial Requirements for Graduation
It is a requirement for graduation that all financial obligations to the University be satisfied. If one has outstanding loans not yet due and payable, loan documents satisfactory to the University must be executed and delivered, and all payments must be current.

Grading System
Grades and Quality Points
Symbols A, A-, B+, B, B-, C+, C, C-, D+, D, and S indicate credit; F indicates failure; I indicates that the student has not completed all the work for a course; IF indicates failure to finish an Incomplete; U indicates unsatisfactory; W indicates withdrawal without penalty; WF indicates withdrawal failing; and WU indicates unsatisfactory withdrawal. In addition to the standard four-point scale, an optional plus-minus grading system may be used; faculty members who choose to use plus-minus-based grading will so state in their course syllabus. The plus-minus grading system is mandatory in summer school.
Each passing grade carries with it a proportionate number of quality points. For each semester hour of credit, quality points are computed as follows:

<table>
<thead>
<tr>
<th>Standard Four-point Scale</th>
<th>Optional Plus-Minus Scale</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
</tr>
<tr>
<td>F</td>
<td>0.0</td>
</tr>
</tbody>
</table>

Symbols used for grades that result in no credit are F, failure; U, unsatisfactory; W, withdrawal without grade; WF, withdrawal while failing; WU, unsatisfactory withdrawal; and AU, for courses audited. Oxford students do not have the option to choose the grade of S/U for any course.

**Incomplete Work**

An I, incomplete, is recorded when the academic dean, for reasons such as a student's illness or emergency, grants a student permission to postpone a final examination or other work required to complete a course; a faculty member may request permission to assign a student an I when the faculty member needs more time to complete evaluation of that student's work. Failure to complete the work for which the I was granted by the end of three weeks into the next semester of residence in Oxford College or Emory College will result in an IF unless an extension is granted by the academic dean. For students who do not return to Oxford or continue at Emory, the I must be removed within a calendar year or it becomes an IF. The grades of WF and IF are computed as F.

**Calculating Grade-Point Average**

Every passing grade carries with it a proportionate number of quality points. Quality points are listed in the Oxford catalog, page 83. Ws are not calculated in the hours attempted, but WFs and IFS are counted. To calculate grade-point average, divide quality points by hours attempted.

**Sample:**

What are the steps?

1. List each course the number of credits and the course grade:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Eng 181</td>
<td>4</td>
<td>B</td>
</tr>
<tr>
<td>Biol 141</td>
<td>4</td>
<td>D</td>
</tr>
<tr>
<td>Hist 101</td>
<td>4</td>
<td>A</td>
</tr>
<tr>
<td>PE 126</td>
<td>1</td>
<td>C</td>
</tr>
</tbody>
</table>

2. Multiply the number of credits in each course by the number of quality points corresponding with your letter grade:

Quality Points (QPs)

A = 4 pts.
B = 3 pts.
C = 2 pts.
D = 1 pt.
F = 0 pts.

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
<th>Grade</th>
<th>Points</th>
<th>QPs</th>
</tr>
</thead>
<tbody>
<tr>
<td>Eng 181</td>
<td>4</td>
<td>B</td>
<td>3</td>
<td>4x3=12</td>
</tr>
<tr>
<td>Biol 141</td>
<td>4</td>
<td>D</td>
<td>1</td>
<td>4x1=4</td>
</tr>
<tr>
<td>Hist 101</td>
<td>4</td>
<td>A</td>
<td>4</td>
<td>4x4=16</td>
</tr>
<tr>
<td>PE 126</td>
<td>1</td>
<td>C</td>
<td>2</td>
<td>1x2=2</td>
</tr>
</tbody>
</table>

3. Add the credits and the quality points for every course in which a letter grade was received:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
<th>QPs</th>
</tr>
</thead>
<tbody>
<tr>
<td>Eng 181</td>
<td>4</td>
<td>12</td>
</tr>
<tr>
<td>Biol 141</td>
<td>4</td>
<td>4</td>
</tr>
<tr>
<td>Hist 101</td>
<td>4</td>
<td>16</td>
</tr>
<tr>
<td>PE 126</td>
<td>1</td>
<td>2</td>
</tr>
</tbody>
</table>

4. Divide number of quality points by the number of credits for the semester:

\[
\text{Semester GPA} = \frac{\text{QPs}}{\text{Credits}} = \frac{34}{13} = 2.61
\]

Midsemester Deficiencies
Professors notify students if their academic performance is deficient at the midsemester. The notification will detail the student’s progress and may include suggestions for improvement. A letter is sent to the parents of students receiving two or more midsemester deficiencies if the student has signed a release of academic information form.

