©1989 Emory University

It is the policy of Emory University that discrimination against any individual for reasons of race, color, national origin, religion, sex, age, handicap, or veteran status is specifically prohibited. Accordingly, equal access to employment opportunities and educational programs is extended to all qualified persons. In addition, students, faculty, and staff are assured of participation in programs and in the use of facilities of the university without discrimination. The university promotes equal opportunity through a positive and continuing affirmative action program. All members of the student body, faculty, and staff are expected to assist in making this policy valid in fact. Any inquiries regarding this policy should be directed to the Emory University Office of Equal Opportunity Programs.

The university reserves the right to revise programs, information, requirements, regulations, or financial charges at any time. Whenever changes occur, an effort will be made to notify persons who may be affected.

and for the achievement of their common purpose.

The total program of Oxford College—studies, activities, and social relationships—creates a community of learning within an atmosphere of honesty, freedom, and mutual trust.

Accessibility

It is the policy of Oxford College that all programs shall be accessible to handicapped students. Students with disabilities are invited to contact the Office of Campus Life so that needed services can be arranged. It is in the best interest of the student to do this as soon after admission as possible.

Emory University

From its founding in 1836, Emory University has grown into a national teaching, research, and service center with an enrollment exceeding 8,500. A coeducational, privately controlled university affiliated with the United Methodist Church, Emory awards over 2,000 degrees annually. In addition to Oxford College, the university comprises Emory College, the Graduate School of Arts and Sciences, and Schools of Business, Law, Medicine, Theology, Nursing, and Postgraduate Dentistry, as well as a broad program in the allied health professions.

Among the centers for specialized research and study at Emory are the Graduate Institute of the Liberal Arts, the Division of Biological and Biomedical Sciences, the Emory Law and Economics Center, the Carter Center, the Rollins Center for Church Ministries, the Emory Center for International Studies, the Center for Faith Development, and the Emory Museum of Art and Archaeology. Campus-based independent affiliates include the African Studies Association; Scholars Press; National Faculty for the Humanities, Arts, and Sciences; and the Georgia Endowment for the Humanities.

Emory maintains close exchange agreements with several distinguished universities abroad including Cambridge and Oxford (England), St. Andrews (Scotland), Peking and Xiamen (People's Republic of China), Johannes Kepler (Austria), Kobe (Japan), Augsburg and Hamburg (Germany), Trieste (Italy), Leiden (the Netherlands), Tbilisi State University (Soviet Georgia), and the Institute of State and Law of the Soviet Academy of Sciences.

Emory's Woodruff Medical Center includes the Schools of Medicine, Postgraduate Dentistry, and Nursing; Emory University Clinic; Emory University Hospital; Crawford Long Hospital of Emory University, Jesse Parker Williams Pavilion; and the Yerkes Regional Primate Research Center. Independent affiliates located in the vicinity of the medical center include Georgia Mental Health Institute, Wesley Homes, the U.S. Centers for Disease Control, and the following hospitals: Grady Memorial, Henrietta Egleston Hospital for Children, the American Cancer Society, and the Atlanta Veterans Administration Medical Center.

The university's Atlanta campus stands on 620 heavily-wooded rolling acres six miles northeast of downtown Atlanta.

Admission

Requirements

Freshman applicants to Oxford must submit entrance credentials indicating graduation from a secondary school with at least 16 acceptable units of work. Oxford strongly recommends the following:

<i>Subject</i>	<i>Years</i>
English	4
mathematics (including algebra II)	3
foreign language	2
social studies	2
laboratory sciences	2

The applicant must also present satisfactory scores on the examinations of the College Entrance Examination Board (SAT: Oxford College code number 5186) or the American College Testing Program (ACT: Oxford College code number 0815).

If interested in receiving an application for admission, write to: Director of Admission, Oxford College, Oxford, GA 30267.

Application Procedure

APPLICATION FEE

A nonrefundable \$35 processing fee must accompany each completed application.

REGULAR DECISION PLAN

Applications are accepted on a rolling basis. Admission decisions are made within four to six weeks after an application is complete. A complete application consists of the application form, the \$35 nonrefundable processing fee, a high school transcript which includes completed work through the junior year, SAT or ACT scores, and a letter of recommendation.

Students who wish to enter college before graduating from high school may apply to Oxford through the Early Admission Program. These students must have completed the junior year in high school with an outstanding academic record and a minimum of fourteen academic units. SAT or ACT scores are required along with a letter of recommendation from a high school official. Such students are admitted as regular students.

For further information, write to: Director of Admission, Oxford College, Oxford, GA 30267.

Admission Decisions

Notice of decision will be mailed within six weeks after all credentials are on file. Upon notice of acceptance, a deposit of \$200 is required which will apply toward the first semester's tuition. The deposit may be refunded if requested before May 1 for summer or fall enrollment and before December 15 for spring enrollment.

PHYSICAL EXAMINATION

At the time of initial acceptance to Oxford College, each applicant must submit a health report on forms provided by the college. This report should be mailed early in the summer before enrollment to: Student Health Service, Oxford College, Oxford, GA 30267. Until this report is received, the student may not register. After an attendance lapse of one year or more, the student must provide a new physical examination report at the time of reenrollment in Oxford College.

Accelerated Degree Programs

JOINT ENROLLMENT

Up to 32 semester hours of credit may be allowed for work taken at Oxford College or another accredited college or university in an approved joint enrollment program with a secondary school. Interested students should consult their high school counselors or write for more specific information to: Director of Admission, Oxford College, Oxford, GA 30267.

ADVANCED PLACEMENT

Advanced placement can be granted, with academic credit, on the basis of satisfactory scores on the Advanced Placement Tests of the College Entrance Examination Board (CEEB). Applicants should request that the scores be sent to the Office of Records and Registration.

Transfer Applicants

REQUIREMENTS

Oxford welcomes applications from students who have attended other colleges.

If less than a year of college-level work has been completed, the high school transcript and SAT or ACT scores should be submitted as part of the admission application. An official college transcript should be sent from all previously attended colleges. The student must be eligible to return to the previous institutions and should have an overall grade point average equivalent to a C or better at Oxford.

Transfer students from approved colleges may receive credit at Oxford for previous work, provided their performance is creditable and the work consists of acceptable academic college-level courses. To qualify for the associate of arts degree and for continuation at Emory College on the Atlanta campus, transfer students are required to take at least two semesters of residence at Oxford, earning a minimum of 32 credit hours and taking a minimum of one physical education course from each of the three physical education areas.

Transient Study

An Oxford student who wishes to enroll for summer work at another institution must secure written permission of the academic coordinator before the end of spring semester. Students wishing to enroll as transients at Oxford must also present a written permit from their own dean or registrar.

Readmission

Students desiring to return to Oxford after withdrawing or being absent for one or more semesters (other than the summer semester) must complete a readmission form available from the Admission Office. There is no application fee for readmission.

Students who have had no academic or conduct problems and who have not enrolled in other colleges will be automatically readmitted.

Students requesting readmission after exclusion must petition for readmission no later than four weeks prior to the end of the term preceding the one for which readmission is requested. (see Probation and Exclusion).

Students who have been absent for more than one year must submit a new physical examination form. Readmission following withdrawal for medical reasons requires clearance by designated university health officials.

New Student Orientation

Oxford College has an orientation program on campus the week before the fall semester begins for all new students to become familiar with the campus, meet members of the faculty, and register for the fall semester. Parents are invited to attend some events on the first day of the orientation program, meet the faculty and administration, and become acquainted with the educational philosophy of Oxford College. Students who enter Oxford in the spring semester have a one-day orientation program prior to the start of the semester.

Summer School

The Oxford Summer School Program is held on the Atlanta campus as part of the university summer school. Oxford students planning to begin their college career in the summer should inform the director of admission at Oxford College of their intention. For more information about the summer program, contact the Office of Records and Registration.

Oxford Preparatory Program

Limited to entering freshmen, this month-long program prepares students to study and learn effectively, and to participate fully in college life. The program provides a concentrated review in reading, grammar, writing, mathematics, and instruction in study skills.

Financial Information

Expenses

BASIC COST

Basic expenses for the academic year 1989-90 are approximately \$6,800 per semester (tuition, fees, books, room, and board). The student should allow additional funds for such expenses as laundry, personal items, and entertainment.

TUITION

The 1989-90 semester tuition charge of \$4,630 includes full-time instruction in a normal program of study, use of facilities and equipment, medical and health service, and library service.

Part-time students (with a course load of fewer than twelve semester hours) are charged \$386 for each semester hour. This charge does not include medical and health service.

Off-campus courses during the interim term require the payment of \$289 per semester hour at fall registration. There is an additional charge for living and traveling expenses incurred in these courses. These costs are announced at the time of registration for the course.

ROOM AND BOARD

The cost of room and board for each semester of the 1989-90 academic year will range from \$1845 to \$1985, depending upon residence hall assignment. This rate applies to a double room in the residence halls; private rooms, when available, incur an additional charge. The cost also covers all meals (three meals a day, seven days a week) in the campus dining hall.

In addition, a housing deposit of \$100 is required of all students living on campus. This deposit is refunded at the time of the student's final departure from Oxford if the student does not owe residence hall damage fees.

Oxford is a residential campus, so students are required to live on campus and participate in the meal plan. Only students who are given permission to live at home within commuting distance will be exempt from the campus residency and meal plan requirement. All exceptions must be submitted in writing at least one month prior to the student's entry into Oxford and approved by the director of residence life.

All residence hall rooms are furnished with beds, mattresses, desks, chairs, dressers, and a sink. Students furnish their own sheets, blankets, towels, and pillows. Radios, stereos, television sets, and small refrigerators are permitted, but cooking equipment (e.g. microwaves, hot plates, toaster ovens, etc.) or major appliances (e.g. window air conditioners) are not permitted in campus housing.

Financial Assistance

Despite the sharply rising cost of education, Oxford College believes that financial circumstances should not prevent academically qualified students from attending the college of their choice. Scholarships, loans, and on-campus employment tailored to individual ability and need are available at

Oxford. Oxford College makes an effort to combine scholarships, loans, and part-time employment with parental assistance so that students are able to do their best work without financial strain.

A student must re-apply for aid each year. Provided that the student continues to demonstrate financial need, freshmen recipients can expect their aid package to be renewed for their sophomore year at Oxford. Students continuing to Emory College for their junior and senior years can expect to receive the same percentage of tuition in need-based scholarship aid as they did at Oxford by continued demonstration of need.

Need-based Grants are awarded for an academic year, provided the student is not placed on academic probation for two consecutive semesters, conduct probation for the second time, or found guilty of a conduct council violation while serving on conduct probation. A student placed on honor council probation for the second time will automatically lose a grant. The student must request renewal of the grant in writing.

Academic scholarships are awarded solely on the basis of academic and personal merit. Academic scholars placed on honor council probation for the first time or conduct probation for the second time will lose their scholarships for the period of time they are on probation. If the scholarship is reinstated, it will be on the basis of need and no longer considered a merit-based scholarship.

Oxford uses the Financial Aid Form (FAF) of the College Scholarship Service to determine student's financial needs. The College Scholarship Service is a cooperative program for handling confidential statements submitted by parents in support of application for financial assistance.

An FAF may be obtained from the student's high school guidance office or by writing to the Oxford College Financial Aid Office. To receive priority treatment, the statement should be filed by February 15 of the year in which the student will require aid. Financial aid award packages are mailed by April 15.

Only applicants who have been accepted for admission as freshmen or who are already enrolled will be considered for financial aid. Deadline for aid application is April 1 prior to admission in September or prior to the sophomore year.

Academic Scholarships

ROBERT W. WOODRUFF SCHOLARS

The Robert W. Woodruff Scholarship competition is for high school seniors who have demonstrated qualities of forceful and unselfish character, intellectual and personal vigor, outstanding academic achievement, impressive skills in communication, significant leadership and creativity in school or community, and clear potential for enriching the lives of their contemporaries at Emory University. All students who apply for admission to Oxford College by February 1 are automatically considered for these awards and will be notified with their acceptance letter if they are chosen as scholar candidates.

Scholarships will be awarded solely on the basis of outstanding merit, without regard to financial need, race, color, religion, sex, age, handicap, or national origin.

DEAN'S SCHOLARS

These four-year full-tuition scholarships are awarded annually to five freshman applicants. Selection is based on demonstrated academic achievement and leadership capabilities. Students must maintain a 3.2 grade point average to continue as Dean's Scholars for their four years within the Emory University system. All students who apply for admission to Oxford College by February 1 are automatically considered for these awards.

FACULTY SCHOLARS

These four-year scholarships for the amount of 50% of tuition are awarded annually to ten freshman applicants. Selection is based on demonstrated academic achievement and leadership capabilities. Students must maintain a 3.2 grade point average to continue as Faculty Scholars for their four years within the Emory University system. All students who apply for admission to Oxford College by February 1 are automatically considered for these awards.

OXFORD SCHOLARS

Academic scholarships are awarded annually to several Oxford students continuing on the Atlanta campus. These students are nominated by the dean of Oxford College in consultation with the Oxford faculty and staff. Nominees must show academic achievement, leadership ability, strong character, and potential to make significant contributions to Emory College. Final selections are made by the dean of Emory College. This scholarship is renewable for the second year provided the student maintains an acceptable academic record.

Named Scholarships

In addition to the financial assistance for students provided in the operating budget of Oxford College, there are twenty-six endowed scholarships which have been given as charitable investments in youth and in memory of friends and loved ones. Friends and alumni who are interested in establishing such scholarships are invited to contact the development office of Oxford College.

ALLGOOD SCHOLARSHIP

Provided in 1966 by Mr. and Mrs. William I. Allgood of Oxford. Mr. Allgood is a member of the class of 1938 and a former member of the faculty.

THE ARNOLD FOUNDATION SCHOLARSHIP

Provided by the Arnold Foundation in 1985 to fund scholarships for deserving students residing in Newton County or surrounding counties. The foundation was established by Robert and Florence Arnold of Covington.