Electronic Student Information and Enrollment
OPUS (Online Pathway linking University Students) is Emory’s Student Information System on the web. Students are able to register; add, drop, and swap courses; and view unofficial transcripts, grades, schedule changes, registration appointment time, academic adviser name, billing information, financial aid information, whether or not a “hold” has been placed on the student’s account, and addresses/telephone numbers/email addresses through this web-based system.

Report of Grades
Student grades are available only on the web (OPUS) for password-protected viewing. Students who wish their parents or guardians to receive their grade reports and notification of unsatisfactory academic performance must sign a release form in the Office of Records and Registration.
Changing Courses
During the first five days of classes, a student (with his or her adviser's approval) may drop, add, and swap classes. During this period, classes dropped will not appear on the student's transcript.

Dropping Courses
Other than physical education courses, English 100C, English 101, English 181, and Math 100C, courses may be dropped with no academic penalty during the first five weeks of classes with approval of the student's academic adviser. Drops by merit scholars also require the approval of the director of academic services. After the drop-add period ends (first five days of classes), a W is given for the course dropped.

Students who drop a course after the end of the first five weeks for medical reasons, corroborated by appropriate documentation, are assigned a W for the course dropped. The dean of academic affairs may, for compelling academic reasons and with the recommendation of the student's course instructor and academic adviser, grant a W for a course dropped between the end of the fifth week and the last day of classes. In all other cases, course drops made after the first five weeks will be assigned a WF unless the student withdraws from the college (see “Cancellation and Withdrawal”). A student who has been accused of an Honor Code violation may not withdraw from the course. There is no tuition refund for a dropped course except in cases of withdrawal from the college before the end of the fifth week of class.

Class Attendance
Each student is responsible for his or her academic progress. Students are responsible for the effects of absences from class or laboratory on their academic work. Each professor will determine class-attendance requirements and may impose penalties for excessive absences. Report of excessive absence is sent to the director of academic services and will be considered evidence of a student's disregard for academic responsibility, unless excused (for medical or other appropriate reasons).

Faculty members are urged to accommodate student absences due to participation in services on religious holidays. Students are responsible for informing professors well in advance of planned religious observances that conflict with class attendance and for making arrangements to complete any work thereby missed.

Probation and Exclusion
Academic Probation
A student whose cumulative grade-point average is less than 2.0 at the end of any grading period automatically incurs academic probation. Students on probation are expected to concentrate their energies on their studies in order to bring their work up to the required standards of Oxford College.

Continuation in Attendance
A student incurring academic probation at the end of a semester may continue in attendance provided the following minimum standards are met:
1. The student's cumulative grade-point average must be at least 1.0 at the end of
any semester.

2. The student’s cumulative grade-point average must be at least 1.5 at the end of any semester at the conclusion of which the student has attempted more than twenty-six but no more than fifty-six semester hours in Oxford College.

3. The student’s cumulative grade-point average must be at least 1.7 at the end of any semester at the conclusion of which the student has attempted more than fifty-six semester hours in Oxford College, unless the student has completed five semesters.

4. A student who has completed five semesters in Oxford College will be permitted to petition for an additional semester only if the student’s cumulative grade-point average is at least 1.9; petitions will be considered by the dean and the Academic Appeals Committee; in cases where such petitions are granted, the sixth semester is normally the next consecutive semester.

Academic Exclusion
A student who fails to meet minimum requirements for continued attendance is typically excluded for a minimum of one semester during an academic year. Excluded students may be readmitted only through appropriate petition to the dean or the dean's designee. Such petitions must establish a reasonable likelihood that the student's academic performance will improve. The petition must also establish that the student will be able to complete the requirements for graduation in the allowed time.

Specific Policies
FERPA
Emory University recognizes a student’s right of privacy and is committed to protecting students from improper disclosure of private information. In accordance with the Family Education Rights and Privacy Act (FERPA) of 1974, Oxford College of Emory University limits the disclosure to others of all private information from educational records without the student’s prior written consent. The written consent form must be signed and dated and must specify the records to be disclosed and the identity of the recipient. This consent form may be rescinded by the student at any time.

Official Transcripts
Transcripts of a student’s academic record may be obtained from the Office of Records and Registration by written request of the student for a minimal fee. Official transcripts bearing the college seal and validating signature are not issued to individuals but are mailed only on request as confidential information to agencies or institutions. Transcripts include the entire scholastic record; no incomplete or partial transcripts will be issued. Transcript requests should be made at least one week before the transcript is needed. No transcripts or official statements of any kind will be issued for students whose records show financial indebtedness to Oxford College or any other official holds on their records. Please submit transcript request to Oxford College, Records and Registration, P.O. Box 1328, Oxford, Georgia 30054. A $3 fee is required for an official transcript mailed directly to anyone other than the student; a fee of $6 is required for an official transcript mailed directly to the student, and a $3 fee is required for an unofficial transcript to be mailed directly to the student.
Auditing Courses
With the permission of the course instructor, students may visit any course for which they have the prerequisites. To receive a grade designation of AU for an audited course, a student must secure audit status within the five-day add period and fulfill requirements of the course deemed appropriate for auditors by the instructor. The tuition for audit courses is the same as for credit courses.