DR. ARTHUR NICHOLAS ANDERSON, JR. MEMORIAL SCHOLARSHIP

Established in 1977 by Mrs. Betty C. Anderson in memory of her husband, a member of Oxford's class of 1938.

JAMES Y. AND KATHLEEN GROGAN ARNOLD MEMORIAL SCHOLARSHIP

Established in 1983 by James Y. Arnold, Jr. in memory of his parents. This scholarship is for a worthy student from Elbert County.

E. J. BROWN SCHOLARSHIP

Established by Mr. Phil Buchheit, publisher of the Spartanburg, S.C., Herald-Journal, and friends in 1958 in honor of Mr. E. J. Brown, a former member of the faculty.

EDMOND WEYMAN CAMP, JR. SCHOLARSHIP

Started in 1978 by members of the Camp family and friends in honor of Dr. Edmond Weyman Camp, Jr., who graduated from the Emory University School of Medicine in 1935 and was a former member of the Oxford faculty.

CLINE FAMILY MUSIC SCHOLARSHIP

Given in 1985 by John and Pierce Cline, and Lucie Huie, this fellowship is awarded to musically talented students who agree to participate in the music program of Oxford College and Allen Memorial United Methodist Church.

MARSHALL R. ELIZER SCHOLARSHIP

Funded in 1987 by alumni and friends of Oxford College in honor of Marshall R. Elizer. Elizer served as business manager, director of student services and professor of mathematics from 1946 to 1978.

ETHERIDGE SCHOLARSHIP

Given in 1968 by the Rev. Roy P. Etheridge '15, a retired United Methodist minister, in memory of his parents, Robert A. and Harriet K. Etheridge.

FLEMING SCHOLARSHIP

Funded in 1976 by gifts from alumni and friends of Oxford College in honor of Neal Bond Fleming, dean of Oxford College from 1966 to 1976.

GODFREY SCHOLARSHIP

Established in 1957 by Mr. and Mrs. S. Charles Candler of Madison, Ga., in memory of Mr. and Mrs. P. W. Godfrey, Mrs. Candler's parents.

JOHN AND SARA GREGORY SCHOLARSHIP

Established in 1987 in honor of John and Sara Gregory. John Gregory taught literature at Oxford College for thirty-two years. Sara began as a chemistry professor and then served as the Oxford librarian for eighteen years.

CURRY T. AND BOBBIE HAYNES SCHOLARSHIP

Funded in 1978 by gifts from alumni and friends of Oxford in honor of Curry T. Haynes, professor of biology from 1945 to 1970, and of Bobbie Haynes, infirmary supervisor from 1946 to 1978.

A. W. JACKSON ENDOWED SCHOLARSHIP

Established as part of the sesquicentennial campaign in 1987 to honor Professor A. W. Jackson, retired physics and math professor from 1930 to 1945, and former Oxford College business manager from 1945 to 1971.

KING SCHOLARSHIP

Funded jointly by Oxford College and the Newton County King Scholar Fund, Inc. and given to a student from Newton County High School who chooses to attend Oxford College.

ERNEST T. LOYD SCHOLARSHIP

Started in 1979 by Mr. and Mrs. Ernest T. Loyd for the benefit of Oxford College students with high scholastic ability, good athletic ability, and good morals.

WORTHEY F. AND VARA KITCHENS LUNSFORD SCHOLARSHIP

Established in 1988 as a bequest from the estate of Reverend Lunsford, who graduated from Emory Academy in 1925. Reverend Lunsford was a Methodist minister, and he maintained an interest in Emory and Oxford College throughout his life.

WILLIAM ARTHUR MATTHEWS SCHOLARSHIP

Started in 1978 by Beverly Cone Matthews Sossoman '38 in memory of her husband, Dr. William A. Matthews '32.

DAN C. MOORE ENDOWED SCHOLARSHIP

Established as part of the sesquicentennial campaign in 1987 in honor of Professor Dan C. Moore and his forty years of teaching mathematics and physics.

DAVID L. AND LEILA THORNLEY O'NEAL SCHOLARSHIP

This scholarship was established in 1979 by David L. and Leila Thornley O'Neal, and Hariette Louisa Thornley.

ALBERT W. REES SCHOLARSHIP

Established in 1957 by family and friends in memory of Professor Albert W. Rees, a former superintendent of the university and academy at Oxford.

STEVENS SCHOLARSHIP

Provided in 1957 by Mrs. Marie Stevens Walker Wood of Macon, Ga., in memory of her father, Walter Crawford Stevens of the class of 1873.

E. WALTON STROZIER SCHOLARSHIP

Funded in 1979 by gifts from alumni and friends of Oxford in honor of E. Walton Strozier '14, professor of social studies and a member of the faculty for 36 years. Professor Strozier retired in 1960.

STUBBS HONORARY SCHOLARSHIP

Funded each year by the Walter Clifton Foundation in appreciation for and in honor of William and Rachael Stubbs.

SWANN SCHOLARSHIP

Given by Mrs. Julia Swann Miller Williford in memory of her son, Mr. Thomas Chalmers Swann III, a student at Oxford in 1943. This scholarship is for a worthy student from Newton County.

THE GEORGE L. ZORN FAMILY SCHOLARSHIP FUND

Established in 1982 by the Zorn family.

Additional Scholarships

Two scholarships are provided by the United Methodist Church for outstanding Methodist students. The Mobil Chemical Company also donates an annual scholarship for a deserving student.

METHODIST MINISTERIAL SCHOLARSHIPS

Sons or daughters of active ministers or missionaries may receive a scholarship in the amount of 45 percent of current tuition. Application forms may be obtained from the Oxford Financial Aid Office.

COURTESY SCHOLARSHIPS

Sons or daughters of Emory University faculty or staff members may receive full-tuition scholarships, depending on the eligibility of the faculty or staff member. Applications should be obtained from the University Personnel Office.

GEORGIA TUITION GRANT

A state grant of approximately \$925 per year is available to each legal resident of Georgia who attends a private college in the state and takes a minimum of twelve semester hours. Formal application for this grant must be made through the Financial Aid Office at Oxford each year.

PART-TIME JOBS, LOANS AND VETERANS BENEFITS

Information concerning part-time jobs in offices, the library, the dining hall, residence halls and laboratories; loan funds available to prospective students; and any aspect of the financial benefits available for veterans or their dependents may be obtained from the Financial Aid Office, Oxford College, Oxford, GA 30267.

Refunds

A student who withdraws from school within the first five weeks of a semester will receive an adjusted, proportionate refund of tuition and board (see Cancellation and Withdrawal). Students who remain in school and drop part of their work will receive no refund for the work dropped. A student who is dismissed from the university will receive no refund. No housing refund is made except the \$100 deposit if the room is left in satisfactory condition.

Suspended students may apply for a prorated rent refund for the period of residence and will be eligible for return of the housing deposit.

Health Services

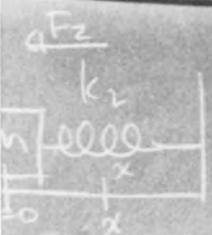

The Student Health Service, which is located in the residence hall area, is open during specified hours to care for students with minor illnesses and injuries. Medical and hospital care is also available at a local accredited hospital. The health program cannot assume responsibility for chronic conditions, eye refractions, dental care, and elective surgery.

INSURANCE

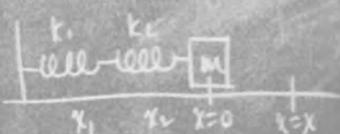

An optional group accident and sickness policy is available to full-time students. International students are required to buy the insurance offered by the college or show proof of coverage through their own insurance company. For information regarding student health care or insurance consult the Student Health Service at Oxford College.

COUNSELING SERVICES

Confidential counseling services for personal problems are available to students free of charge. Individual counseling is generally provided on a short-term basis. Referral services to specialists and private practitioners are also offered to students. Career testing and counseling as well as study skills assistance are also offered through counseling services, located within the Student Health Service.

Academic Programs

Courses of Study

Oxford offers two years of study in the arts and sciences. After successfully completing the Oxford program, students receive the associate of arts degree and may continue as juniors in Emory College. The Oxford basic courses prepare students for programs leading to the bachelor of arts and bachelor of science degrees and for programs in the Division of Allied Health Professions, the Nell Hodgson Woodruff School of Nursing, and the Emory Business School.

Emory College offers concentrations in the following fields of study.

BACHELOR OF ARTS

African American and African studies, anthropology, art history, biology, chemistry, classical civilization, classics, economics, educational studies, elementary education, English, French, French studies, German, German studies, Greek, Latin American studies, history, international studies, Judaic studies, Latin, liberal studies, mathematics, mathematics-computer science, music, philosophy, physics, political science, psychology, religion, Russian, sociology, Spanish, and theater studies. Joint concentrations are available in classics and English, classics and history, classics and philosophy, economics and history, economics and mathematics, economics and political science, English and history, English and modern languages, history and political science, history and French studies, history and art history, Medieval and Renaissance studies, and philosophy and religion.

BACHELOR OF SCIENCE

Applied physics, biology, chemistry, mathematics, mathematics-computer science, physics, and psychology.

COMBINED DEGREE PROGRAMS

In English, history, philosophy, political science, psychology, and sociology, combined degree programs lead simultaneously to the bachelor and master of arts degrees; in biology, chemistry, and mathematics, combined degree programs lead to the bachelor and master of science degrees.

Preprofessional Programs and Requirements

ALLIED HEALTH PROFESSIONS

The Division of Allied Health Professions of Emory University offers several programs leading to the bachelor of medical science. The B.M.Sc. degree is offered in physician associate, radiologic technology, and respiratory therapy. More specific information on these programs and entrance requirements is available in the division office.

BUSINESS ADMINISTRATION

Oxford College students are expected to fulfill the prescribed distribution requirements for graduation as specified.

The Emory Business School recommends the following pre-admission courses:

1. Mathematics 119--Mathematics with Business Applications (summer school only).
or
Mathematics 110 A, B--Calculus with Algebra and Trigonometry.
2. Computer Science 102--Introduction to Computing (summer school only).
3. Economics 112--Principles of Macroeconomics.
4. Economics 121--Principles of Microeconomics.
5. Business 210--Financial Accounting.

Students who do not complete the pre-admission courses prior to admission to the business school will be required to complete those courses by the end of the second semester in the business school.

Enrollment in the business school is limited, and completion of pre-admission courses does not guarantee admission. Business school admission is competitive, based on grade point average, leadership and extracurricular activities, and a letter of recommendation. Students should apply to the Emory Business School early in the fourth semester at Oxford. Applications for admission are available in the Oxford College Office of Records and Registration.

DENTISTRY

Students may take their pre-dental requirements at Oxford and apply to dental schools of their choice. Most dental schools require the following courses, in addition to a bachelor's degree: Biology 141, 142; Chemistry 141, 142, 221, 222; English (two courses); Mathematics 111 or equivalent; Physics 141, 142.

ENGINEERING

Students may take their preengineering requirements at Oxford and apply to engineering schools of their choice. For most schools the requirements include: Chemistry 141 and 142; Mathematics 111, 112, 211, 212; Physics 151, 152; plus social science and humanities electives.

LAW

A bachelor's degree, including a well-rounded liberal arts education, is required for admission to the Emory law school, but no particular curriculum is prescribed.

MEDICINE

The Emory University School of Medicine requires the following courses in addition to the bachelor's degree: Biology 141, 142; Chemistry 141, 142, 221, 222 (260 recommended); English (two courses); Physics 141, 142 (or 151, 152). Students who complete two full years of the premedical program in Oxford College with at least a 3.5 grade-point average may apply for early acceptance by the Emory School of Medicine with the understanding

that, if accepted, they will complete the premedical and bachelor's degree requirements in Emory College before matriculating in the School of Medicine two years later. Up to five students may be accepted in this way each year. Appropriate college and medical school faculty will assist the selected students in planning a program of study for their remaining college years that will integrate liberal arts and preprofessional studies. For more information, contact the associate dean's office, Seney Hall.

NURSING

The Nell Hodgson Woodruff School of Nursing at Emory University offers Oxford students a chance to transfer automatically into their program. Students who do not meet the criteria for automatic transfer from Oxford to the School of Nursing are encouraged to make application for admission through the regular process. Criteria for automatic transfer from Oxford are as follows:

1. cumulative grade point average of 2.5 or better in academic courses.
2. grades of C or better in prerequisite courses.
3. application in by March 1.
4. all credits earned at Oxford or Emory.

The specific course requirements for Oxford students are: Biology 141 or 120; Biology 121, 122; Chemistry 100 or 141; and Chemistry 120; four courses from the Division of Humanities, including English 110; one course in mathematics, preferably Math 107 (Statistics); and four courses from the Division of Social Sciences, including one course in history, economics or political science, Psychology 100, and Sociology 101. In addition, students must be certified in cardiopulmonary resuscitation (CPR). Students seeking automatic transfer should complete the application forms obtainable from the Office of Student Affairs at the School of Nursing and submit required transcripts and test scores to the Office of Student Affairs by March 1.

PHARMACY

Students may take prepharmacy requirements at Oxford and apply to pharmacy schools of their choice. For most schools the prepharmacy requirements are: Biology 141, 142; Chemistry 141, 142, 221, 222; Mathematics 111; Physics 141, 142; English 110; Economics 200; History 131 or 132; and Political Science 100, plus literature and social science electives.

THEOLOGY

Students preparing for the Christian ministry should seek a broad liberal arts education. Admission to the master of divinity program in the Candler School of Theology requires a bachelor of arts, bachelor of science, or equivalent degree.

VETERINARY MEDICINE

Students may take preveterinary requirements at Oxford and apply to veterinary schools of their choice. In general, the preveterinary requirements are: Biology 141, 142; Chemistry 141, 142, 221, 222; and English 110, plus humanities and social science electives.