Repetition of Courses
Students may not repeat courses they have passed (D and above are passing grades). However, a student may audit a course previously passed with the permission of the course instructor.

Emory College Courses
An Oxford student may, under exceptional circumstances, enroll in courses at Emory College with the permission of the deans of both Oxford and Emory colleges. Such courses cannot be equivalent to courses offered at Oxford and normally must be courses required of Emory College first-year students and sophomores as prerequisites to a particular academic major or program.

Cancellation and Withdrawal
To cancel registration or withdraw from the college at any time, a student must secure written permission from the dean or the dean’s designee; otherwise, honorable dismissal cannot be granted. A student who withdraws for reasons of illness on the recommendation of the Oxford College Student Health or Counseling Center receives grades of W in all courses for that semester and must have approval from the Oxford College Student Health or Counseling Center before readmission to the college.

In all other cases, honorable withdrawal from the college after the first five weeks results in grades of W in courses the student is passing and WF in courses the student is failing at the time of withdrawal. A student who has been accused of an honor code violation may not withdraw from the course.

Refunds of tuition are only partial. A student may cancel registration through the seventh calendar day after the first day of classes, in which case the deposit and application fee are forfeited. After the last day for cancellation of registration, a student may withdraw from the college with the appropriate permission. The forfeiture for withdrawal increases progressively, but is not less than the forfeiture for cancellation. The schedule of forfeitures for tuition is as follows: during the second week of the semester, 20 percent of tuition charges; during the third week, 40 percent; during the fourth week, 60 percent; and during the fifth week, 80 percent. There is no tuition refund after the fifth week of the semester. No refund is given if only part of the work is dropped after the last day for approved course-schedule changes specified in the academic calendar.

Refunds for Oxford College students who are Federal (Title IV) aid recipients will be prorated in accordance with the Higher Education Amendment of 1992 and any related regulations.
If, in the opinion of the dean (or the dean’s designee), a student demonstrates evidence of an emotional disorder and has engaged in, or threatened to engage in, conduct that poses a threat to the mental, emotional, or physical well-being of self, others, or property, and/or impedes the lawful activity of others, the student may be referred to the Oxford College Counseling Center for psychiatric evaluation. Refusal to obtain a psychiatric evaluation, when properly requested, or determination by the Counseling Center that withdrawal would be in the best interest of the student and the college, shall be cause for involuntary withdrawal of the student from the college by the dean.

Withdrawal in such cases shall normally incur no academic penalty for the term in which the student is enrolled, and tuition refund, if any, shall be based on the schedule established for voluntary withdrawal. The dean shall inform the student in writing of the effective date of the involuntary withdrawal and shall explain in writing the procedure for readmission to Oxford College. Application for readmission after withdrawal for psychiatric reasons requires approval by the Oxford College Counseling Center Director. Approval is granted on the student’s ability to meet the criteria for readmission as stated in writing at the time the medical withdrawal was initiated and approved. Persons seeking readmission for psychiatric reasons must include written report(s) from student’s behavioral health provider(s) affirming fitness to resume academic life and stating recommendations for further treatment as needed. In no case shall readmission be granted after psychiatric withdrawal without the approval of the Oxford College Counseling Center.

A student who withdraws may not continue to live in University housing or participate in student activities, and that student is ineligible for University medical health service.

Involuntary withdrawals, other than for psychiatric reasons, require the student to meet the financial obligations of full-semester tuition. Involuntary withdrawals are those confirmed by the dean of the college on the basis of censure.

Academic Appeals

Students may petition for waivers of existing academic regulations and requirements in individual cases. Such petitions are handled under the guidelines established by the dean and faculty, and should be submitted to the dean of academic affairs.

Motor Vehicles

All students parking automobiles or motorcycles on campus must register their vehicles at the time of enrollment or at the time the vehicles are brought on campus. Persons operating vehicles are expected to know and abide by college parking and traffic regulations. Regulations can be found at www.emory.edu/OXFORD/CampusLife/Departments/Police/parkingindex.htm. Failure to abide by these regulations may result in fines and/or other disciplinary measures, including booting and removal of the vehicle at the owner’s expense. See www.emory.edu/OXFORD/CampusLife/Departments/Police/parkviolations.htm for more information.
Conduct and Honor
As members of the Oxford College community of learning and as representatives of Emory University, students are responsible individuals who conduct themselves in accordance with the established standards of the college community. Students of Oxford College are responsible to student government, administration, faculty, and each other for their conduct and for the consequences of their actions.

The Oxford College student government, administration, and faculty share the responsibility of establishing and enforcing standards of student conduct. The dean of Oxford College has final authority in all matters of honor and conduct. Each student is expected to abide by and support the Conduct Code and the Honor Code. The Conduct Code addresses issues of nonacademic conduct, and infractions of this code are heard by the Conduct Board of Oxford College. The Honor Code addresses issues of academic integrity and honesty; breaches of this code are heard by the Honor Council of Oxford College. The following are abridged versions of the student Conduct Code and student Honor Code. The complete codes are provided to each entering student prior to registration and also available on the college website.

Abridged Student Conduct Code (Revised 2003)
I. Preamble
As Oxford College of Emory University is an institution dedicated to providing educational opportunities for its students, it strives to establish an atmosphere of responsible freedom, which will enable its students to pursue their academic and personal goals. Students of Oxford College are expected to adhere to and uphold the standards of deportment, integrity, and courtesy that are appropriate at an institution of higher learning. The Code of Conduct that follows provides notice of behaviors considered to be inconsistent with these standards.

II. Regulations
The following are regulations governing the conduct of all Oxford College students.

A. Administrative Regulations of Emory University: New regulations may be issued from time to time by the University.
B. Public Laws: Oxford College does not condone violations of or provide sanctuary from public law or its enforcement. In situations where there are also charges of alleged criminal acts, the College disciplinary process will proceed independent of and not be subject to decisions made by non-College authorities.

C. Oxford College Conduct Code and other Oxford College Regulations: Each student in Oxford College is presumed to know that the requirements of student conduct expressed or implied in this Code and all other College or University regulations are in effect and applicable to him or her. While it is neither possible or necessary to state beforehand every instance of misconduct that could result in disciplinary action against a student, it is appropriate to single out certain types of behavior which are not permissible on University property, at off-campus
college or university sponsored activities, or in any setting where the behavior affects the interest of Oxford College or Emory University.

Unacceptable Behavior (polices are now listed in alphabetical order)

Abuse and Assault: Verbal abuse, physical assault, or attempted physical assault, and harassment, whether in person, in writing, or by electronic means.

Aiding and Abetting: Encouraging, aiding or inciting others to violate this code.

Alcohol Use: Possession, Use Consumption, or Distribution of Alcoholic Beverages. Georgia criminal law prohibits anyone under 21 years of age from purchasing, possessing, or distributing any distilled spirits, wines, malt beverages, or any other alcoholic beverage. Since the majority of Oxford College students are under 21 years of age, the possession, consumption, use, or distribution of alcoholic beverages by students on the campus is expressly prohibited. The term campus includes all property owned, leased, or used by Emory University. Student Government Association funds may not be used to purchase alcoholic beverages.

Contributing to a violation of the Conduct Code by supplying or otherwise actively engaging in the consumption of alcohol and/or drugs by another. Students may be held responsible for the behavior of guests, including other students, regardless of their presence.

Cooperation: Failure to cooperate in the administration of this code.

Dangerous Devices: Possession on campus or institutional property of any weapons such as firearms and incendiary or explosive devices including fireworks.

Disturbances: Disruption or obstruction of teaching, residence hall life, research, administrative functions, disciplinary proceedings, freedom of movement of vehicles or persons on campus, or of other proper and authorized activities of the institution.

Drugs: Use, possession, sale or distribution of narcotics or illegal drugs. The unauthorized use, possession, sale or distribution of prescription drugs (e.g., amphetamines, barbiturates, tranquilizers, etc.) is also strictly prohibited.

Fire Safety: Setting a fire; tampering, misusing, or destroying fire alarms, fire hoses, fire extinguishers, or any other fire equipment; failure to exit in a prompt manner at the sound of a fire alarm.

Hazing: Participation in any activity considered to be hazing as described in the Oxford College policy on hazing (see hazing policy).
Non-Compliance: Failure to comply with direction of institutional officials, including Residence Assistants and student judiciary bodies, acting in proper performance of their official duties.

Obscene Conduct: Obscene conduct on campus, on Emory University property, or at, or in connection with, institutionally sponsored or supervised functions of student organizations, whether in person, in writing, or by electronic means.

Official Records: Forging, altering, or otherwise misusing institutional documents or records, or knowingly giving false information to the institution or its duly authorized representatives. Such misconduct may fall within the jurisdiction of the Oxford College Honor Code. The appropriate hearing body of such a charge will be decided by the Dean for Academic Affairs and the Associate Dean for Campus Life. Breaches of academic integrity will be handled in conformity with the Oxford Honor Code.