Academic Load And Credit

The standard unit of credit in the semester system is the semester hour. Most courses earn four semester hours and meet on Mondays, Wednesdays, and Fridays (MWF) or on Tuesdays and Thursdays (TTh). Classes begin at five minutes past the scheduled time. MWF classes are 50-minute classes; TTh classes are 75-minute classes. Required laboratories for most science courses meet an additional three hours per week, usually from 2 to 5 P.M. on the day scheduled. Physical Education classes meet for three hours per week.

NORMAL LOAD

Sixteen hours per semester (four courses) plus P.E.

MAXIMUM LOAD

Twenty-two hours plus P.E. (special permission is required for more than eighteen hours)

MINIMUM LOAD

Twelve hours per semester for full-time resident student

Uniform Requirements

To achieve the A.A. degree, the student is required to complete 64 semester hours plus physical education, subject to the distribution and stipulations stated below.

HUMANITIES

Three four-semester-hour courses, distributed as follows:

1. English 110, completed during the freshman year, to fulfill the literature/composition requirement.
2. Two courses, at least one of which must be in philosophy, art history, civilization/literature in translation, music, religion or foreign language. Foreign language at the 101 level cannot be used to fulfill this requirement unless 102 or higher is completed.

NATURAL SCIENCE/MATHEMATICS

Three four-semester-hour courses, distributed as follows:

1. One laboratory science course (biology, chemistry, geology/geography, physics).
2. One course, other than Math 110A, in mathematics or computer science.
3. One additional course in the same department as the course used to fulfill the first requirement, or one additional mathematics or computer science course, as specified in the second requirement.

HISTORY/SOCIAL SCIENCES

Three four-semester-hour courses, distributed as follows:

1. History 101 or 102.
2. Two courses, at least one of which must be in the social sciences (anthropology, economics, political science, psychology, and sociology).

PHYSICAL EDUCATION

Students are required to take one one-semester-hour course for each semester in residence with a maximum of four courses required. These courses must include one course from each of three areas (aquatics, health/fitness and lifetime activities). Courses will be adjusted to fit the needs of handicapped students.

ADDITIONAL CREDIT

Oxford Studies 100 is a one-semester-hour course which may be repeated any number of times, but which may be taken for elective credit only.

Although there is no limit to the number of hours a student may take in off-campus courses, no more than four semester hours may be used to fulfill the uniform requirements in each division.

Certain courses may be specified by the faculty as credit courses which do not meet uniform requirements. They are so designated in their catalog descriptions. Currently, these courses are as follows: Oxford Studies 100; English 101; Business 210, 211; Mathematics 100C, 101C, 110A; Mathematics 101, 119 (summer school); and variable credit courses.

Requirements for Continues in Emory College

For Oxford students continuing in Emory College, the uniform requirements of Emory College are as follows:

1. All Oxford continues must complete the Emory College Area IC distribution requirement in order to graduate from Emory College. They may complete the requirement by taking the following either in Oxford or in Emory College:
 - a. a foreign language through 102 or its equivalent
 - or
 - b. two courses from the following (one must be mathematics): Mathematics 107, 108, 109, 110B, 111, 112 (or 112s); CS 150, 250; Philosophy 110, Economics 320, Educational Studies 451, 453; Political Science 308; Psychology 230; Sociology 355, 356. Courses taken to fulfill this requirement may also fulfill part of the Oxford College uniform requirements.
2. Oxford continues must also complete the junior and senior writing requirements while at Emory College.
3. All other Emory College distribution requirements are waived for Oxford continues who have completed the Oxford College uniform requirements.
4. Graduates of Oxford College must earn a total of 128 semester hours of academic credit plus required P.E. in order to be eligible to graduate from Emory College; of these credits, a minimum of 54 semester hours must be earned in Emory College. A minimum of three semesters of residence in Emory College (twelve semester hours or more per semester) is also required. A semester of fewer than twelve hours can be combined with another semester of fewer than twelve hours to make up one semester of residence; however, a partial semester may not be combined with a semester of

more than twelve hours to form two semesters of residence.

5. For further information, students may refer to the Emory College catalog or consult the academic coordinator at Oxford, who will help students plan programs for transfer to other schools. The responsibility for coordination of programs, however, remains with the student.

Academic Honors

HONOR LIST

For students who earn a cumulative average of 3.5.

MERIT LIST

For students who achieve an average of 3.0 for a semester.

ALPHA EPSILON UPSILON

Established at Oxford in 1906, Alpha Epsilon Upsilon promotes scholastic attainment and fosters friendship among those who earn scholastic standing. Students who attain a grade-point average of at least 3.75 after one semester (at least sixteen semester hours) or at least a 3.50 after two semesters (at least 32 semester hours), or at least 3.33 after three semesters (at least 48 semester hours, but not more than 60 hours) are eligible for membership.

PHI THETA KAPPA

A national honor society, Phi Theta Kappa requires ranking in the top five percent of the class after two semesters and recommendation by the faculty for membership.

Academic Advisers

Every student is assigned a member of the faculty who serves as academic adviser. Assignments are usually based on the student's academic interests as indicated at the time of enrollment. Students who wish to change advisers should report to the academic coordinator.

The student is responsible for meeting the necessary requirements for graduation explained in this catalog.

Pierce Program in Religion

The Pierce Program in Religion, inaugurated in the fall of 1977, was established in memory of Dr. Lovick Pierce and Bishop George F. Pierce. The program includes community as well as academic activities and is designed to enhance religious life at Oxford College. Each semester, Oxford Studies 100 is offered under the direction of the Pierce Professor of Religion. Oxford Studies centers on one assigned book that is the focus of discussions and campus activities. The course deals with establishing community-wide conversations regarding the clarification of fundamental ideas and values raised by the particular book chosen.

Off-Campus Courses

The off-campus programs have been designed to provide students with the opportunity to combine study with travel. These courses involve a combination of on-campus and off-campus study. The off-campus travel portion of a course may be offered in the interim period between fall and spring semesters or during the summer. The on-campus portion is offered during the regular term preceding the off-campus portion. Since these courses do not constitute part of a full-time load, they require a payment of \$289 per semester hour in tuition charges. Additional costs include living and travel expenses.

Off-campus courses are:

Geology 100N—Desert Geology

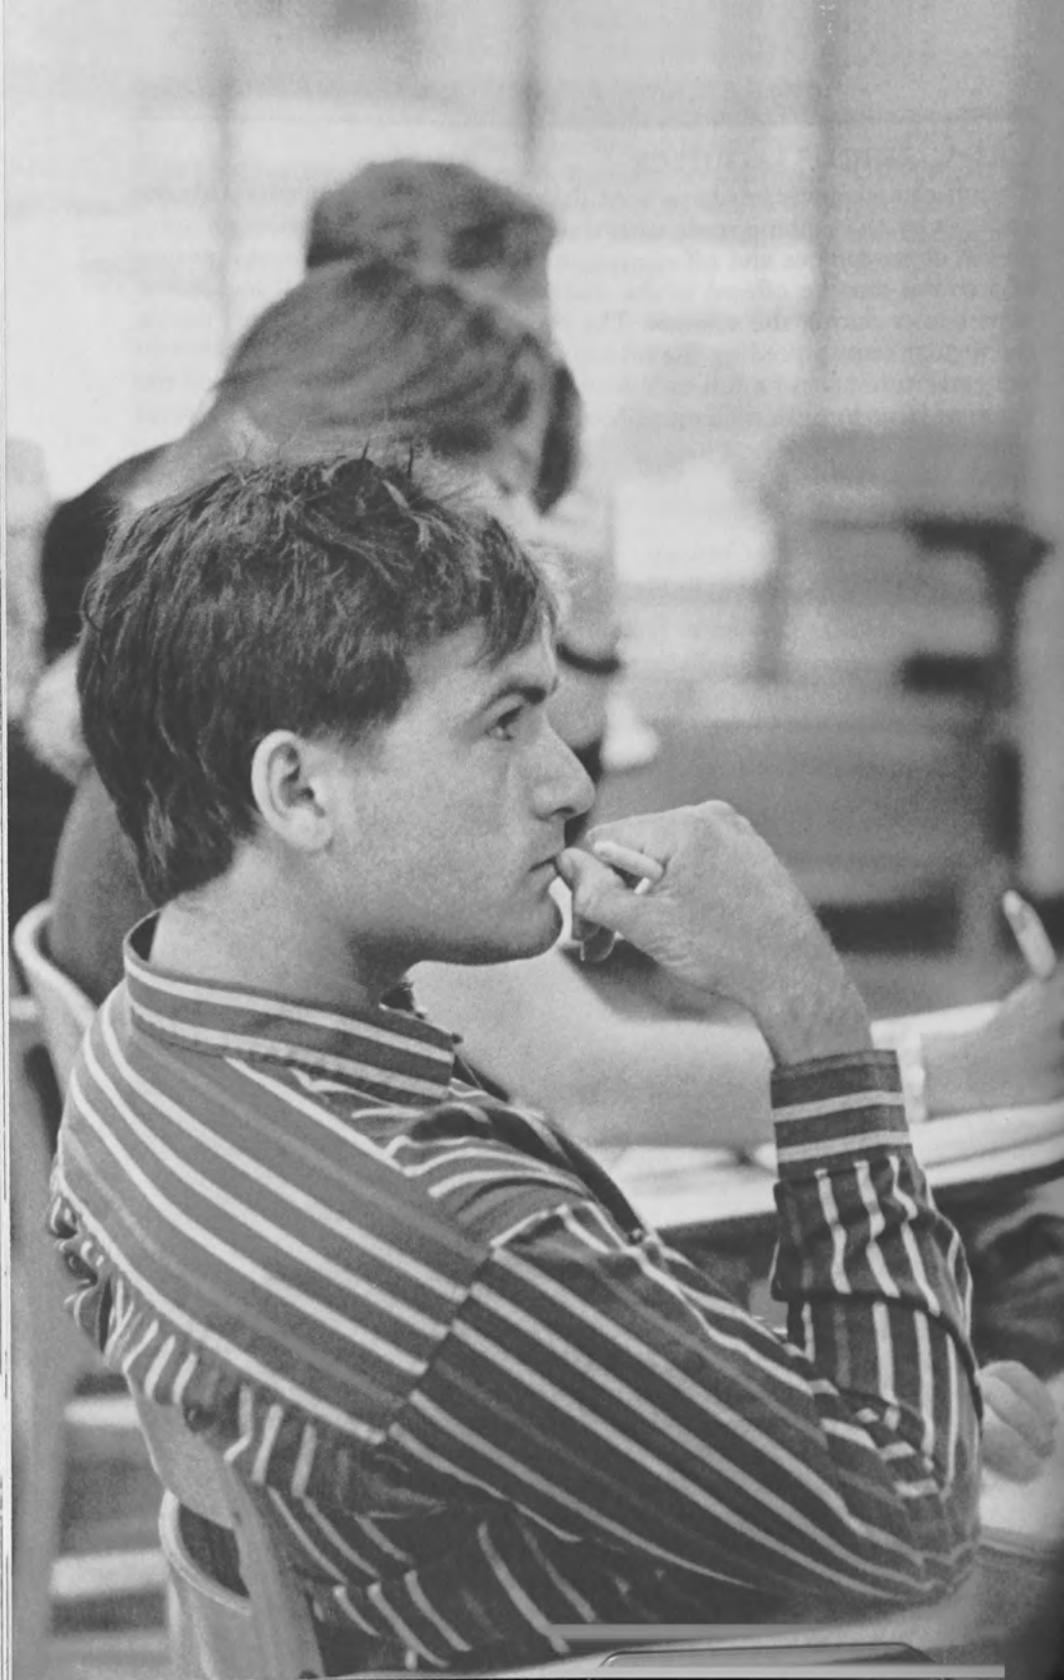

Humanities 115Q—Studies in Hispanic Civilization

Humanities 117Q—Studies in French Civilization

Physical Education 130N—Skiing

Sociology 215N—Social Problems

See descriptions under Course Descriptions for additional information about these courses.

Regulations

Administration of Curriculum

Administration of the curriculum is a joint endeavor of the faculty and the administration. Academic policies of the college are discussed by the Academic Policy and Planning Committee and voted upon by the faculty.

Requirements for Graduation and Continuation in Emory College

Requirements for graduation from Oxford College and eligibility for continuation in Emory College are the same:

1. Fulfillment of the uniform requirements (see page 22).
2. A cumulative grade-point average of at least 2.0 on all work taken in Oxford College.
3. For transfer students, a minimum total of 32 semester hours of academic work (excluding physical education) plus one semester hour of credit in physical education for each semester in residence, with a minimum of one course from each of three areas (aquatics, health/fitness, and lifetime activities).
4. The last eight semester hours must be taken in Oxford College to complete the residency requirement.

FINANCIAL REQUIREMENTS FOR GRADUATION

It is a requirement for graduation that all financial obligations to the university shall have been satisfied. In the case of outstanding loans not then due and payable, loan documents satisfactory to the university must have been executed and delivered, and all payments must be current.

Grading System

GRADES AND QUALITY POINTS

Symbols used to indicate the quality of work and credit are A, B, C, and D. Symbols used which result in no credit are F, failure; W, withdrawal without grade; WF, withdrawal while failing; and AU for courses audited. I (incomplete) is recorded when the dean, for reasons such as illness or emergency, grants a student formal permission to postpone a final examination or some other part of the course work; a faculty member may request permission to assign a student an I when the faculty member needs more time to complete evaluation of that student's work. Failure to remove the I by the end of three weeks in the next semester of residence in Oxford College or Emory College will result in an IF. For students who do not return to Oxford or continue at Emory, the I must be removed within a calendar year, or it becomes an IF.

Each passing grade carries with it a proportionate number of quality points. For each semester hour of credit, a grade of A entitles a student to four quality points, B to three quality points, C to two, D to one and F to

none. Grade-point averages are determined by dividing the number of quality points earned by the number of hours attempted. The grades of W and IF are computed as F.