Property Damage: Damage, destruction, or unauthorized removal, or theft of property of another member of the university community (student, faculty, staff or employee), property of the University itself, or the property of a guest of the University.

Student Organizations: Membership, participation in, or support of student organizations explicitly prohibited by the Dean.

Trespassing: Unauthorized entry into, or use of, any institutional facility.

Other Regulations

Housing: Violation of Oxford College housing regulations.

Computer Use: Violation of Oxford College computer use policy.

III. Disciplinary Actions

A. Disciplinary actions that may be taken include, but are not limited to:

1. Warning. The student will be warned that he or she has violated the Oxford College Student conduct Code and that subsequent misconduct may lead to a more severe penalty. No entry of this record will be made in the student’s personal performance record, but it may be presented in a subsequent disciplinary case.

2. Reprimand. The student will be given formal written notice that he or she has violated the Oxford College Student Conduct Code and that future
misconduct may lead to a more severe penalty. The reprimand will remain on the student’s Personal Performance Record until a future date set by the Conduct Board or Conduct Investigator.

3. Conduct Probation. The student will be given formal written notice that his or her behavior has raised serious doubts about his or her ability to conduct himself or herself in a manner acceptable to the Oxford College community. The student will have probationary status until a future date set by the Conduct Board or Conduct Investigator to determine his or her suitability to remain as a student. In cases involving serious behavior and/or repeated offenses, a decision will be made to either include a permanent notation on the student’s Personal Performance Record indicating a sanction of Conduct Probation or remove the notation at the expiration of the probationary period.

4. Suspension.

a. Limited. The student will be informed in writing by the Associate Dean for Campus Life that he/she will be denied certain campus privileges for a stated period of time. These privileges may include, but are not limited to, class attendance, parking on campus, participation in extracurricular activities, and access to specified institutional facilities. Students who are denied access to the campus while suspended may forfeit all academic credit and not receive any refund of tuition or fees due for the term if he/she is suspended. If the student re-enrolls following suspension, he/she will be placed on conduct probation for the remainder of his or her time at Oxford. Academic credits earned at other institutions during the period of suspension may not be transferred to Oxford College for credit toward graduation requirements.

b. Immediate. The student may be required to leave the campus immediately if, in the opinion of the Dean of Oxford College, the student’s presence on the campus would be detrimental to the institution. Suspension without a hearing will continue until the disciplinary process is completed. Reasonable efforts will be made to schedule and complete the disciplinary process as promptly as possible.

5. Dismissal. The accused student will be given formal notice in writing by the Associate Dean of Campus Life that his/her behavior has been such that he or she is to be dismissed from the College. The Associate Dean of Campus Life will specify either immediate dismissal or dismissal at the end of the semester. The student will be told when he or she may reapply for admission and the procedure to be followed in making such reapplication. On the date that a student’s dismissal becomes effective, the student will be required to leave the campus promptly and remain off the campus during the period of the dismissal. The student will forfeit all academic credit and will not receive
any refund of tuition or fees due for the term if he/she is dismissed before the conclusion of the term. If the student is readmitted following dismissal, he/she will be placed on conduct probation for the remainder of his or her enrollment at Oxford. Academic credits earned at other institutions during the period of dismissal may not be transferred to Oxford College for credit toward graduation requirements.

6. Expulsion. The accused student is permanently dismissed without recourse to apply for readmission. The student will forfeit all academic credit and will not receive any refund of tuition or fees due for the term during which he/she was expelled.

7. Restitution. The student will be required to reimburse the College or a member of the college community for expenses resulting from misconduct. This may take the form of appropriate service or other compensation, including monetary compensation.

8. Service to the College. The student will perform service to the College. The Conduct Board or Conduct Investigator will determine the appropriate nature of this service and the appropriate duration.

9. Personal Performance Record. The following sanctions will automatically be documented in the students Personal Performance Record:

a. Expulsion

b. Dismissal

c. Suspension

d. Conduct Probation in cases involving serious behavior and/or repeated offenses, where a decision is made to include a permanent notation on the student’s Personal Performance Record.

e. Reprimand (expunged from the student’s Personal Performance Record at a future date set by the Conduct Board or Conduct Investigator.)

B. When a student is subjected to any of the actions indicated above, a record of the case will be retained by the Associate Dean for Campus Life. If the student is subsequently found responsible of any violation of the Conduct Code, a record of all previous disciplinary findings of “responsible” for any violation will be provided to the Conduct Investigator or the Conduct Board. The previous record will be considered in deciding the proper disciplinary action to be taken. Students subjected to the disciplinary actions of conduct probation, suspension or dismissal may be ineligible for scholarships and other forms of financial aid administered by the University.
C. During the course of the investigation or the course of the hearing, it may be determined by the Conduct Investigator or the Conduct Board that a referral to the Oxford College Honor Council is appropriate. The Conduct Investigator or Faculty Chairperson of the Conduct Board will notify the Chair of the Honor Council that a violation of the Honor Code may have been committed. Thereafter, procedures established in the Honor Code will be followed. The Faculty Chairperson of the Conduct Board will provide whatever information the Honor Council requires.

IV. Appeal

A. Decisions rendered by the Conduct Board or by a Conduct Investigator under the administrative-adjudicative procedure may be appealed to the Dean of Oxford College. The accused student initiates an appeal by presenting the Dean of Oxford College with a written statement of the reasons for the appeal. Such written appeal must be in the hands of the Dean of Oxford College within five calendar days after the student has received written notification that disciplinary action has been taken against him or her. If the Dean of Oxford College does not receive such written appeal within the specified time, the disciplinary decision will stand affirmed.

B. The student will clearly state in writing the reason or reasons for his or her appeal. Grounds for the appeal may include, but are not limited to, the following:

1. excessive penalty;

2. substantial departure from written procedures;

3. outcome not based on evidence presented at the hearing; or

4. bias.

C. If the Dean of Oxford College honors the request for an appeal the Dean may consult with the Faculty Chairperson of the Conduct Board or the Conduct Investigator and may appoint an ad hoc appeals committee consisting of three faculty members and three students who will review the case for appeal. If the Dean does not honor the request, the student will be notified in writing of the Dean’s decision.

D. The ad hoc appeals committee may affirm the Conduct Board’s decision, change the decision, or decide that the case must be reheard. Should the decision of the ad hoc committee be that a new hearing should take place, one of the appeals committee faculty members will become the presiding officer of the new hearing.
committee. The proceedings of the committee will conform as nearly as possible to the Conduct Board, including notification of the accused, and the preparation of the written summary of the results of the hearing.

E. When the proceedings of the appeals committee are concluded and a report is prepared, the committee will confer with the Dean of Oxford College, who will render a final decision on the appeal and the case and inform the student of his or her decision in writing.

V. Jurisdiction

The Dean and Faculty of Oxford College have such authority in matters of student conduct as is set forth, in University documents including the By Laws of the University.

Honor Code (abridged)

January 1982
(Revised August 19, 1991)
(Revised April 21, 1992)

Preamble

The responsibility for maintaining standards of unimpeachable honesty in all academic work and in campus judicial proceedings falls upon every individual in Oxford College of Emory University. The Honor Code is based on the fundamental expectation that every person in Oxford College will conduct his or her life according to the dictates of the Honor Code and will refuse to tolerate actions in others that violate the Honor Code.

Article 1: Academic Misconduct

Academic misconduct is an offense generally defined as any action or failure to act that is contrary to the integrity and honesty of members of the academic community.

A. Such offenses include, but are not limited to, the following:

1. Seeking, acquiring, receiving, or giving information about the conduct of an examination, knowing that the release of such information has not been authorized.
2. Plagiarizing.
3. Seeking, using, giving, or obtaining unauthorized assistance in any academic assignment or examination.
4. Intentionally misshelving, damaging, or removing library materials without authorization.
5. Intentionally giving false information to professors or instructors for the purpose of gaining academic advantage.
6. Intentionally giving false evidence in any Honor Council or Conduct Board hearing or refusing to give evidence when requested by the Honor Council.
7. Intentionally giving unauthorized information regarding hearings of the Oxford College Conduct Board or Honor Council.
8. Violating any duties prescribed by this code.

B. A duty of confidentiality is implicit in the honor system. It is academic misconduct under this code for a member of the Honor Council, a student witness, or any student (other than the accused) who has obtained knowledge of an Honor Council proceeding, past or present, to breach this confidentiality. Nothing in this paragraph shall restrict communications to officials of the college where knowledge is necessary to the performance of the officials’ duties, nor shall it restrict disclosure required by law.

C. Harassment of witnesses or anyone involved in an Honor Council hearing before, during, or after the hearing constitutes academic misconduct.

Article 2: Honor Pledge and Obligations

A. A student’s signature on a paper or test submitted for credit shall indicate he or she has neither given nor received unauthorized information on the work, nor has condoned the giving or receiving of unauthorized information by others.

B. Each student at Oxford College of Emory University agrees to abide by the honor pledge and takes upon himself or herself the responsibility of upholding the Honor Code; each student is urged to inquire of the Honor Council about any doubtful case at any time throughout the year.