REPORT OF GRADES

Reports of students' grades are made to the students shortly after the close of each semester. Students are notified about midsemester of unsatisfactory academic performance. Students who wish their parents or guardians to receive their grade reports and notification of unsatisfactory academic performance must sign a grade release form in the Office of Records and Registration.

Class Attendance

Students are responsible for their academic progress, and regular class attendance is considered necessary for the fulfillment of this responsibility. Students should understand that they are responsible for the effects of absences from class or laboratory on their academic work. Each professor determines class attendance requirements and may impose penalties for excessive absences. Excessive absences are reported to the academic coordinator and may be considered evidence of a student's disregard for academic responsibility.

Probation and Exclusion

ACADEMIC PROBATION

Any student whose cumulative grade point average is less than 2.0 at the end of any grading period will automatically incur academic probation. Probationary status may be removed only at the end of a semester. Students on probation will be expected to concentrate their energies upon their studies in order to bring their work up to the required standard.

CONTINUATION IN ATTENDANCE

A student incurring academic probation at the end of a semester may continue in attendance provided the following minimum standards are met:

1. The student's cumulative grade-point average must be at least 1.0 at the end of any semester.
2. The student's cumulative grade-point average must be at least 1.5 at the end of any semester at the conclusion of which the student has accumulated more than 26 but no more than 56 attempted semester hours in Oxford College.
3. The student's cumulative grade-point average must be at least 1.7 at the end of any semester at the conclusion of which the student has accumulated more than 56 attempted semester hours in Oxford College, unless the student has completed five semesters.
4. A student who has completed five semesters in Oxford College will be permitted to petition for an additional semester only if the student's cumu-

lative grade-point average is at least 1.9. Petitions will be considered by the dean and the Academic Appeals Committee. In cases where such petitions are granted, the sixth semester is normally the next consecutive one.

EXCLUSION

A student who fails to meet minimum requirements for continued attendance (see above) is automatically excluded. Students incurring exclusion may be readmitted only through appropriate petition to the dean (or designee). Such petitions are due no later than four weeks prior to the end of the semester preceding the semester for which readmission is requested and must establish a reasonable likelihood that the student's academic performance will substantially improve during the next semester and that the student would reasonably be able to complete the requirements for graduation in the allowed time. Special academic requirements will be imposed on students readmitted after exclusion. Students who fail to meet such requirements will be excluded permanently.

Conduct and Honor

As members of the Oxford College community of learning and as representatives of Emory University, students are assumed to be free and responsible individuals who conduct themselves in accordance with the traditions of the university. Students of Oxford College are responsible to the student government and to the administration for their own conduct and for the consequences of their actions.

The Oxford College faculty, administration, and student government share the responsibility of establishing and enforcing standards of student conduct. Each student is expected to abide by and support the Honor Code and the Conduct Code. Copies of these two codes are in the *Student Handbook* and all students receive a copy of the handbook during orientation.

Breaches of the Honor Code are heard by the Honor Council. Infractions of the Conduct Code, which includes residence hall regulations, are heard by the Student Conduct Council. The dean of Oxford College has final authority.

Changing Courses

A student may change courses during the first five days of classes each semester with the approval of the student's academic adviser. The course change forms may be obtained from the adviser and must be cleared through the Office of Records and Registration.

Dropping Courses

Other than all Physical Education courses, English 101, English 110, and Math 99A, a course may be dropped with no academic penalty during the first five weeks of classes with approval of the student's academic adviser.

Drops by merit scholars require approval of the associate dean for academic affairs. After the end of the drop/add period, such drops will result in the grade of W for the course dropped.

Students who drop a course after the end of the first five weeks for medical or psychological reasons, as corroborated by appropriate documentation, will be assigned a W for the course dropped. In all other cases of drop after the first five weeks, the grade assigned will be WF, unless the student withdraws from the college (see Cancellation and Withdrawal).

There is no tuition refund for a dropped course, except in cases of withdrawal from the college before the end of the fifth week of class.

Official Transcripts

Transcripts of a student's record may be obtained from the Office of Records and Registration by written request of the student. The first transcript is free; each additional copy costs one dollar. Official transcripts, bearing the college seal and validating signature, are not issued to individuals but are mailed only, upon request, as confidential information to agencies or institutions. Transcripts include the entire scholastic record; no incomplete or partial transcripts will be issued. Transcript requests should be made at least one week before the transcript is needed. No transcripts or official statements of any kind will be issued for students whose records show financial indebtedness to Oxford College.

Audit Courses

With the permission of the course instructor, students may visit any course for which they have the prerequisites. To receive a grade designation of AU for an audited course, a student must secure audit status within the five-day add period and fulfill requirements of the course instructor appropriate to auditors. The charge for audit courses is the same as for credit courses.

Repetition of Courses

Students may not repeat a course which they have passed. However, they may audit a course previously passed with the permission of the course instructor.

Emory College Courses

An Oxford student may, under appropriate circumstances, enroll in courses in Emory College with the permission of the deans of Oxford and Emory College. Students may enroll in no more than one course in a semester and no more than eight hours of such work will be permitted during the student's enrollment in Oxford College. Such courses cannot be equivalent to courses offered at Oxford, and normally must be courses

required of Emory College freshmen and sophomores as prerequisite to a particular academic major or program. Coursework taken in Emory College will be under the rules and regulations of Emory College. Inquiries concerning these matters should be addressed to the associate dean for academic affairs at Oxford College.

Cancellation and Withdrawal

To cancel registration or withdraw from the college at any time other than the close of a semester, a student must secure written permission from the dean or his designee; otherwise, honorable dismissal cannot be granted. A student who withdraws for reasons of illness on the recommendation of the Student Health Service will receive grades of W in all courses for that semester and must have medical approval from the Student Health Service before being readmitted to the college.

In all other cases, honorable withdrawal from the college after the first five weeks will result in grades of W in courses the student is passing and WF in courses the student is failing at the time of withdrawal.

Refunds of tuition are only partial. A student may cancel registration through the seventh calendar day after the first day of classes, in which case only the deposit and application fee are forfeited. After the last day for cancellation of registration, a student may withdraw from the college with the appropriate permission; the forfeit in withdrawal increases progressively, but is not less than that for cancellation. The schedule of forfeits in withdrawal is as follows: during the second week of the semester, twenty percent of tuition charges; during the third week, 40 percent; during the fourth week, 60 percent; during the fifth week, 80 percent. There will be no refunds after the fifth week of the semester. No refund is given if only a part of the work is dropped after the last day for approved course schedule changes as specified in the Academic Calendar.

If, in the opinion of the dean,* a student demonstrates evidence of an emotional disorder and has engaged in, or threatened to engage in, conduct which poses a threat to the mental, emotional, or physical well-being of self or others, or to property, and/or impedes the lawful activity of others, the student may be referred to the University Student Health Service for psychiatric evaluation. Refusal to obtain a psychiatric evaluation, when properly requested to do so, or determination by the University Health Service that withdrawal would be in the best interest of the student and the university shall be cause for involuntary withdrawal of the student from the university by the dean. Withdrawal in such cases shall normally incur no academic penalty for the term in which the student is enrolled, and tuition refund, if any, shall be based on the schedule established for voluntary withdrawal. The dean shall inform the student in writing of the effective date of the involuntary withdrawal and shall explain in writing the procedure for application for readmission to Emory University. Application for readmission after withdrawal for psychiatric reasons will require evaluation by the university psychiatrist. Persons seeking readmission may choose to

submit a written report from a psychiatrist at the individual's own expense. In no case shall readmission be granted after psychiatric withdrawal without the approval of the University Student Health Service.

A student who withdraws may not continue to live in university housing or participate in student activities and is ineligible for university medical health service.

Involuntary withdrawals, other than for psychiatric reasons, require the student to meet the financial obligations of full-semester tuition. Involuntary withdrawals are those confirmed by the dean of the college on a basis of censure.

**Dean as used in this statement always refers to dean or dean's designee.*

Academic Appeals

Students may petition for waivers of existing academic regulations and requirements in individual cases. Such petitions are handled under the guidelines established by the dean and faculty and should be submitted to the associate dean for academic affairs.

Motor Vehicles

All students using automobiles, motorcycles, and scooters must register their vehicles at the time of enrollment or at the time a vehicle is brought on campus. Persons operating a vehicle on campus are expected to know and abide by college parking and traffic regulations. A copy of the traffic regulation brochure is given to entering students during the orientation program each semester. Failure to abide by these regulations may result in fines and/or other disciplinary measures.

University-Student Relationships

The board of trustees of Emory University has adopted a statement of policy dealing with university-student relationships, a digest of which follows.

1. Emory University was founded on Christian principles by the Methodist Church and proudly continues its church relationship as an agency dedicated to seeking and imparting truth.
2. Emory University admits qualified students of any sex, race, color, national origin, age, religion, or veteran status or qualified handicapped students to all of the rights, privileges, programs, and activities generally accorded or made available to students at Emory University. It does not discriminate on the basis of sex, age, race, color, national origin, religion, veteran status, or handicap in administration of its educational policies, admissions policies, scholarship and loan programs, athletic and other Emory University-administered programs.
3. Attendance at Emory University is a privilege and not a right; however,

no student will be dismissed except in accordance with prescribed procedures. Students applying for admission do so voluntarily and are free to withdraw at their pleasure, subject to compliance with the regulations of their school or college governing withdrawal and to the fulfillment of their financial obligations to the university.

4. Upon matriculation at Emory, each student agrees to be bound by the rules, policies, procedures, and administrative regulations as they exist at the time of admission and as they may be changed by duly constituted authority.

5. By admission as a student at Emory University, a person acquires the right to pursue the course of study to which he or she is admitted, and to be treated with the dignity appropriate to an adult person in all matters relating to the university, and in the same spirit the student shall comply with the rules and regulations of Emory University.

6. Students will be provided the opportunity to participate in the development of rules and procedures pertaining to university affairs to the extent that such participation and the results thereof, as determined by the board of trustees or its designated agent, are consistent with orderly processes and with the policies and administrative responsibilities of the board of trustees and the administration.

7. The university expects students to conduct themselves with dignity, courtesy, responsibility, and integrity and with due respect for the rights of others, realizing that sobriety and morality are not only characteristics of a mature and responsible person, but are also essential to the maintenance of a free and orderly society.

8. Membership in and rules governing admission to student organization shall be determined by the organizations themselves, and such rules shall not be required to be uniform so long as the same do not contravene any policy established by the board of trustees.

Emory University is an educational institution, not a vehicle for political or social action. It endorses the right of dissent and protects and encourages reasonable exercise of this right by individuals within the university. Because the right of dissent is subject to abuse, the board of trustees and the president have published a statement to clarify policy concerning such abuse, a digest of which follows:

1. Individuals associated with Emory represent a variety of viewpoints; the university fosters the free expression and interchange of differing views through oral and written discourse and logical persuasion.

2. Dissent, to be acceptable, must be orderly and peaceful and represent constructive alternatives reasonably presented.

3. Coercion, threats, demands, obscenity, vulgarity, obstructionism, and violence are not acceptable.

4. Demonstrations, marches, sit-ins, or noisy protests which are designed or intended to or which do disrupt normal institutional pursuits will not be permitted.

5. Classes and routine operations will not be suspended except for reasonable cause as determined by the president.

6. Administrators, faculty, other employees, and students are expected to abide by these standards of conduct in promoting their views, particularly dissent.
7. Persons who are not so inclined should not become associated with Emory nor continue to be associated with Emory.
8. Academic and administrative procedures will protect individuals in their right of free expression and provide for prompt and appropriate action against those who abuse such right.

Course Descriptions

Humanities

Professors Linville and Oliver; Associate Professors Carpenter, Lemons, Morris, Schulz, and Warburton; Assistant Professor Stave; Instructor Nisbet.

The Division of Humanities offers introductory and basic courses in art, foreign language, literature, music, philosophy, and religion. The division encourages students to evaluate and appreciate man's literary, artistic, philosophical, and religious heritage.

Three humanities division courses, taken in at least two departments, are needed to fulfill the College's uniform requirements (see page 22). English 110 must be included. Foreign language at the 101 level cannot be used to fulfill this requirement unless 102 or higher is completed. English 101 and Oxford Studies 100 may not be used to fulfill the uniform requirements.

Students planning to concentrate in the humanities at Emory should take at least the beginning courses in their chosen field and additional courses in the foreign language and humanities areas since these are frequently required or recommended.

Oxford Studies 100. Oxford Studies

Fall, Spring. Credit, 1 hr. A liberal arts course focusing on a selected book each semester. Attention given to the topic through film, lectures, and various public events. Can be used for elective credit only.

ART HISTORY

Art 101. Art and Architecture from Prehistory to the Renaissance

Fall. Credit, 4 hrs. A survey of architecture, sculpture, painting, and other art forms, with emphasis on significant periods in Western history.

Art 102. Art and Architecture from the Renaissance to the Present

Spring. Credit, 4 hrs. A survey of architecture, sculpture, painting, and other art forms from the Renaissance, with emphasis on the most influential innovators to the present day.

ENGLISH

Requirements for major: 40 semester hours in English, not including English 101 and English 110. The ten courses taken must include seven core courses distributed as follows: (1) two advanced-level (300/400) courses in pre-1660 British literature (English 201 may be substituted for one of these courses); (2) two advanced-level (300/400) courses in post-1660 British literature (English 202 may be substituted for one of these courses); (3) two advanced-level (300/400) courses in American literature (English 250 may be substituted for one of these courses); (4) one advanced-level (300/400) course in British literature, American literature, drama, or language. Special topic courses (389) may satisfy these requirements if their content falls mainly within the period guidelines. Three additional courses (at the 200-level or higher) are also required. No more than four hours of internship may count toward the major. No more than eight hours of creative writing may count toward the major.

Prerequisites: Students must take English 110 or receive permission from the relevant instructor before taking any course above the 100 level in English.