Article 3: Reporting Cases

It is the responsibility of every member of the faculty, administration, and student body to support the honor system. In pursuance of this duty, any individual, when he or she suspects that an offense of academic misconduct has occurred, shall report the suspected breach to a member of the Honor Council or to the Dean.

Article 5: Procedure

Refusal of a witness to testify shall constitute academic misconduct under this code. Harassment of witnesses shall constitute misconduct under this code. The following sanctions may be imposed:

1. Honor Council probation for one year; the penalty is automatic on conviction, and the student shall be given formal notice in writing that any further violation shall be sufficient cause for further disciplinary action.
2. F in the work involved, with prior consent of the professor.
3. F in the course on the student’s permanent transcript, with prior consent of the professor.
4. Honor Council suspension (specifying the period of suspension).
5. Honor Council dismissal; all courses in process shall receive a grade of W except any course for which an F is recorded under (3) above.
6. Honor Council expulsion.
7. Such combination of sanctions or other sanction that may be appropriate.
Article 7: Honor Council
There shall be a body known as the Honor Council which shall be charged with two duties:
A. To sponsor an effective educational campaign among students for highest academic
   and judicial integrity at Oxford College and to promote a clear understanding
   throughout the college community of the issues involved in the Honor Code; and
B. To hear all cases reported to it of breach of honor by students. The duty of the
   Council shall be to determine guilt of innocence and to make recommendations to
   the Dean.

Article 8: Membership
The Honor Council shall consist of fourteen (14) persons - a chair, a secretary (non-
voting members), four (4) student members, two (2) student alternates, three (3) faculty
members and three (3) faculty alternates.

The findings and recommendations of the Honor Council shall be transmitted to the
dean promptly in a concise written report. After receipt of the report, the student shall
be promptly notified in writing of the dean's decision and any sanctions imposed. The
dean may reject a finding of guilt (but not one of acquittal), modify the severity of the
recommended sanctions, or require the Honor Council to hold a new hearing.

Plagiarism
The Use of Sources in Writing Research Papers*
A writer's facts, ideas, and phraseology should be regarded as his or her property. Any
person who uses a writer's ideas or phraseology without giving due credit is guilty of
plagiarism. Information may be put into a paper without a footnote or some other kind
of documentation only if it meets all of the following conditions:

- It may be found in several books on the subject;
- It is written entirely in the words of the student;
- It is not paraphrased from any particular source;
- It therefore belongs to common knowledge.

Generally, if a student writes while looking at a source or while looking at notes taken
from a source, a footnote should be given.

Whenever any idea is taken from a specific work, even when the student writes the
idea entirely in his own words, there must be a footnote giving credit to the author
responsible for the idea. Of course, methods of documentation vary, and it is possible
to cite the source in the text itself rather than a footnote. The point is that the student
should give credit in a manner specified by the instructor or the department.

The student is entirely responsible for knowing and following the principles of
paraphrasing. “In paraphrasing you are expressing the ideas of another writer in your
own words. A good paraphrase preserves the sense of the original, but not the form. It
does not retain the sentence patterns and merely substitute synonyms for the original
words and merely alter the sentence patterns. It is a genuine restatement. Invariably, it should be briefer than the source."†

Any direct quotation should be footnoted (or documented in any acceptable fashion). Even when a student uses only one unusual or key word from a passage, that word should be quoted. If a brief phrase that is common, or somewhat common, is used as it occurs in a source, the words should be in quotation marks. The source of every quotation should be given either in a footnote or in some other prescribed manner.

It is of course the prerogative of the instructor to prescribe that no secondary sources may be used for particular papers. A student who uses a secondary source must remember that the very act of looking up a book or article should be considered a pledge that the student will use the material according to the principles stated above.

Emory University Policy Statement on Discriminatory Harassment

It is the policy of Emory University that all employees and students should be able to enjoy and work in an educational environment free from discriminatory harassment. Harassment of any person or group of persons on the basis of race, color, national origin, religion, sex, sexual orientation, age, disability, or veteran's status is a form of discrimination specifically prohibited in the Emory University community. Any employee, student, student organization, or person privileged to work or study in the Emory University community who violates this policy will be subject to disciplinary action up to and including permanent exclusion from the University.

Discriminatory harassment includes conduct (oral, written, graphic, or physical) directed against any person or group of persons because of their race, color, national origin, religion, sex, sexual orientation, age, disability, or veteran's status that has the purpose or reasonably foreseeable effect of creating an offensive, demeaning, intimidating, or hostile environment for that person or group of persons. Such conduct includes, but is not limited to, objectionable epithets, demeaning depictions or treatment, and threatened or actual abuse or harm.