38/COURSE DESCRIPTIONS

English 101. Fundamentals of English and Composition

Credit, 4 hrs. Grammar, mechanics and principles of effective written expression. Primary emphasis on the expository essay.

English 110. Introduction to Literature/Composition

Credit, 4 hrs. Prerequisite: English 101 with a grade of C or better or consent of the English department as stated in the placement recommendations. Analysis and appreciation of poetry, fiction, and drama as art forms. Primary emphasis on the critical essay.

English 201. Survey of English Literature to 1660

Credit, 4 hrs. Readings in significant British literature up to 1660 with attention to cultural and historical backgrounds.

English 202. Survey of English Literature since 1660

Credit, 4 hrs. Readings in significant British literature written from 1660 to the early twentieth century with attention to cultural and historical backgrounds.

English 210. History of Drama and Theater I

Credit, 4 hrs. A general history of the theater from its origins through the Renaissance, focusing on representative dramatic works and on the actor, staging, and audience as they have influenced the development of drama and the theater.

English 211. History of Drama and Theater II

Credit, 4 hrs. A general history of the theater from French Neo-Classicism through the twentieth century, focusing on representative dramatic works and on the actor, staging, and audience as they have influenced the development of drama and the theater.

English 250. American Literature: Beginnings to Modern

Credit, 4 hrs. Readings in significant American literature with attention to cultural and historical backgrounds.

English 260. Survey of World Literature

Credit, 4 hrs. Readings in significant works of the western literary tradition with attention to cultural and historical backgrounds.

English 311. Shakespeare

Credit, 4 hrs. Selected plays from the histories, comedies, tragedies, and romances.

English 330. Romanticism

Credit, 4 hrs. Selected poems of such romantic poets as Blake, Wordsworth, Coleridge, Byron, Shelley, and Keats and selections from romantic prose writers such as Hazlitt, DeQuincey, and Lamb.

English 335. The English Romantic Novel

Credit, 4 hrs. The development of the English novel in the early nineteenth century with representative works by such novelists as Austen, Scott, the Brontes, Thackeray, and the early Dickens.

English 348. Contemporary Literature

Credit, 4 hrs. Selected works from various genres by British and/or American writers from the 1950s to the present.

English 357. Southern Literature

Credit, 4 hrs. Selected works of major contemporary Southern writers, including Faulkner, Wolfe, Warren, and Welty.

English 381R. Topics in Women's Literature

Credit, 4 hrs. Topics and perspectives vary over successive offerings, such as the political novel or feminist poetics. May be repeated for credit when topic varies.

English 389R. Special Topics in Literature

Credit, 4 hrs. Individual literary topics and problems vary in successive offerings of this course. May be repeated for credit when topic varies.

English 399. Independent Study

Credit, variable. For students desiring to pursue a specific individual project of their own design. Students must have project approved by an adviser in advance of preregistration.

FRENCH

French 101. Elementary French I

Fall. Credit, 4 hrs. First in a series designed to train students to hear, speak, read, and write French. Oral practice emphasized.

French 102. Elementary French II

Spring. Credit, 4 hrs. Continuation of French 101.

French 117Q. Studies in French Civilization

Same as Humanities 117Q.

French 201. Conversation, Composition, and Reading

Fall. Credit, 4 hrs. Prerequisite: Elementary French II or permission of instructor. Continued development of all language skills. Texts selected to acquaint students with contemporary French.

French 205. Practical Conversation

Spring. Credit, 4 hrs. Prerequisite: French 201 or permission of instructor. Development of fluency in the spoken language through discussion of contemporary issues in French culture. Emphasis on increasing vocabulary and ease in the manipulation of grammatical structures.

French 206R. Composition and Syntax

On demand, with permission of instructor. Credit, 2 hrs. This course is designed to give an intensive review of French grammar and composition.

French 320. Seventeenth-Century French Literature

On demand. Credit, 4 hrs. Designed to trace the development of the classical ideal in French literature and thought of the seventeenth century.

French 323. Twentieth-Century French Literature

On demand. Credit, 4 hrs. French literature from 1900 to the present; the major figures and major works of the period, including Proust, Gide, Camus, and Beckett.

FRENCH COURSES IN TRANSLATION

French 270R. Topics in French Civilization in Translation

Credit, 4 hrs. Prerequisite: English 110 or permission of instructor. Topics to be announced when course is offered. No knowledge of French required. Readings and discussion in English. May be repeated for credit when topic varies.

French 271R. Topics in French Literature in Translation

Credit, 4 hrs. Prerequisite: English 110 or permission of instructor. Topics to be announced when course is offered. No knowledge of French required. Readings and discussion in English. May be repeated for credit when topic varies.

GERMAN

German 101. Elementary German I

Fall. Credit, 4 hrs. Demonstration and activation of basic language patterns.

German 102. Elementary German II

Spring. Credit, 4 hrs. Continuation of German 101.

German 200. Intermediate German I

Fall. Credit, 4 hrs. Prerequisite: Elementary German II or permission of instructor. Systematic review of German grammar; introduction to historical and comparative grammar; practice in writing German prose.

German 201. Intermediate German II

Spring. Credit, 4 hrs. Prerequisite: Intermediate German I or permission of instructor. Intensive practice in using spoken German based upon reading of short literary works and an introduction to literary study.

40/COURSE DESCRIPTIONS

HUMANITIES

Humanities 115Q. Studies in Hispanic Civilization

Off-campus during semester breaks. Credit, 4 hrs. An in-depth study through reading, discussion and travel of the culture, past and present, of a specific section of the Hispanic world. Readings emphasize the contemporary literature and history of the designated nation or nations. Seminar discussions prepare students for a two-week study tour. No knowledge of Spanish is required for enrollment; however, some study of the Spanish language is strongly encouraged. May be repeated for credit when the study area changes.

Humanities 117Q. Studies in French Civilization

Off-campus during semester breaks. Credit, 4 hrs. An in-depth study of regions of France through reading, discussion and travel. Reading emphasizes the history and contemporary literature of France. No knowledge of French is required for enrollment; however, some study of the French language is strongly encouraged.

Humanities 270R. Topics in French Civilization in Translation

(Same as French 270R.) Credit, 4 hrs. Prerequisite: English 110 or permission of instructor. Topics to be announced when course is offered. No knowledge of French required. Reading and discussion in English. May be repeated for credit when topic varies.

Humanities 271R. Topics in French Literature in Translation

(Same as French 271R.) Credit, 4 hrs. Prerequisite: English 110 or permission of instructor. Topics to be announced when course is offered. No knowledge of French required. Reading and discussion in English. May be repeated for credit when topic varies.

Humanities 280R. Topics in Spanish Civilization and Culture in Translation

(Same as Spanish 280R.) Credit, 4 hrs. Prerequisite: English 110 or permission of instructor. Topics to be announced when course is offered. No knowledge of Spanish required. Reading and discussion in English. May be repeated for credit when topic varies.

Humanities 281R. Topics in Latin American Civilization and Culture in Translation

(Same as Spanish 281R.) Credit, 4 hrs. Prerequisite: English 110 or permission of instructor. Topics to be announced when course is offered. No knowledge of Spanish required. Reading and discussion in English. May be repeated for credit when topic varies.

Humanities 300. Ensemble—Oxford Chorale

Fall, Spring. Credit, 1 hr. Group instruction in vocal music and the performance of selected repertoire. May be repeated for credit, total credit not to exceed 4 hrs.

MUSIC

Music 101. Introduction to Music

Fall, Spring. Credit, 4 hrs. Elementary principles of form and style in music from the sixteenth to the twentieth centuries. No previous experience necessary.

PHILOSOPHY

Philosophy 100. Introduction to Philosophy

Fall, Spring. Credit, 4 hrs. Examination of some of the central issues and speculative theories in the philosophical tradition.

Philosophy 110. Introduction to Logic

Fall, Spring. Credit, 4 hrs. Introduction to the informal techniques of critical thought and the formal analysis of argument structure.

Philosophy 282R. Special Topics in Philosophy

Credit, 4 hrs. Individual topics in philosophy. May be repeated for credit when topic varies.

RELIGION**Religion 101. Biblical Literature and Faith**

Fall, Spring. Credit, 4 hrs. The Hebrew and Christian scriptures in their historical setting as well as in subsequent interpretation.

Religion 102. Introduction to Religion

Fall. Credit, 4 hrs. Introduction to selected religious traditions, with emphasis primarily upon Hinduism, Buddhism, and Islam.

Religion 103. Contemporary Religious Thought

Spring, alternate years. Credit, 4 hrs. An introduction to the intellectual interpretation of religion by contemporary thinkers through varying points of view expressed in writings of theology and literature.

Religion 371R. Special Topics in Religious Studies

Credit, to be arranged. Prerequisite: to be announced by instructor. Study in depth of a limited historical or theoretical problem. May be repeated for credit when topic varies.

SPANISH**Spanish 101. Elementary Spanish I**

Fall. Credit, 4 hrs. First in a series of courses designed to train the student to speak, read and write Spanish. Oral practice emphasized.

Spanish 102. Elementary Spanish II

Spring. Credit, 4 hrs. Continuation of basic Spanish I.

Spanish 115Q. Studies in Hispanic Civilization

Same as Humanities 115Q.

Spanish 201. Conversation, Reading, and Composition

Fall. Credit, 4 hrs. Prerequisite: Elementary Spanish II or permission of instructor. Continued development of all language skills. Readings in Hispanic culture.

Spanish 212. Advanced Conversation

Spring. Credit, 4 hrs. Prerequisite: Spanish 201 or permission of instructor. Continuation of oral work begun in 201. Topics in Hispanic culture and civilization. Designed to give students an acceptable command of Spanish.

Spanish 375R. Topics in Latin American Literature

On demand, with permission of instructor. Credit, 4 hrs. The historical, political and sociological background of Latin American literature. Specific topics to be announced when the course is offered. May be repeated for credit when topic varies.

Spanish 376R. Topics in Spanish Literature

On demand, with permission of instructor. Credit, 4 hrs. The historical, political and sociological background of Spanish literature. Specific topics to be announced when the course is to be offered. May be repeated for credit when topic varies.

SPANISH COURSES IN TRANSLATION**Spanish 280R. Topics in Spanish Civilization and Culture in Translation**

Credit, 4 hrs. Prerequisite: English 110 or permission of instructor. Topics to be announced when course is offered. No knowledge of Spanish required. Readings and discussion in English. May be repeated for credit when topic varies.

Spanish 281R. Topics in Latin American Civilization and Culture in Translation

Credit, 4 hrs. Prerequisite: English 110 or permission of instructor. Topics to be announced when course is offered. No knowledge of Spanish required. Readings and discussion in English. May be repeated for credit when topic varies.

Natural Science and Mathematics

Professors McKibben, Murdy, and Sharp; Associate Professors Ali, Autr E. C. Bailey, R. E. Bailey, and Baird; Assistant Professors Carter, Fowle Henderson, Parker, and Saadein; Instructor Riner.

Natural Science includes biology, chemistry, geology, and physics. Three four-semester-hour courses are required, distributed as follows: (1) one laboratory science course (biology, chemistry, geology/geography, physics) (2) one course, other than Math 110A, in mathematics or computer science and (3) one additional course in the same department as the course used to fulfill the first requirement or one additional mathematics or computer science course as described in the second requirement. Students concentrating in natural science at Emory should take a minimum of two courses in the chosen field, two courses in an allied science and basic mathematics courses at Oxford. Students concentrating in mathematics or mathematics/computer science should complete at least Math 112, Computer Science 150 and Math 221 before continuation at Emory.

BIOLOGY

Biology 111. Environmental Issues

Fall, Spring. Credit, 4 hrs. The biological, chemical and geological basis of environmental issues concerning energy, the atmosphere, the hydrosphere, and the biosphere. An examination of public policies regarding the environment will be studied. Three hours of lecture and one three-hour laboratory or field trip per week.

Biology 120. Concepts in Biology with Laboratory

Fall, Spring. Credit, 4 hrs. Principles of genetics, physiology, taxonomy, and evolution with special reference to contemporary life situations. Intended for non-science majors. The course does not fulfill requirements for medical and dental schools.

Biology 121. Human Anatomy

Fall. Credit, 4 hrs. Primarily for non-majors and pre-nursing students. No prerequisite; however, Biology 141, or Biology 120, or the equivalent is highly recommended. A study of human anatomy from the organ systems approach. Laboratory exercises emphasize detailed dissection of appropriate mammalian specimens with comparisons to human models and demonstrations. Three hours of lecture and one three-hour laboratory per week.

Biology 122. Human Physiology

Spring. Credit, 4 hrs. Prerequisite: Biology 121. Primarily for non-majors and pre-nursing students. Emphasis is placed on homeostatic mechanisms involving neuroendocrine integration. Three hours of lecture and one three-hour laboratory per week.

Biology 141. General Biology I with Laboratory

Fall, Spring. Credit, 4 hrs. No prerequisite. The first course in general biology sequence. The study of living systems at the molecular and cellular levels of organization, and the biology of plants. Major topics include photosynthesis, respiration, reproduction, and genetics. Principles of evolution and ecology are stressed. Three hours of lecture and one three-hour laboratory per week.

Biology 142. General Biology II with Laboratory

Fall, Spring. Credit, 4 hrs. Prerequisite: Biology 141. The second course in general biology sequence. The study of morphology, physiology, ecology, and evolution of the major invertebrate phyla, and the chordates, with special emphasis on the vertebrate chordates. Three hours of lecture and one three-hour laboratory per week.

Biology 285R. Special Topics in Biology

Credit variable. With permission of instructor. Seminar or advanced course in selected topics in biology. May be repeated for credit when topic varies.

CHEMISTRY

Chemistry 100. Introductory Chemistry with Laboratory

Fall. Credit, 4 hrs. Introduction to the fundamentals of chemistry, properties of matter, atomic structure, formulas, equations, stoichiometry, solutions, and gases. Three hours of lecture and one laboratory per week. This course is designed primarily for pre-nursing students and non-science majors. Chemistry 100 is not open to students who have credit for Chemistry 141.

Chemistry 111

Same as Biology 111.

Chemistry 120. Selected Topics in Chemistry

Spring. Credit, 4 hrs. Prerequisite: Chemistry 100/141. Designed primarily for pre-nursing students and non-science majors. Topics include equilibrium, acids and bases, buffers, and survey of organic chemistry and its utility in the health sciences. Three hours of lecture and one three-hour laboratory per week.

Chemistry 141. General Chemistry I with Laboratory

Fall. Credit, 4 hrs. Prerequisite: Math 99A or placement by the Mathematics Department in a higher math course. Laws and theories of chemistry, atomic and molecular structure, chemical bonding, stoichiometry, gases, liquids, solids, and properties of solutions. Three hours of lecture and one three-hour laboratory per week.

Chemistry 142. General Chemistry II with Laboratory

Spring. Credit, 4 hrs. Prerequisite: Chemistry 141. Equilibrium kinetics, acids and bases, electrochemistry, chemical properties of metals and non-metals, and qualitative analysis. Three hours of lecture and one three-hour laboratory per week.

Chemistry 221. Organic Chemistry I

Fall. Credit, 4 hrs. Prerequisite: Chemistry 142. Classes of organic compounds, bonding, stereochemistry, structure and reactivity, nucleophilic substitution reactions, and elimination reactions. Three hours of lecture per week.

Chemistry 221L. Basic Organic Chemistry Laboratory I

Fall. Credit, 1 hr. Taken with Chemistry 221. One three-hour laboratory per week.

Chemistry 222. Organic Chemistry II

Spring. Credit, 4 hrs. Prerequisite: Chemistry 221. Classes of organic compounds, electrophilic aromatic substitution reactions, and nucleophilic aromatic substitution reactions. Three hours of lecture per week.

Chemistry 222L. Basic Organic Chemistry Laboratory II

Spring. Credit, 1 hr. Prerequisite: Chemistry 221L. Taken with Chemistry 222. One three-hour laboratory per week.

Chemistry 260. Quantitative Analytical Chemistry

On sufficient demand. Credit, 4 hrs. Prerequisite: Chemistry 142. Quantitative analysis including modern techniques such as electroanalytical chemistry; atomic, molecular absorption, and emission spectroscopy; and gas-liquid chromatography. Three hours of lecture and one three-hour laboratory per week.

GEOLOGY

Geology 100N. Desert Geology

Interim (Fall). Credit, 4 hrs. No prerequisite. Additional tuition is required. Study of the climatic origin and the geomorphology of deserts. Also includes morphological, physiological, and behavioral adaptations to life in a dry environment, and study of the ecological zones and geology of Big Bend National Park. Classes meet weekly during fall semester, followed by a ten-day field trip to Chihuahuan Desert in Big Bend National Park, Texas, during the break between fall and spring semesters.

Geology 111

Same as Biology 111.

44/COURSE DESCRIPTIONS

Geology 141. Physical Geology with Laboratory

Fall. Credit, 4 hrs. General geologic principles and concepts, especially as they apply to ear processes and earth resources. Three hours of lecture and one three-hour laboratory p week.

Geology 142. Historical Geology

Spring. Credit, 4 hrs. Prerequisite: Geology 141. Orderly sequence of events which ha occurred in and on the crust of the earth through geologic time. Special emphasis on tl geologic history of North America. Three hours of lecture and one three-hour laboratory p week.

Geology 199R. Independent Study

On demand. Credit, 1-4 hrs. Independent study for geology majors who have taken Geolo 141, 142. Requires an independent project approved by the instructor.

Geography 141. Meteorology and Climatology with Laboratory

Spring. Credit, 4 hrs. No prerequisite. The nature of the atmosphere, meteorological pr cesses, and climatic regions of the world including botanical zonation and climatic facto influencing people and nations. Three hours of lecture and one three-hour laboratory pr week.

PHYSICS

Physics 141. Introductory Physics I with Laboratory

Fall. Credit, 4 hrs. Prerequisite: Math 111, or equivalent. Elementary course covering th principles of mechanics, heat, thermodynamics, and wave motion. Methods of calculus ar introduced and used where appropriate. Three hours of lecture and one three-hour labora tory per week.

Physics 142. Introductory Physics II with Laboratory

Spring. Credit, 4 hrs. Prerequisite: Physics 141. Optics, electricity and magnetism, atomi and nuclear physics. Three hours of lecture and one three-hour laboratory per week.

Physics 151. General Physics: Mechanics with Laboratory

Fall. Credit, 4 hrs. Corequisite: Mathematics 112 and permission of the instructor. A calcu lus-based introductory course covering mechanics, thermodynamics, and wave motior Three hours of lecture and one three-hour laboratory per week.

Physics 152. General Physics: Electricity, Magnetism, and Optics with Laboratory

Spring. Credit, 4 hrs. Prerequisite: Physics 151. A continuation of Physics 151 covering elec tricity, magnetism, and geometric and wave optics. Three hours of lecture and one three hour laboratory per week.

MATHEMATICS AND COMPUTER SCIENCE

The mathematics department provides placement information for each incoming freshman. Before a decision on placement is made, each incoming freshman takes a placement test. After reviewing the student's high school record, SAT scores (or ACT scores), and the mathematics placement test score, the mathematics department assigns the student to courses for which this information indicates appropriate preparation.

Math 99A is offered for students who need additional work in mathematics before entering college level mathematics courses. Students placed in Math 99A are expected to pass Math 99A and Math 100C or Math 99A and Math 101C prior to entering a four-semester-hour mathematics course.

Students should register for courses based on placement. Students who wish their placement reviewed must see the chairperson of the mathematics department during registration to be assigned a time for additional testing

Any changes in placement are determined within the first four days of the semester.

Mathematics 99A. Algebra Review

Fall, Spring. Non-credit course. A one-half semester course designed to improve algebra skills. Students attend three hours of lecture and one two-hour special session (laboratory) per week. This course is a prerequisite for Math 100C or 101C.

Mathematics 100C. Elementary Topics in Discrete Mathematics

Fall, Spring. Credit, 2 hrs. Continuation of Math 99A, a one-half semester course designed to prepare students for introductory non-calculus courses offered by the mathematics department. Topics include sets, logic, introduction to matrices, and introduction to counting techniques. Students attend three hours of lecture and one two-hour special session (laboratory) per week. Course may not be taken for credit by students who have received credit for another mathematics course. Registration is by consent of the mathematics department.

Mathematics 101C. Precalculus Topics

Fall, Spring. Credit, 2 hrs. Continuation of Math 99A. A one-half semester course designed to prepare students for Mathematics 110. Topics include exponential, logarithmic, and trigonometric functions; equations and graphs involving these functions; and elementary algebraic functions. Students attend three hours of lecture and one two-hour special session (laboratory) per week. Course may not be taken for credit by students who have received credit for another mathematics course. Registration is by consent of the mathematics department.

Mathematics 107. Introduction to Probability and Statistics

Fall. Credit, 4 hrs. Prerequisite: Math 100C, Math 101C, or consent of the mathematics department as stated in the placement recommendations. Basic concepts in counting, probability, hypothesis testing, linear regression, and correlation, with applications.

Mathematics 109. Introduction to Discrete Mathematics

Fall or Spring. Credit, 4 hrs. Prerequisite: Math 100C, Math 101C, or consent of the mathematics department as stated in the placement recommendations. Topics selected from graph theory, matrices, game theory, linear programming, and counting techniques. Applications from the natural and social sciences.

Mathematics 110 A, B. Calculus with Algebra and Trigonometry

Fall, Spring. Credit, 4 hrs. each semester. Prerequisite: Math 101C or consent of the mathematics department as stated in the placement recommendations. This sequence covers the calculus of Mathematics 111 in two semesters. Math 110A is not open to students who have received credit for Math 111. Math 110A does not count toward uniform requirements for graduation from Oxford College.

Mathematics 111. Calculus I

Fall. Credit, 4 hrs. Prerequisite: Consent of the mathematics department as stated in the placement recommendations. Differential calculus of algebraic and transcendental functions of one variable, with applications; introduction to integral calculus. Not open to students who have received credit for Math 110B.

Mathematics 112. Calculus II

Fall, Spring. Credit, 4 hrs. Prerequisite: Mathematics 111 or Mathematics 110B. Continuation of Mathematics 111. This course includes methods of integration, introduction to differential equations, and infinite series.

Computer Science 150. Introduction to Computer Programming

Fall, Spring. Credit, 4 hrs. Prerequisite: Math 100C, Math 101C, or consent of the mathematics department as stated in the placement recommendations. Introduction to programming concepts and to programming in the FORTRAN language.

Mathematics 207. Probability and Statistics

Fall. Credit, 4 hrs. Prerequisite: Mathematics 111 or 110B. Development and use of mathematical models from probability and statistics, with applications.

46/COURSE DESCRIPTIONS

Mathematics 211. Multivariable Calculus

Fall. Credit, 4 hrs. Prerequisite: Mathematics 112. Vectors, multivariable functions, partial derivatives, multiple integrals, vector and scalar fields, Green's and Stokes' Theorems, divergence theorem.

Mathematics 212. Differential Equations

Spring. Credit, 4 hrs. Prerequisite: Mathematics 112. Ordinary differential equations with applications.

Mathematics 221. Linear Algebra

Spring. Credit, 4 hrs. Corequisite: Mathematics 112. Systems of linear equations and matrices, determinants, linear transformations, vector spaces, eigenvalues, and eigenvectors.

Computer Science 250. Introduction to Computer Science

Spring. Credit, 4 hrs. Prerequisite: Computer Science 150. Elementary algorithmic analysis including topics from numerical analysis, string processing, internal searching and sorting and data structures.

Mathematics 297R. Directed Study

On demand. Credit, 1-4 hrs. Topics and credit to be arranged.

Computer Science 297R. Directed Study

Same as Mathematics 297R.

Physical Education and Dance

Professors Greer and Shappell; Associate Professor England; Instructor Futra

The Division of Physical Education and Dance offers students the opportunity to develop a greater awareness of their human movement potential and its relationship to their present and future well-being. The curriculum is designed to expose students to various courses, programs, and activities which lead to the maintenance of a healthy body, the acquisition of particular motor skills, aesthetic appreciation of movement, fulfillment of the competitive/cooperative use of leisure time, and sheer kinesthetic pleasure.

Students are required to take one one-semester-hour course for each semester in residence with a maximum of four courses required. These courses must include one from each of three areas (aquatics, health/fitness and lifetime activities).

There will be no exceptions made for the physical education requirement. If a student is handicapped or in some way incapacitated due to illness prior to registration, the student must enroll in a course under one of the three emphasis areas. The courses will be adjusted to fit the needs of the student so that the student will be able to meet the uniform requirements (see page 22). If a student is incapacitated while enrolled in a course, adjustments for completing the course will be made.

Periodically, the physical education faculty will offer, upon request, a cardiopulmonary resuscitation (CPR) course to students and staff. This course carries no credit but meets the certification requirements of the American Heart Association.

This division, in addition to its curricular responsibilities, organizes and directs the intramural and recreational programs.

SPECIAL COURSES

Physical Education 131Q. Topics in Physical Education

On demand, with permission of instructor. Credit, 1 hr. Specific topic(s) to be announced when course is offered.

Physical Education 199. Directed Study

Fall, Spring. Credit, 1 hr. Independent study at the advanced level of listed activities. Student must have permission of faculty member to enroll and must have sophomore status. Activity planned and executed by the individual student under faculty guidance. May be taken under any of the three areas but may be taken only once.

HEALTH/FITNESS AREA

Physical Education 100. Health/Conditioning

Fall, Spring. Credit, 1 hr. Basic physiological principles for the development of cardiovascular endurance, flexibility, and muscular strength and endurance. Concepts of preventive medicine, nutrition, effects of drugs on physical performance. Individualized exercise program.

Physical Education 101. Weight Training

Fall, Spring. Credit, 1 hr. Basic skills of general weight training, weight training for specific sports, kinesiology, and the physiology of weight training.

Physical Education 106. Aerobic Movement and Dance Exercise

Fall, Spring. Credit, 1 hr. Combines cardiovascular exercise with fundamentals of rhythm and basic movement, basic physiological principles for the development of cardiovascular endurance, flexibility, and muscular strength and endurance. Concepts of preventive medicine and nutrition. Effects of drugs on physical performance may be included.

AQUATICS AREA

Physical Education 110. Beginning Swimming

Fall, Spring. Credit, 1 hr. Development of swimming skills for the non-swimmer through the American Red Cross Advanced Beginner skills. Drownproofing techniques that are effective even without the use of one or more limbs are stressed. Swimming skills test and instructor's judgment will determine enrollment in class.

Physical Education 111. Intermediate Swimming

Fall, Spring. Credit, 1 hr. Development of swimming skills for the poor or average swimmer to the level of American Red Cross Swimmer skills. Drownproofing techniques that are effective even without the use of one or more limbs stressed. Swimming skills test and instructor's judgment will determine enrollment in class.

Physical Education 112. Lifesaving

Spring. Credit, 1 hr. Prospective student must be a strong swimmer with well-developed strokes. When taking the skills test she/he must show ability to perform the strokes required by the American Red Cross. Skills test is given the first day of class in order to qualify for class.

Physical Education 113. Water Safety Instructor

On demand. Credit, 1 hr. Prerequisite: American Red Cross Advanced Lifesaving Certificate and consent of instructor. Course complies with standards required by American Red Cross. ARC Water Safety Instructor Certificate issued. This course may count toward either the aquatics or the lifetime activities area. It cannot be counted in both areas.

LIFETIME ACTIVITIES AREA

Physical Education 105. Cycling

Fall, Spring. Credit, 1 hr. Cycling technique, touring, safety factors, and cycle maintenance. Students must furnish bicycles.