In addition, sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or a student's status in a course, program, or activity.
- Submission to or rejection of such conduct by an employee or student is used as the basis for employment or academic decisions affecting that employee or student.
- Such conduct has the purpose or effect of unreasonably interfering with an employee's work performance or a student's academic performance or creating an intimidating, hostile, or offensive employment, educational, or living environment.

*Reprinted by permission of the author, William B. Dillingham, Emory College.
All University vice presidents, deans, and division and department chairs should take appropriate steps to disseminate this policy statement and to inform employees and students of procedures for lodging complaints. All members of the student body, faculty, and staff are expected to assist in implementing this policy.

The scholarly, educational, or artistic content of any written, oral, or other presentation or inquiry shall not be limited by this policy. It is the intent of this paragraph that academic freedom be allowed to all members of the academic community. Accordingly, this provision shall be liberally construed but shall not be used as a pretext for violation of this policy.

Any student or employee with a complaint of discriminatory harassment should contact the associate vice president for Equal Opportunity Programs to obtain information on the procedure for handling such complaints. Any questions regarding either this policy statement or a specific fact situation should be addressed to the Emory University Office of Equal Opportunity Programs.

University-Student Relationships
The Board of Trustees of Emory University has adopted a statement of policy dealing with University-student relationships. A digest of that policy follows:

1. Emory University was founded on Christian principles by the Methodist church and proudly continues its church relationship as an agency dedicated to seeking and imparting truth.

2. Emory University admits qualified students of any sex, sexual orientation, race, color, national origin, age, religion, disability, or veteran’s status to all of the rights, privileges, programs, and activities generally accorded or made available to students at Emory University; it does not discriminate on the basis of sex, sexual orientation, age, race, color, national origin, religion, disability, or veteran’s status in administering its educational policies, admission policies, scholarship and loan programs, athletic programs, and other programs administered by Emory University.

3. Attendance at Emory University is a privilege and not a right; however, no student will be dismissed except in accordance with prescribed procedures; students applying for admission do so voluntarily and are free to withdraw, subject to compliance with the regulations of their schools or colleges governing withdrawal and to the fulfillment of their financial obligations to the University.

4. Upon matriculation at Emory, each student agrees to be bound by the rules, policies, procedures, and administrative regulations as they exist at the time of admission and as they may be changed by duly constituted authority.

5. By enrolling as a student at Emory University, a person acquires the right to pursue the course of study to which he or she is admitted and to be treated with the dignity appropriate to an adult person in all matters relating to the University; in the same spirit, the student shall comply with the rules and regulations of Emory University.

6. Students are provided the opportunity to participate in the development of rules and procedures pertaining to University affairs to the extent that such participation and the results thereof, as determined by the Board of Trustees or its designated
agent, are consistent with orderly processes and with the policies and administrative responsibilities of the Board of Trustees and the administration.

7. The University expects students to conduct themselves with dignity, courtesy, responsibility, and integrity, and with due respect for the rights of others, realizing that sobriety and morality are not only characteristics of a mature and responsible person but are also essential to the maintenance of a free and orderly society.

8. Membership in and rules governing admission to student organizations shall be determined by the organizations themselves, and such rules shall not be required to be uniform as long as these rules do not contravene any policy established by the Board of Trustees.

Emory University is an educational institution, not a vehicle for political or social action. It endorses the right of dissent and protects and encourages reasonable exercise of this right by individuals within the University. Because the right of dissent is subject to abuse, the Board of Trustees and the president have published a statement to clarify policy concerning such abuse. A digest of that statement follows:

1. Individuals associated with Emory represent a variety of viewpoints; the University fosters the free expression and interchange of differing views through oral and written discourse and logical persuasion.

2. Dissent, to be acceptable, must be orderly and peaceful and must represent constructive alternatives reasonably presented.

3. Coercion, threats, demands, obscenity, vulgarity, obstructionism, and violence are not acceptable.

4. Demonstrations, marches, sit-ins, or noisy protests that are designed to or that do disrupt normal institutional pursuits are not permitted.

5. Classes and routine operations will not be suspended except for reasonable cause as determined by the president.

6. Administrators, faculty, staff, and students are expected to abide by these standards of conduct in promoting their views, particularly dissent.

7. Persons who oppose these policies should not become associated with Emory nor continue to be associated with Emory.

8. Academic and administrative procedures protect individuals in the right of free expression and provide for prompt and appropriate action against those who abuse such right.

Board of Counselors

The Board of Counselors for Oxford College of Emory University had its original meeting on June 4, 1971. The purpose of this group of alumni and friends is “to receive information about the college and to consult with the dean and other officers. The board is asked to help interpret the program and objectives of Oxford College, to bring to the officers of the college a reflection of opinions that will help guide the college, and to share ideas concerning resources development for the college. The overall objective is to improve and increase the service of Oxford College.”