Physical Education 113. Water Safety Instructor

(See aquatics area.)

48/COURSE DESCRIPTIONS

Physical Education 120. Skin and Scuba Diving

Fall, Spring. Credit, 1 hr. Techniques and requirements for scuba diving certification. Student must display proficient water skills to determine enrollment in class. Student must provide a physician's approval for taking scuba at the first class meeting. Each student enrolled will be charged an equipment fee payable on the first day of class. Certification in Scuba Diving (P.A.D.I.) is not a part of the Skin and Scuba Diving course at Oxford College. Certification is not computed in the final grade. Those seeking certification do so on their own and an extra fee (travel, equipment) will be charged. Thus, a student wishing to become certified does not do so as an Oxford College student. Such persons bear all the responsibilities and waive all claims against Oxford College.

Physical Education 121. Recreational Dance

Fall, Spring. Credit, 1 hr. A survey of selected folk, western square, big circle mountain, round, ballroom, and novelty dances related more to personal and recreational skill development than to dance performance.

Physical Education 122. Beginner/Advanced Beginner Tennis

Fall, Spring. Credit, 1 hr. History, rules, ground strokes, serve, volley, lob, singles and doubles strategy and play.

Physical Education 123. Intermediate/Advanced Tennis

Fall, Spring. Credit, 1 hr. Prerequisite: Physical Education 122 or consent of instructor. Review of basic strokes, advanced strokes, singles and doubles strategies and competition, tournament organization and officiating techniques, and contemporary competition.

Physical Education 124. Outdoor Recreational Skills

Spring. Credit, 1 hr. Skills for outdoor living, canoeing, orienteering, and wilderness survival. Students increase their sense of personal confidence in the outdoors with the mutual support of the group, and learn to view obstacles as opportunities for growth. Weekend overnight camping as a class is a requirement.

Physical Education 125. Badminton

Fall, Spring. Credit, 1 hr. Basic skills, rules, and strategy in singles, doubles, and mixed doubles. Tournament competition.

Physical Education 126. Beginning Golf

Fall, Spring. Credit, 1 hr. Development of basic golf swing, chipping, and putting. Basic rules necessary to play game. Student must furnish clubs.

Physical Education 129. Ballet/Modern Dance

Fall. Credit, 1 hr. Introduction to fundamental techniques of ballet and modern dance. There will be some individual experience in the basic elements of composition and improvisation.

Physical Education 131. Jazz/Modern Dance

Fall. Credit, 1 hr. Introduction to basic fundamental techniques of modern and jazz dance. There will be some experience in the basic elements of composition.

Physical Education 132. Beginning Modern Dance

Spring. Credit, 1 hr. Introduction to basic modern dance techniques, improvisation, and composition. Coordination and basic motor patterns are stressed through movement sequences.

OFF-CAMPUS COURSES

Physical Education 130N. Skiing

Credit, 1 hr. Beginning and intermediate snow skiing techniques. Includes class meetings in preparation for five days of skiing lessons with the French-Swiss Ski College in Boone, North Carolina. Counts toward uniform requirements (see page 22) under lifetime activities.

History and Social Sciences

Professor Penn; Associate Professors Davis, McQuaide, Shapiro and Wundram; Assistant Professors Lewis, Owen-Smith and Wallace.

The need for students to acquire knowledge of the enduring values of western civilization and of the concepts that underlie these values imbues the purposes of the History and Social Sciences Division. This perception presumes that responsible members of society can develop only from persons who understand their roots and whose convictions are the result of critical thought rather than simple acculturation. This is the foundation for the disciplines of the division, which also provide the academic basis for a variety of professional and vocational options.

In addition, the departments of the division cooperate to offer a sophomore honors program in the social sciences. Enrollment is by invitation only; registration is accomplished by utilizing the respective special topics numbers of the departments —385, with the suffix H (389 in sociology). Course content will vary annually.

ANTHROPOLOGY

Anthropology 101. Introduction to Anthropology

Fall. Credit, 4 hrs. Survey of the study of the human species: biocultural evolution, prehistory, language, and comparative social and cultural systems.

Anthropology 201. Foundations of Biological Anthropology and Archeology

On demand. Credit, 4 hrs. Evolution of the human species, fossil populations, human variation, and primate behavior. Techniques of archeological excavation and analysis, survey of the prehistoric evolution of cultures, contemporary issues in archeology. Weekly lab in biological anthropology and archeological methods.

Anthropology 202. Foundations of Cultural Anthropology and Linguistics

On demand. Credit, 4 hrs. Basic concepts and theories of cultural anthropology and linguistics. Comparative economic and political systems, social organization and the family, belief systems, and modes of communication. Diverse levels of sociocultural complexity from primitive tribes to the contemporary U.S.

Anthropology 250. North American Indians

Spring. Credit, 4 hrs. Prerequisite: Anthropology 101 or 202 or consent of instructor. North American Indians (native cultures of North America) covers all the major native American groups from the Isthmus of Panama to the Arctic Circle. The course will cover prehistoric to modern times: environmental adaptations, social customs, religion, art, and other aspects of American Indian cultures, including change resulting from contact with Europeans and the situation of native Americans today.

Anthropology 385R. Special Topics in Anthropology

On demand. Credit, 4 hrs. Prerequisites: Anthropology 101, and consent of instructor and the chair of History and Social Sciences Division. Seminar or lecture series in topics of special anthropological concern. May be repeated for credit when topic varies.

Anthropology 397R. Directed Study

On demand. Variable credit. Prerequisites: Anthropology 101 and consent of instructor. Independent reading and research under the direction of a faculty member. Students must submit a one-page written proposal of the work to be done for instructor approval.

50/COURSE DESCRIPTIONS

BUSINESS

Business 210. Financial Accounting

Fall. Credit, 4 hrs. Basic principles, procedures, and objectives of accounting systems. Emphasis is placed on the necessity of accounting and an appraisal of strengths and weaknesses of accounting data.

ECONOMICS

Economics 112. Principles of Macroeconomics

Fall, Spring. Credit, 4 hrs. Introduction to economic analysis and its use in explaining levels of national income, employment, and price levels.

Economics 121. Principles of Microeconomics

Fall, Spring. Credit, 4 hrs. Prerequisite: Economics 112. Use of economic analysis to explain resource allocation, output, and income distribution in a market economy. (Same course as Emory College's Economics 101.)

Economics 125. Economic History of the United States

Fall, Spring. Credit, 4 hrs. Study of the development of the American economy from 1607 to the present, from a historical perspective employing economic analysis.

Economics 201. Intermediate Microeconomics

Fall, Spring. Credit, 4 hrs. Prerequisites: Economics 112, 121, Math 110B or 111, or consent of instructor. Contemporary theory intermediate between beginning principles and work in theory at the graduate level, primarily treating economic theory as it relates to consumers, business enterprises, and factor markets.

Economics 212. Intermediate Macroeconomics

Fall, Spring. Credit, 4 hrs. Prerequisites: Economics 112, 121, Math 110B or 111, or consent of instructor. The economy as a whole; factors that determine overall employment levels, national income and output, economic fluctuation; macro-monetary theory; the general price level, the rate of economic growth, and international income relationships.

Economics 385R. Special Topics in Economics

On demand. Credit, 4 hrs. Prerequisites: minimum of one economics course; consent of instructor and chair of the History and Social Science Division. Course may be repeated for credit when topic varies. Seminar and/or advanced course in selected topics in economics.

HISTORY

History 101. History of Western Civilization I

Fall or Spring on demand. Credit, 4 hrs. Survey of political, economic, social, and cultural history of the West from the classical period through the Reformation. Emphasis on contributions of Greco-Roman civilization; barbarian invasions and disorder of the early Middle Ages; flowering and collapse of high medieval civilization; the Renaissance revival; and the religious crises of the Reformation.

History 102. History of Western Civilization II

Fall, Spring. Credit, 4 hrs. Survey of political, economic, social and cultural history of the West from the Age of Absolutism to the present. Emphasis on emergence of the nation-state; the Scientific Revolution and Enlightenment; French and Industrial Revolutions; development of romanticism, liberalism, nationalism and imperialism; the Russian Revolution; totalitarian ideologies and the world wars; development of the western democracies.

History 131. United States History to 1877

Fall. Credit, 4 hrs. Survey of the political, economic, social, intellectual, and international developments from the earliest European colonization through the era of the Civil War and Reconstruction.

History 132. United States History, 1877 to Present

Spring. Credit, 4 hrs. Survey of the political, economic, social, intellectual, and international developments of the American nation from the emergence of an American urban-industrial state in the nineteenth century until the present.

History 329. Race, Sex, and Class in Modern Europe

On demand. Credit, 4 hrs. Prerequisite: History 102 or consent of instructor. Women's, Jews', and blacks' contributions to modern European society and an examination of the controlling myths which marginalized their place in European society.

History 341. The Era of the American Revolution

On demand. Credit, 4 hrs. Prerequisite: History 131 or consent of instructor. Study of the American Revolution with an emphasis upon its causes and consequences, concentrating upon the period from 1763 to 1789.

History 348. The South in American History

Spring. Credit, 4 hrs. Development of the South and its significance in the history of the nation.

History 385R. Special Topics in History

On demand. Credit, 4 hrs. Prerequisites: minimum of one history course; consent of instructor and chair of the History and Social Sciences Division. Seminar and/or advanced course in selected topics of history. May be repeated for credit when topic varies.

POLITICAL SCIENCE

Political Science 101. Introduction to Political Science

Fall, Spring. Credit, 4 hrs. Approaches to the study of politics; concepts of political science; comparison of political systems; democratic and authoritarian systems of government. Strongly recommended as the introduction to all other political science courses.

Political Science 100. National Politics in the United States

Spring. Alternate years. Credit, 4 hrs. Prerequisite: Political Science 101. Origins, principles, structures, processes, and practices of American national government. Stresses different perspectives of democratic theory and practice, and the adequacy of governmental institutions.

Political Science 110. Introduction to International Politics

On demand. Credit, 4 hrs. Prerequisite: Political Science 101. Introduction to analytical concepts, the nature of the interstate system, the assumptions and ideas of diplomacy, the determinants of foreign policy.

Political Science 301. Classical Political Thought

Fall. Credit, 4 hrs. Prerequisite: Political Science 101 or consent of instructor. Beginnings of the western political heritage as shaped by the great political thinkers from Plato to Marsilius.

Political Science 302. Modern Political Thought

Spring. Credit, 4 hrs. Prerequisite: Political Science 101, 301, or consent of instructor. Political thought in the modern period, from Machiavelli through the nineteenth century.

Political Science 306. Human Nature in Politics from the Feminine Perspective

Spring. Alternate years. Credit, 4 hrs. Prerequisite: Political Science 101 or consent of instructor. A survey course in political philosophy, ancient to modern. Investigation of the theme of human nature from the perspective of the feminine.

Political Science 385R. Special Topics in Political Science

On demand. Credit, 4 hrs. Prerequisite: Political Science 101 and consent of instructor and chair of the History and Social Sciences Division. May be repeated for credit when topic varies. Seminar and/or advanced class in selected topics of political science. Primarily for students interested in politics.

Political Science 397R. Directed Study

On demand. Variable credit. Prerequisites: Political Science 101, two other political science courses, and consent of instructor. Independent reading and research under the direction of a faculty member.

52/COURSE DESCRIPTIONS

PSYCHOLOGY

Psychology 100. Introductory Psychology

Fall, Spring. Credit, 4 hrs. Survey of central issues, basic theories and research in psychology. Areas covered include: development, learning, biological bases of behavior, perception and sensory process, personality, emotion, motivation, abnormal, and social psychology.

Psychology 200. Laboratory in Experimental Methods

Spring. Credit, 4 hrs. Prerequisite: Psychology 100. Introduction to basic methods and design of psychological research. Laboratory exercises and fundamentals of scientific writing are emphasized.

Psychology 205. Human Development

Fall, Spring. Credit, 4 hrs. No Prerequisite. Principles applicable to growth and development across the life span. Emphasis upon cognitive and social development from conception through adulthood.

Psychology 207. Brain and Behavior

On demand. Credit, 4 hrs. Prerequisite: Psychology 100. The neurobiology of sex, hunger, thirst, arousal, sleep, and awakening and the influence of psychoactive drugs on animal and human behavior.

Psychology 211. Personality Theories

Fall. Credit, 4 hrs. Prerequisite: Psychology 100. Examination of the major personality theories as well as focus on the following topics: love and attraction, sex roles, aggression, stress, intelligence, altruism, and authoritarianism.

Psychology 212. Social Psychology

Same as Sociology 212.

Psychology 221. Human Sexuality

Fall, Spring. Credit, 4 hrs. Prerequisite: Psychology 100 or Psychology 205. Explorations of physiological and sociocultural aspects of sexuality, including sexual response, sexual desire, sexual development, sexual preference, reproduction, and sexual deviance and problems.

Psychology 385R. Special Topics in Psychology

On demand. Variable credit. Prerequisites: at least one 100-level psychology course and consent of instructor. Seminar in selected topics of psychology or directed individual course of study. May be repeated for credit when topic varies.

SOCIOLOGY

Sociology 101. Introduction to Sociology

Fall, Spring. Credit, 4 hrs. Introduction to the scientific study of human group behavior. Emphasis on definition of analytical concepts and tools for the exploration of significant data in social organizations, culture, institutions, and social change.

Sociology 112. Social Psychology

Spring. Credit, 4 hrs. Prerequisite: Sociology 101 or Psychology 100. The relation of the individual to the society; measurement, change and development of social attitudes; interpersonal relationships; group dynamics; social problems. Same as Psychology 212.

Sociology 215N. Social Problems

Off-campus course. Interim. On demand by a minimum of twelve students. Credit, 4 hrs. Prerequisite: Sociology 101 or consent of instructor. This seminar in social problems includes outside readings and discussions once a week for eight weeks during the fall semester. During January, ten days of intensive sessions are held in Atlanta, with observations in prisons, courts, hospitals, and other agencies dealing with social problems.

Sociology 230. Sociological Aspects of Health and Illness

Spring, on demand. Credit, 4 hrs. Prerequisite: Sociology 101 or consent of instructor. The sociological factors affecting health and the organization of health care. The medical care services and professionals as social institutions; social history of health; environmental sources of disease; mental health; effects of technology on health care.

Sociology 348. Old People in Society

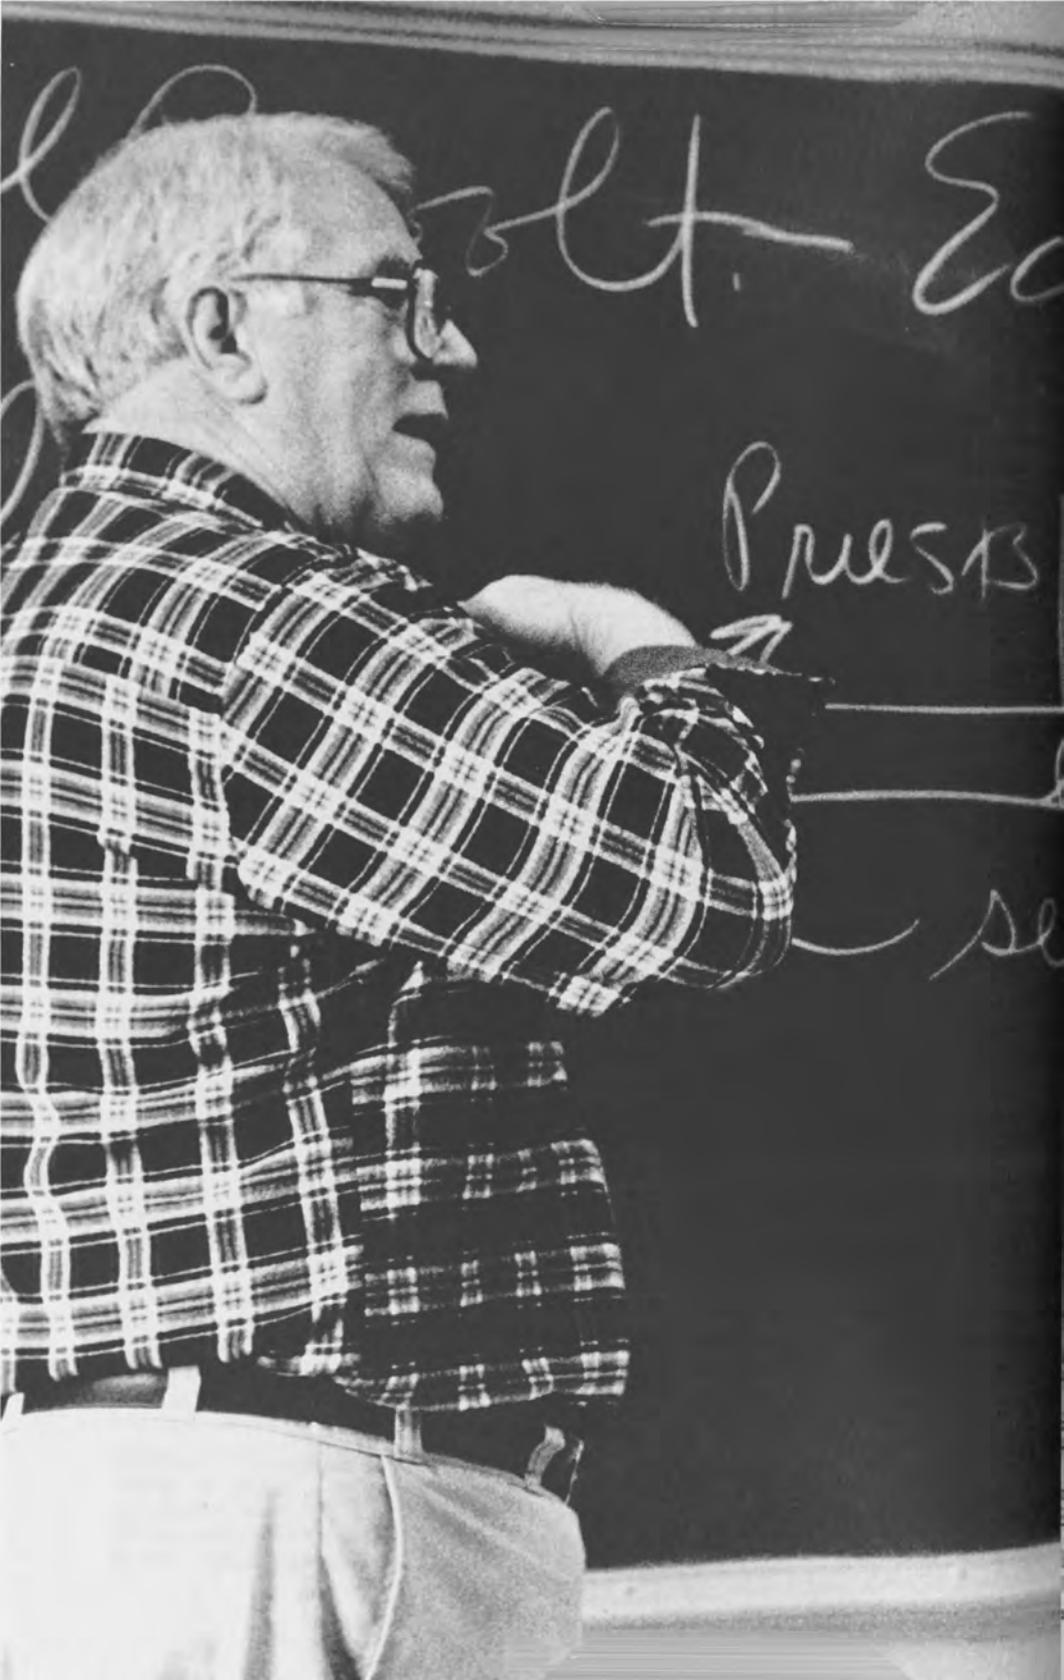

Fall. Credit, 4 hrs. Prerequisite: Sociology 101 or one 100-level psychology course. Study of the aged population and the aging process from psychological and sociological perspectives. Includes current gerontological theories, selected problems of old people, and applications of social psychological theories to adjustment of the aged.

Sociology 389R. Special Topics in Sociology

On demand. Credit, 4 hrs. Prerequisites: Sociology 101 and consent of instructor and chair of the History and Social Sciences Division. Seminar in selected topics of sociology. May be repeated for credit when topic varies.

Sociology 397R. Directed Study

On demand. Variable credit. Prerequisites: Sociology 101, two other sociology courses and consent of instructor. Independent reading and research under the direction of a faculty member.

Board of Counselors

The Board of Counselors for Oxford College of Emory University had original meeting on June 4, 1971. The purpose of this group of alumni and friends is "to receive information about the College and to consult with the dean and other officers. The board is asked to help interpret the program and objectives of Oxford College, to bring to the officers of the College the reflection of opinions which will help guide the College, and to share ideas concerning resources development for the College. The overall objective to improve and increase the service of Oxford College."

Faculty

Monica M. Ali

Associate Professor of Chemistry. A.B., Emmanuel College, 1963; M.S., Georgetown University, 1968; Ph.D., 1971.

Andrew L. Autry

Associate Professor of Chemistry. B.S., University of Georgia, 1956; M.S., 1958.

Evelyn C. Bailey

Associate Professor of Mathematics. B.A., Emory University, 1970; M.A.T., 1973; Ed.S., Georgia State University, 1975; Ph.D., 1978.

Robert Edward Bailey

Associate Professor of Mathematics. B.S., Georgia Southern College, 1970; M.Ed., Armstrong-Savannah State College, 1975; M.S., Georgia State University, 1980; Ph.D., 1982.

William E. Baird

Associate Professor of Physics. B.A., Emory University, 1969; M.S., Georgia Institute of Technology, 1972; Ph.D., 1975; M.S., 1983.

Lucas Carpenter

Associate Professor of English. B.S., College of Charleston, 1968; M.A., University of North Carolina at Chapel Hill, 1973; Ph.D., State University of New York at Stony Brook, 1982.

Jimmy Carter

University Distinguished Professor. B.S., United States Naval Academy, 1946; L.L.D., Emory University, 1979.

M. Eloise Brown Carter

Assistant Professor of Biology. A.B., Wesleyan College, 1972; M.S., Emory University, 1978; Ph.D., 1983.

Mary T. Cohen

Academic Coordinator and Instructor in Chemistry. A.B., Emory University, 1957; M.S., 1958.

Theodore E. Davis

Associate Professor of History. A.B., Centre College, 1952; M. Div., Princeton University, 1958; M.A., University of Virginia, 1964.

Penelope England

Associate Professor of Health and Physical Education. B.S.Ed., University of Georgia, 1966; M.S.Ed., 1969; Ph.D., Louisiana State University, 1983.

Joel C. Fowler

Assistant Professor of Mathematics. B.S./M.S., Emory University, 1980; Ph.D., California Institute of Technology, 1984.

Martha Judith Greer

Professor of Health and Physical Education. A.B., LaGrange College, 1957; M.Ed., Auburn University, 1961; Ed.D., University of Georgia, 1972.

Stephen W. Henderson

Assistant Professor of Geology. B.S., Indiana University, 1970; A.M., 1974; Ph.D., University of Georgia, 1984.

Clark W. Lemons

Associate Professor of English. B.A., Oklahoma City University, 1969; M.Div., Union Theological Seminary, 1972; M.A., Emory University, 1974; Ph.D., 1978.

Sharon A. Lewis

Assistant Professor of Psychology. B.A., St. Mary's College, 1976; M.S., University of Georgia, 1981; Ph.D., 1985.

Kent B. Linville

Professor of Philosophy. B.A., California State University/Northridge, 1967; Ph.D., University of California/Santa Barbara, 1972.

William P. McKibben

Associate Dean for Academic Affairs and Professor of Mathematics. B.S., Georgia Institute of Technology, 1961; M.S., 1963; Ph.D., 1973.

Michael M. McQuaie

Associate Professor of Social Science. B.A., Florida State University, 1973; M.A., Pennsylvania State University, 1976; Ph.D., 1979.

Matthew W. Morris

Associate Professor of Humanities. B.A., University of Georgia, 1966; M.A., 1972; Ph.D., 1977.

58/TRUSTEES, ADMINISTRATION, AND FACULTY

William H. Murdy

Dean and Professor of Biology. B.S., University of Massachusetts, 1956; Ph.D., Washington University, 1959.

Delia Nisbet

Instructor in German. M.A., Georgia State University, 1987.

Hoyt P. Oliver

Pierce Professor of Religion. B.A., Emory University, 1956; S.T.B., Boston University, 1962; Ph.D., Yale University, 1966.

Patricia L. Owen-Smith

Assistant Professor of Psychology. A.B., University of Georgia, 1969; M.Ed., 1970; Ph.D., Georgia State University, 1985.

Lloyd R. Parker, Jr.

Assistant Professor of Chemistry. B.A., Berry College, 1972; M.S., Emory University, 1974; Ph.D., University of Houston, 1978.

Neil S. Penn

Professor of History. A.B., West Virginia Wesleyan College, 1954; M.A., Duke University, 1958; Ph.D., Emory University, 1973.

Susan B. Riner

Instructor in Mathematics. B.A., Georgia State University, 1971; M.A.T., 1973.

Reza Saadein

Assistant Professor of Chemistry. B.S., University of Shiraz, 1976; M.S., 1978; Ph.D., Syracuse University, 1984.

Gretchen E. Schulz

Associate Professor of Humanities. B.A., Wellesley College, 1964; M.A., University of Wisconsin, 1965; Ph.D., 1975.

William Shapiro

Associate Professor of Social Science. B.A., Brooklyn College, 1968; M.A., Cornell University, 1973; Ph.D., 1978.

Richard T. Shappell

Professor of Health and Physical Education. B.S., West Chester State College, 1964; M.A., Ball State University, 1966; Ph.D., Florida State University, 1977.

Homer F. Sharp, Jr.

Professor of Biology. B.A., Emory University, 1959; M.S., University of Georgia, 1962; Ph.D., 1970.

Shirley A. Stave

Assistant Professor of English. B.A., Concordia College, 1974; Ph.D., University of Minnesota, 1986.

Suzanne M. Wallace

Assistant Professor of Economics. B.A., Eastern Washington University, 1982.

James M. Warburton

Associate Professor of Spanish. A.B., Middlebury College, 1962; M.A., 1967; Ph.D., Emory University, 1973.

Ina Jane Wundram

Associate Professor of Anthropology. B.A., Emory University, 1962; M.S., 1964; Ph.D., 1966; M.A., Portland State University, 1973.

Faculty Emeriti

Marshall R. Elizer

Professor of Mathematics. A.B., Mercer University, 1934; M.A., University of Georgia, 1940.

Neal Bond Fleming

Dean and Division Executive. B.A., Emory University, 1933; B.D., 1936; S.T.M., Boston University, 1937; Ph.D., 1941.

John W. Gregory

Professor of Humanities. A.B., Mercer University, 1938; M.A., University of Georgia, 1947; Ed.S., George Peabody College, 1955.

Joseph Edwin Guillebeau, Jr.

Professor of Humanities. A.B., University of North Carolina, 1947; M.A., State University of Iowa, 1959; Ph.D., 1951.

Curry T. Haynes

Professor of Biology. A.B., Howard College, 1924; M.A., Wake Forest University, 1930.

A. W. Jackson

Professor of Physics. B.S., Louisiana State University, 1925; M.S., 1938.

Dan C. Moore

Professor of Physics and Mathematics. B.A., Emory University, 1937; M.A., 1940.
